Proposal for Calendar Floral Plaque in Conservatory Dell in G.G.Park Referred to Gen.Mgr. for Study and Report on Development & Maintenance Costs of Plan.

(3) From John D. Sullivan, Public Service Director, Mayor's Office, offering for consideration the suggestion of Mr. Guy Paulazo, 262 Grand View Avenue, San Francisco, that a floral design be established and maintained in Golden Gate Park. The floral design would spell out "San Francisco" and show the month, date and year, and could be photographed by visitors and tourists as a memento of their stay in San Francisco.

Following general discussion by the Commission, by order of Chairman Parr, Mr. Paulazo's interesting proposal was referred to the General Manager for study and report to the Commission on the development and maintenance costs of the plan.

REPRESENTATIVES AND DELEGATES

The Honorable Pierluigi Alvera, Consul General of Italy, appeared before the Commission in the interest of his proposal that a monument, dedicated to Christopher Columbus, be placed in the panoramic circle on Telegraph Hill.

Consul Alvera referred to his earlier discussions with the Commission regarding his proposal, and further reported that he had discussed the idea with His Honor Mayor Christopher, who had endorsed the general plan. The Consul presented photographic exhibits of the style of sculpture on which the statue would be patterned, if the Italian sculptor Colbertaldo were commissioned for the task. He also presented a scale model created by local Italian artist, Ugo Graziotti, and explained in detail the elements and concept of the artist in depicting, in bronze, the spirit of Columbus.

Commissioner Herz, committee chairman in this matter, reported that in his study of the proposal, he found that it was warmly received by the general public. Commissioner Herz spoke favorably of the idea and recommended acceptance of the offer, subject to approval by the Art Commission.

On motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2468

Commission Appvs. Offer of Italian Consul General for Construction, Dedication & Installation of Bronze Statue of Christopher Columbus on Telegraph Hill

Resolution No. 2468

RESOLVED, that this Commission does hereby approve the proposal of the Consul General of Italy, that a monument to Christopher Columbus be dedicated and erected in the panoramic circle on Telegraph Hill; and, in giving its endorsement to the idea and expressing its appreciation of the Italian Consul's generous offers, does refer to the appropriate authority, the Art Commission, the decision of approval and selection of the sculpture.

(5) Barney Gould Granted Further Extension of Two Weeks to Comply with Commission Conditions re. $20,000 Bond -Showboat FT.SUTTER

Mr. Gould appeared before the Commission this day (November 8), being the expiration date of the 90-day extension of time which the Commission had granted Mr. Gould under Resolution No. 2353, in which to furnish $20,000 cash in escrow or a $20,000 surety bond as a guaranty for the removal of the riverboat Fort Sutter in event Mr. Gould did not complete performance of the Commission's conditions.

Mr. Gould reported that he did not have the required cash in escrow nor the required bond, but that he had a new and interested group of showboat associates who planned to purchase his boat and then will retain him as theater-producer. Mr. Gould introduced Mr. Kent Diehl as a spokesman for the group, and Mr. Diehl spoke at length of the group's ambitious plans to refurbish the Fort Sutter and place it in operation.

Chairman Parr handed each Commissioner a memorandum which he had prepared, which identified the individuals in the group and outlined in clear detail the plans and proposals. The main point of discussion dealt with the question of the ability of the new group to furnish the Commission with the same financial guaranty that Mr. Gould had so far been unable to obtain.

In the discussion, Commissioner Coffman clarified for all concerned the question of a liquor license for the Fort Sutter. He referred to the early agreements and understandings that liquor would be served in conjunction with the restaurant but it would not be, in sense, a bar operation; and further, that the matter of obtaining a liquor license would be up to the showboat operators without participation, sponsorship, or endorsement of the Commission.

Following several indirect replies to the Commissioners' questions as to the length of time the group would require to furnish the required financial guaranty, Mr. Diehl agreed that a two-week period should be sufficient and he requested an extension of time allowance.

Mr. George Baglin, Deputy City Attorney, informed the Commission that in the event of any further default by Mr. Gould, the matter would return to trial in the Superior Court.

With general agreement by the Commission, Mr. Gould and his associates, and on motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2482

Barney Gould & Showboat Associates Granted Further Time Allowance to Mon. 11/26/56

Resolution No. 2482

RESOLVED, that this Commission, in consideration of the information given to the Commission today by Mr. Barney Gould and Associates, does hereby grant Mr. Gould and Associates of California Showboats Inc. an extension of time to its meeting of November 26, 1956, to deliver to the Commission either $20,000 cash or a $20,000 corporate surety bond, said cash or bond to guarantee the removal from Aquatic Park of the riverboat "FORT SUTTER" in the event that Mr. Gould and Associates do not complete performance of the Commission's conditions referred to in Resolution No. 2353. In such event, said bond or cash in escrow shall be forfeited to the City and County of San Francisco in the amount necessary to reimburse the City and County of San Francisco for the cost of removal from Aquatic Park of the vessel "FORT SUTTER".

Commission Requests 9 New Permanent Positions to Staff New North Beach Swimming Pools.

Resolution No. 2486

RESOLVED, that this Commission, in order to properly staff and operate the new North Beach Swimming Pool, does hereby request the Civil Service Commission, the Mayor, and the Board of Supervisors to amend the 1956 Salary Ordinance to include the following permanent positions:

2	R114 Swimming Instructor	$350.00 per month
2	R110 Lifeguard	280.00 " "
4	R112 Matron	230.00 " "
1	C104 Janitor	280.00 " "

AND, BE IT FURTHER RESOLVED, that the Mayor, the Board of Supervisors, and the Controller be and they are hereby requested to approve a Supplemental Appropriation from the Recreation and Park Fund Compensation Reserve in the amount of $14,760.00 to meet the cost of salaries for the aforementioned permanent positions during the period commencing January 2, 1957, through June 30, 1957.

(4) Request for A Supplemental Appropriation of $550 for Insurance Premium (Department Money and Securities)

Mr. Funke reported that December 1, 1956 would be the expiration date of the insurance policy covering moneys and securities of the department's operations. This policy, covering a previous 3-year period, provided reimbursement to the extent of $18,000 for department losses sustained in connection with its operations. The premium for the 3-year period amounts to $550.00. The budget request for the current year was deleted by the Board of Supervisors.

Following discussion of the importance of retaining such insurance coverage, on motion of Commissioner Herz, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No. 2487

Resolution No. 2487

RESOLVED, that this Commission, recognizing the importance of insurance protection of departmental moneys and securities, does

(5) Reports of Committees

(a) Commissioner Herz reported that it had been brought to his attention that the Senior Citizens' Center at Aquatic Park had poor acoustics, and also that the members of the center desired an additional doorway, as previously requested of the Commission.

Following discussion, Chairman Parr referred the matters to Mr. Coffman's Committee.

(b) Commissioner Moore suggested, with the Commission's concurrence, that a delegate from the San Francisco Zoological Society be invited to attend Commission meetings.

(c) Commissioner Herz offered a recommendation to the effect that photographs of former members of the Commission be suitably framed and displayed in an appropriate part of the Commission's offices. The recommendation, in the form of a motion, was seconded by Commissioner Zimmerman, and approved.

(d) Commissioner Herz submitted as a report of the Committee on Freeways, his considered opinion that the only solution to the cross traffic of Golden Gate Park would be through the use of subways.

(e) The suggestion of Commissioner Zimmerman that the General Manager arrange a tour for Thursday, November 15, for Commission inspection of those properties in greatest disrepair, was approved.

COMMUNICATIONS

(1) From Dion R. Holm, City Attorney, recommending the settlement of an injury case of Cora McNeill vs. City and County of San Francisco, et al., Superior Court No. 431034.

The City Attorney recommends settlement in the sum of $1500.00 of the complaint which alleges injury due to a fall in the women's rest-room at Fleishhacker Playfield and stating damages in the sum of $67,303.08.

On motion of Commissioner Herz, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2488

Commission Appvs. & Authorizes City Attorney to Settle Litigated Claim of CORA McNeill v. City & Co. of S.F. for $1,500.00. (Orig. Claim was for $67,303.08)

Resolution No. 2488

WHEREAS, on August 31, 1952, Cora McNeill suffered a fracture of the left hip and sprain of the left foot as the result of a fall in the women's rest-room located at Fleishhacker Playfield, and the City Attorney has recommended that a litigated claim of $67,303.08 damages be settled for the sum of $1500.00; now, therefor, be it

RESOLVED, that this Commission does approve the recommendation of the City Attorney and hereby authorizes the compromise and settlement of the case of Cora McNeill vs. the City and County of San Francisco (Superior Court No. 431034), in the amount of $1500.00.

Commission Disapproves Cross-town Freeway thru Glen Park Canyon. Referred to Freeway Committee for Further Study

(5) From Edward P. Duckel, Director, Department of Public Works, forwarding a preliminary sketch of the proposed Cross-town Freeway, and showing the approximate areas of conflict between the Freeway and the Silver Tree Day Camp in Glen Park Canyon.

In an examination of the sketches, both Mr. Funke and Mr.Kimball demonstrated to the Commission that the route of the proposed freeway would directly interfere with the plans set for the development of the Silver Tree Day Camp in Glen Park Canyon, and

COMMUNICATIONS (cont'd)

expressed their opposition to the routing.

Commissioners were in unanimous support of the staff recommendation that the freeway route, as presently proposed, be strongly opposed.

On motion of Commissioner Zimmerman, seconded by Commissioner Gallagher, the Commission expressed its unanimous opposition to the proposed Cross-town Freeway because, as presently planned, it is routed directly through the Glen Park Canyon and would render useless the area now used for the Silver Tree Day Camp and would unalterably damage present plans for the further development of this most important recreation service.

The matter was referred to Commissioner Herz, chairman of the Freeway Committee, and to the General Manager and staff for investigation and further study with the Department of Public Works, to the end that a satisfactory re-routing of the freeway can be obtained.

UNFINISHED BUSINESS

(1) Commission Terminates Negotiations with Barney Gould

Mr. Barney Gould appeared before the Commission in connection with the second extension of time which the Commission had granted him at the previous meeting.

Mr. Gould spoke of the progress which his new group was making in the planning of his riverboat operation. He suggested a new contract procedure which, he claimed, would simplify his financial problem, and then introduced Mr. Kent Diehl as his group's spokesman.

Chairman Parr asked the direct question as to whether or not Mr. Gould or Mr. Diehl had a bond or cash in escrow to meet the deadline of this meeting, and both gentlemen admitted that they did not. Mr. Diehl asked for further time in which to prepare engineering plans. He mentioned difficulties in approaching possible investors under the riverboat's present condition.

UNFINISHED BUSINESS (continued)

Chairman Parr mentioned to Mr. Diehl that the Commission had been very patient over the years in endeavoring to help Mr. Gould obtain financial backing.

Mr. George Baglin, deputy City Attorney, stated that the Commission's terms were clearly stated to Mr. Gould in 1954; that Mr. Gould had accepted them; that numerous extensions had been granted even to the point of granting extensions on the lawsuit for the removal of the boat from Aquatic Park. His suggestion that Mr. Gould and Associates agree to a stipulated judgment that the City has the right to remove the boat, was objected to by Mr. Gould.

Mr. Funke, when asked for his recommendations, referred to the Commission's previous official actions, and noting that Mr.Gould has produced no guaranties but has offered hazy propositions instead, recommended that the matter return to the court for decision.

Chairman Parr reminded Mr. Gould that from the beginning the Commission had told him of the prerequisite conditions that must be met before the City would give him an operating contract. He said that the Commission had never asked to be a partner of Mr. Gould's proposition. Each Commissioner expressed his opinion and was in full agreement that no further extensions be granted.

Commissioner Coffman said he had examined the background of Mr. Gould's proposition from its beginning, and that he had never heard of or served with a more kindly or more patient Commission. He said that no progress had really been made since the 90-day extension which stopped the court action; that Mr. Gould has not produced a bond; that there is a court action pending, and it should be brought to a conclusion.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res.No.2499

Terminating Negotiations with Barney Gould & Associates & Instructing City Atty.to Prosecute to Judgment the Sup.Court Case No.444769, City & Co. of S.F. vs. Barney Gould and California Showboats, Inc.

Resolution No. 2499

WHEREAS, the two extensions of time granted under Resolutions Nos. 2353 and 2482 to Barney Gould and Associates of California Showboats, Inc., have expired without Mr. Gould or his Associates having met the requirement of furnishing either cash in escrow or suitable bond in the amount of $20,000 to guarantee removal from Aquatic Park of the riverboat "Fort Sutter" in the event that Mr. Gould and his Associates could not complete performance of the Commission's conditions referred to in Resolution No.2353, now, therefore, be it

RESOLVED, that this Commission does hereby terminate negotiations with Mr. Gould and Associates of California Showboats, Inc., and the City Attorney be and hereby is instructed to proceed with and vigorously prosecute to judgment that certain action now pending before the Superior Court in the matter of the City and County of San Francisco vs. Barney Gould and California Showboats, Inc. (Superior Court No. 444769).

* * *

In answer to Mr. Diehl's question on the possibility of further dealings with the Commission, Commissioners Herz and Coffman clearly explained that the resolution severed negotiations, and that following a court decision, proposals, if any, could be discussed as new business.

(2) Modification of Contract - Camp Mather Telephone Lines - Approved

Mr. Funke reported that the Pacific Telephone & Telegraph Company wishes to attach additional lines to the telephone and power poles at Camp Mather and that this desirable action would require a modification of the existing contract with the Telephone Company, as

UNFINISHED BUSINESS (cont'd)

well as a change and clarification of the rental charges.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2500

Commission Appvs. Modification of Existing Contract with PT&T Covering Operations at Camp Mather

Resolution No. 2500

RESOLVED, that this Commission does hereby approve a modification of that certain agreement dated August 12, 1956, between the Pacific Telephone and Telegraph Company and this Commission authorized under Resolution No. 2366; said modification of contract to provide for the attachment of additional telephone lines to the telephone and power poles at Camp Mather, and to provide further that the rental charges shall be scheduled on the number of wire attachments rather than on the number of poles used, so that the rental charge shall be stated at 25 cents per contact per pole per year, in lieu of the previous rental of 50 cents per year per pole; and, be it

FURTHER RESOLVED, that the General Manager and the Secretary be authorized to execute the above modification of agreement on behalf of this Commission.

NEW BUSINESS

(1) Mr. Funke reported to the Commission that the Capital Improvements Program report which, under charter requirements is submitted to the City Planning Department not later than November 30 of each year, had been prepared by the staff and was ready for submission.

Commissioner Gallagher suggested that inasmuch as the Capital Improvements Program outlined the propcsed construction projects for the coming 5-year period, it would be advisable for the Commissioners to review the report before its submission.

With the November 30 deadline only four days away, the Commission agreed to approve the report, subject to review by the Commission Committee chairmen, and on motion of Commissioner Herz, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No. 2501

Commission Appvs. Submission of Capital Impvts. Program to Dep't of City Planning in Order to Meet Deadline Date of 11/30/56.

Resolution No. 2501

RESOLVED, that this Commission does hereby approve the submission of the Capital Improvements Program to the Department of City Planning in order to meet the deadline date of November 30, 1956; provided, however, that the items comprising the Capital Improvements Program shall be subject to the review and approval of this Commission's individual committee chairmen and that any suggested deletions or additions shall be brought to the Commission's attention for decision.

Dep't City Planning to Hold Public Hearing on Master Plan at City Hall on Thurs., Nov. 29, '56

(2) Mr. Funke reported that the Department of City Planning has scheduled a public hearing on San Francisco's Master Plan for Recreation and Parks, to be held Thursday afternoon, November 29, at the City Hall. He explained that the Master Plan is based on the facilities as shown on a map known as Plate 3, prepared by the Department of City Planning, a copy of which was sent to each Commissioner.

Mr. Funke advised that no formal action was required in connection with the public hearing on the City Planning Department's Master Plan for Recreation and Parks. He said he would attend the meeting. Commissioner Herz and Commissioner Gallagher also expressed their intention to attend.

(5) Bay View Park Report

Joint Report on Bay View Park Given Each Comm'r for Review - Comm'r Gallagher's Committee to Make Recommendation Thereon

Mr. Funke reminded Commissioners that the Mayor had asked for a report concerning Bay View Park and the proposal which had been made to lower the hill to obtain fill material for the Hunters Point Reclamation District and the possible expansion of the park site for a stadium.

Mr. Funke submitted a written report which he had jointly prepared with Paul Oppermann, Director of Planning and covering the many favorable as well as adverse factors affecting the stadium proposal, as well as estimates of the value of the fill material.

Mr. Funke stated that the report set forth certain conclusions, but that a policy determination would require a decision of the Commissioners. He asked that the report be reviewed and that formal action be taken at the next meeting.

Commissioner Parr requested each Commissioner to review the report and referred it particularly to Commissioner Gallagher's committee for recommendation.

Judge Michelsen Granted Extension of Time Until Mar.1, 1957, in Which Barney Gould May Remove Showboat Ft. Sutter. If Not Removed, City May Destroy or Remove.

The Secretary reported that a judgment had been given on December 12 by Judge Twain Michelsen of the Superior Court, in the case of the City and County of San Francisco vs. Barney Gould and California Showboats, Inc. The order, No. 444769, declared and decreed that the defendant had no right to leave the riverboat in the Aquatic Park Lagoon, that it constitutes a public nuisance and continuing trespass. It ordered the removal of the boat forthwith, allowing until March 1, 1957 for such removal, and after that date, the Plaintiff shall be entitled forthwith to cause its removal by burning, destroying, razing, or dismantling, or other satisfactory means.

(1) Approval: Preliminary Plans for Construction of Corporation Yard

The Commission next considered the Preliminary Plans for the Construction of the Corporation Yard at Golden Gate Park, as submitted by H. C. Baumann, Architect. This project will enlarge and rehabilitate the existing Corporation Yard.

Commissioner Gallagher had previously reviewed the plans, and Mr. Harman used the preliminary sketches to demonstrate the proposed use of 30,330 square feet for repair shops, cement, plaster, carpenter and paint shops, storerooms, offices and car shelters, The total estimated cost of the work is $181,800, and the specifications will be so drawn that alternate bids will be called for to permit adjustments in the amount of construction to be undertaken, should the low bid exceed funds available.

On motion of Commissioner Parr, seconded by Commissioner Moore, the following resolution was adopted:

Res.No.2515

Resolution No. 2515

Commission Appvs. Prelim.Plans & Specs. & Construction Cost Estimates for IMPVTS. to Corporation Yd., G.G.Park

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the Preliminary Plans and Specifications and construction cost estimates of $181,800.00 for the Enlargement and Rehabilitation of the existing Corporation Yard in Golden Gate Park, as prepared by H. C. Baumann, Architect.

COMMUNICATIONS

President Sutter directed that the following communications from His Honor Mayor George Christopher, the San Francisco Library Commission, and the Public Utilities Commission be read and entered in the minutes as a matter of record:

(1) "OFFICE OF THE MAYOR — GEORGE CHRISTOPHER
San Francisco

December 20, 1956

"Public Library Commission
Public Utilities Commission
Recreation and Park Commission
San Francisco, California

"Honorable Members:

"This is a joint report to the honorable members of your respective commissions in connection with several matters that have been pending before me, affecting your jurisdiction.

"The Crocker Amazon Playground Area

"I have visited this area and have endeavored to determine a course of action that will best suit the needs of San Francisco, not only at this moment, but in the foreseeable future.

"The contention of the Public Utilities Commission that this land should be sold in view of the fact that it is adjacent to the large McLaren Park area has, of course, been given very serious consideration. However, I am also mindful of the fact that there is a large investment in the Crocker Amazon section which today would cost upwards of a million dollars to replace if we were to construct other baseball diamonds. We have only seven baseball diamonds in San Francisco, which in my opinion are hardly adequate to foster a continued interest in hard baseball.

"It is also my thought that if San Francisco is to continue to aspire to the acquisition of a major league franchise in the future, San Francisco should be in a position to submit more than one location within the boundaries of the City and County. Otherwise, it is quite possible that the major league team might go beyond the county line in establishing a stadium.

"For these reasons, I respectfully suggest that the Public Utilities Commission permit the Recreation and Park Commission to re-establish the Crocker Amazon Playground area as a recreational facility with the reconstruction of eleven baseball diamonds,

COMMUNICATIONS (cont'd)

(1) Mayor Christopher's Letter of Dec.20,1956 (cont'd)

"as originally planned.

"The Recreation and Park Commission will acknowledge by policy resolution that if and when a major league franchise is sought in San Francisco, this area will be made available if it is so requested.

"I believe that the above policy will be to the best interest of San Francisco and I respectfully suggest that this matter be thus concluded under the above terms.

"North Beach Library Site

"On November 21, I appointed a representative citizen's committee for the purpose of reconciling such differences as may exist and to endeavor to secure concerted support for one location in North Beach to construct the long delayed library. The committee very expeditiously submitted a report to me which confines the location to three possible sites:

"1. The triangular parcel of property located between Lombard Street, Columbus Avenue and Bea Street with the proposed closing of Bason Street between Columbus Avenue and Lombard Street.

"2. The North Beach Playground in an area designated on a map of the Library Commission drawings known as Job 928, dated July 11, 1956.

"3. Warehouse and flats, 725 Greenwich Street.

"This committee emphatically rejected any consideration of the establishment of the library facility in Washington Square Park.

"In appointing this committee, I stated that it was my responsibility as Mayor, and indeed obligatory under the charter, to act as coordinator of all efforts that jointly affect any two commissions where differences of opinion may exist and to reconcile these differences. It is in that capacity that I am acting.

"With reference to suggestion No. 1 above, it is my opinion that we should not close any street in this area as the flow of traffic would be impeded. Further, the acquisition of this piece of property, in view of the wide difference between the asking price and the appraisal, would necessitate protracted litigation. This should be avoided in view of the fact that the North Beach Library has been unduly delayed for many years.

"With reference to suggestion No. 3 above, this too, is a privately owned piece of property that would require negotiation or unquestionably some litigation in eminent domain proceedings.

"Therefore, it is my considered judgment that the Recreation and Park Commission should immediately make available to the Library Commission that portion of the North Beach Playground as submitted in the map hereinabove referred to. The Recreation and Park Commission can thereupon expend its playfield facilities in another section of the playground, and without prolonging the matter any further, the Library Commission can begin construction of this long delayed facility. I have gone into this matter thoroughly and feel that this small section carved out of the North Beach Playground will not in any way mar the recreational facilities, but will indeed bring on a piece of city owned property another much needed cultural facility which has been planned for so many years.

"I respectfully ask that all departments mentioned above immediately take proper action to conclude these two matters that have been pending for some time. I realize that no action can satisfy everyone at all times. In fact, I point out that it is because of these differences of opinion there has been such protracted deliberation of these matters without their realization.

(2) "SAN FRANCISCO PUBLIC LIBRARY
"CIVIC CENTER, SAN FRANCISCO 2 OFFICE OF CITY LIBRARIAN

December 20, 1956

"Honorable Recroation and Park Commission
McLaren Lodge
Golden Gate Park
San Francisco, California

"Gentlemen:

"The Library Commission, at a special session held on Friday, December 21, 1956, considered the recommendation of His Honor, Mayor George Christopher, relative to a site for the North Beach Branch Library which was the result of the recommendations submitted to him by resident of the North Beach District.

"In pursuance to his recommendation, the Library Commission has rescinded its former action instituting condemnations procoedings against the Post Office Building at 1640 Stockton Street and has passed the following resolutions:

Resolution #20

'RESOLVED, That the Library Commission hereby rescinds the following Resolution passed at its meeting of August 7, 1956:

'RESOLVED That the Director of Property be advised of the Library Commission's interest in that real property located at 1640 Stockton Street, which has been evaluated at $47,500. by him, and which is presently occupied by a branch of the United States Post Office, as a site for the proposed North Beach Branch Library; and be it

'FURTHER RESOLVED That the Director of Property be requested to commence negotiations for said parcel and prepare the necessary resolution authorizing proceedings in eminent domain to acquire the same. (Unanimously approved), and be it

'FURTHER RESOLVED That the Honorable Board of Supervisors be advised of this course of action.'

Resolution #21

'RESOLVED, That in conformity with His Honor Mayor Christopher's letter of December 20, 1956, the Honorable Recreation-Park Commission is hereby requested to make available approximately 5,000 square feet at the West end of the North Beach Playground for the purpose of erecting a branch library.'

"We indeed appreciate the consideration of the Recreation and Park Department to this resolution and trust that it will meet

December 26, 1956

"Subject: Water Department

"Recreation and Park Commission
McLaren Lodge
Golden Gate Park
San Francisco, California

"Gentlemen:

"At its meeting of December 24, 1956, the Public Utilities Commission considered Mayor Christopher's suggestion that the Public Utilities Commission permit the Recreation and Park Commission to re-establish the Crocker-Amazon Tract as a recreational facility with the reconstruction of eleven baseball diamonds, the Recreation and Park Commission to acknowledge by policy resolution that if and when a major league franchise is sought in San Francisco, this area will be made available, if it is requested.

"The Commission unanimously approved of the Mayor's suggestion and directed the Manager of Utilities to prepare the necessary documents to effect the desires of the Mayor. At a very early meeting a resolution granting the Park and Recreation Commission the right to occupy, use and improve this tract will be submitted for Public Utilities Commission approval.

The Secretary then read a written statement received from absent Commissioner, Fred D. Parr, in which he reviewed the studies that had been made by special committees of the North Beach Library situation, noting that the Commission staff and the Recreation Committee of the 1956 Grand Jury had recommended earlier that no portion of the playground should be given up for library purposes. As the Mayor's committee of North Beach residents had recommended the playground as a possible site and the Mayor recommends its selection, Commissioner Parr did not feel that the discussion should be prolonged; that as the Mayor as the elected leader of the community, has accepted the responsibility for selection of the library site, there is no other course for the Commission to follow than approval of the Mayor's request.

COMMUNICATIONS (cont'd)

Commissioners then heard from two organization representatives. Mr. H. K. Wong, Chinese Chamber of Commerce, and Mr. H.K.Moffett of the Northern California Tennis Association, appeared to protest the action on the grounds that the library building would eliminate one of three tennis courts at the playground.

Commissioner Coffman expressed the opinion that he believed the Commissioners did not wish to prolong the difficulty and that the Mayor is taking the responsibility for the action, and the Commission's only course under the circumstances is to comply with the Mayor's request.

Following a study of the Library Commission's blueprints, on motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2521

Granting Permission to The Public Library Commission to Occupy a Portion of North Beach Playground for Branch Library Purposes

Resolution No. 2521

WHEREAS, it is a matter of record that this Commission after serious deliberation and study, has refused the Library Commission's past requests to use part of the North Beach Playground for location of a branch library and has held such occupancy to be in direct conflict with and detrimental to the recreational purpose of the property, and

WHEREAS, His Honor Mayor George Christopher, following an intensive study and investigation of the several possible locations for the construction of the long-delayed branch public library in North Beach, has expressed his considered judgment that the Recreation and Park Commission should immediately make available to the Library Commission a portion of the North Beach Playground for the erection and maintenance of a branch library, and has urged this Commission to take immediately the proper action and grant the necessary permission to the Library Commission, and

WHEREAS this Commission, based on sound recreation principles, unanimously agrees that it would prefer to retain all of the North Beach Playground for its originally intended recreation use, but fully recognizes and respects the Mayor's responsibility to coordinate the efforts of his Commissions in best serving the public; now, therefore, be it

RESOLVED, unanimously, that this Commission shall fully comply with the request received from His Honor the Mayor and does hereby make available to the Library Commission for the purpose of erecting and maintaining a branch public library, that part of the North Beach Playground more particularly described and referred to on the Library Commission map as Scheme #1, Job 928, dated July 11, 1956, consisting of an area 45 feet by 100 feet, or a total of 4500 square feet in the western section of the playground and bounded by Mason Street and Columbus Avenue; and, be it

FURTHER RESOLVED, that in accordance with Section 42 of the Charter, the Board of Supervisors be and are hereby requested to approve by ordinance the permit to the Library Commission for the use of said part of North Beach Playground for public library purposes.

* * *

In connection with the Mayor's suggestion that the Crocker-Amazon Tract be reestablished as a recreation facility, Commissioner Herz stated that it should be considered independently of the North Beach situation, as they were two separate and distinct matters.

Mr. Coffman was of the opinion that the return of Crocker-Amazon to public recreation use would be an expedient action and that it would undoubtedly provide excellent service for some time in the future, mentioning particularly that the restoration of the area would be the responsibility of the San Francisco Housing Authority.

COMMUNICATIONS (cont'd)

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following two resolutions were adopted:

Res. No.2522

Establishing as Commission Policy That in the Event a Major Baseball Franchise is Sought in S.F., the Crocker-Amazon Tract Will at Such Time Be Made Available If It Is So Requested.

Resolution No. 2522

WHEREAS, at its meeting of December 24, 1956, the Public Utilities Commission unanimously approved Mayor Christopher's suggestion that, subject to certain conditions, the Public Utilities Commission permit the Recreation and Park Commission to reestablish the Crocker-Amazon Tract as a public recreational facility; now, therefore, be it

RESOLVED, that this Commission does hereby gratefully accept the offer of the Mayor and the Public Utilities Commission to return the Crocker-Amazon Tract to public recreation use; and, be it

FURTHER RESOLVED, that in reestablishing the Crocker-Amazon Tract as a public recreation facility, it is understood and agreed and shall be the policy of this Commission that in the event a major league baseball franchise is sought in San Francisco, the Crocker-Amazon Tract will at such time be made available if it is so requested.

Res. No.2522A

Resolving That the R.& P.Commission Joins With The Pub.Utilities Commission in Effecting Speedy Eviction of the Housing Project from the Crocker-Amazon Tract.

Resolution No. 2522A

WHEREAS, Mayor Christopher and the Public Utilities Commission have approved the request that the Crocker-Amazon Tract be made available and returned to this Commission for reestablishment as a public recreation facility; now, therefore, be it

RESOLVED, that this Commission urges the Public Utilities Commission to take the immediate and necessary steps to terminate the San Francisco Housing Authority's occupancy of the Crocker-Amazon Tract, and to require the San Francisco Housing Authority upon vacating the premises, to restore and rehabilitate the entire Crocker-Amazon Area to its original condition as a recreation facility, all in accordance with the terms of the original agreement with the Federal Government when upon moving into the Crocker-Amazon Tract in May 1946, the San Francisco Housing Authority assumed all liabilities and responsibilities for the complete rehabilitation of the area; and, be it

FURTHER RESOLVED, that this Commission offers to join with the Public Utilities Commission and give earnest and active support in any action seeking the removal of the San Francisco Housing Authority from the Crocker-Amazon Area, and the fulfillment of the San Francisco Housing Authority's obligations to restore the area.

REPRESENTATIVES AND DELEGATES

Mr. David Nelson, Assistant to the President, San Francisco Maritime Museum Association, appeared to request the Commission's approval of a plan to close portions of Jefferson Street west of Hyde Street, and portions of Larkin Street in Aquatic Park, so that the Museum Association will be able to commence the development of the transportation center exhibit.

Mr. Nelson explained that while city maps show the affected portions of Larkin Street and Jefferson Street as dedicated streets, they have never been developed and are merely portions of a large empty lot east of the Aquatic Park Building.

Commissioner Coffman observed that as a matter of policy, the Commission has given full support of the Museum's plan to develop the eastern section of Aquatic Park as an outstanding exhibit of the history of western transportation, and that the closing of the streets is necessary for the full development of the area.

Mr. Funke explained that approval of the Director of Public Works and the Board of Supervisors would also be required.

On motion of Commissioner Coffman, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2523

Commission Appvs. Vacation of Portions of Larkin & Jefferson Streets as Proposed by S.F. Maritime Museum Assoc. & Requests Dir. Pub. Works to Submit Proper Legislation to Bd. of Supvs. for its Final Approval

Resolution No. 2523

RESOLVED, that this Commission, having reviewed the vacation of portions of Jefferson Street and Larkin Street in Aquatic Park as proposed by the San Francisco Maritime Museum Association, does hereby find and declare that it has no objection to said vacation as described in Maritime Museum map dated December 21, 1956; and, be it

FURTHER RESOLVED, that in approving said vacating of portions of Jefferson and Larkin Streets, this Commission will request the Director of Public Works to review the proposal, and provided it meets with his approval, submit the proper legislation to the Board of Supervisors for its final approval.

(2) 1957-1958 Budget Approved by Commission

Mr. Funke submitted the proposed Budget for operation of the department during the fiscal year 1957-1958. The items contained therein were those which had been discussed and approved in several conferences between members of the staff and the Commission held during the past two months.

Patterned after a procedure which has been used by the Department of Public Works for a number of years, the budget included all items considered necessary to bring the physical properties up to acceptable standards and each item was given a priority rating based on urgency. The Budget Request showed an increase of 53 additional permanent salaried employees and 10 additional wage employees, these positions being required to staff and support several new recreation units being placed in operation during the coming year. Totaling $7,608,310.00, the 1957-58 Budget Request amounted to a $1,571,517 increase over the current 1956-57 Budget.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2529

Commission Appvs. Department's 1957-58 Budget Request for $7,608,310.00

Resolution No. 2529

RESOLVED, that this Commission, having reviewed and studied the report of the General Manager, does hereby approve for submission to the Controller, the Mayor, and the Board of Supervisors, the Recreation and Park Department's 1957-1958 Budget Request in the total sum of $7,608,310.00.

(3) Request for Use of Palace of Fine Arts

Commissioner Herz, committee chairman for the Palace of Fine Arts, reported on the San Francisco Opera Association's request

UNFINISHED BUSINESS (cont'd

(3) Request for Use of Palace of Fine Arts (cont'd)

Commission Defers Any Action or Position on Requests for Use of Palace of Fine Arts Until Such Time as It Receives Report Requested of Director of Planning by Mayor Christopher.

for the use of the Palace of Fine Arts for rehearsals and storage. Dr. Herz told of his personal visit and inspection of the property with Mr. Kurt Herbert Adler, Messrs. Funke, Harman and Merchant.

While at the site, all parties generally agreed that any permanent use of the property would require extensive reconstruction at great expense.

According to Mr. Adler, the Opera Association could not make any definite offer of a rental payment, but he would report the situation to his Board of Directors.

At the suggestion of Commissioner Coffman, the Commission deferred any action or position on the matter until the Director of City Planning, Mr. Oppermann, has submitted the report which Mayor Christopher has requested on the Palace of Fine Arts and other possible State Park projects.

(4) Cross-town Trafficways

Further Discussions by Dr.Herz's Committee, Gen. Mgr. & Staff re. Cross-town Traffic Thru G.G.Park Toward Requesting Traffic Div.,Bu. of Engineering Conduct Study of Situation.

Commissioner Herz, committee chairman on freeways, commented on the undesirable heavy flow of business traffic through the park and the flagrant disregard of the 25 m.p.h. speed limit. He asked that the Commission consider making a cross-town traffic study of Golden Gate Park and determine if it does not justify the conclusion that subways across the park will be required in the future in the vicinity of Thirty-sixth Avenue and Nineteenth Avenue.

It was agreed that Commissioner Herz's committee would have further discussions with the General Manager and staff with the view toward having the Traffic Division of the Bureau of Engineering conduct a cross-town study of Golden Gate Park.

REPRESENTATIVES AND DELEGATES

1 - Interior Green Belt - Clarendon Heights-Sutro Forest Land Pchse.

Mr. J. R. McCarthy, Assistant City Planner, appeared before the Commission to give a detailed description of the plans as developed thus far for the proposed Interior Green Belt.

The plan envisions the use of a chain of wooded and park-like properties extending through Sutro Forest, the Twin Peaks area, and Glen Park Canyon.

Mr. Funke reported that about three years ago the Commission had previously approved a request for funds to purchase the initial

REPRESENTATIVES AND DELEGATES (cont'd)

land parcel in Sutro Forest, the request for the funds had not been approved by the Finance Committee but was again before them, and increased market values had brought the acquisition cost to approximately $40,000.

The Commissioners asked numerous questions regarding its possible obligations to acquire the additional lands and to operate and maintain them in the future. Commissioner Parr stated that he considered it most important that the Commission conserve any land that may be needed for park purposes, and in a detailed review of the area, he suggested that the presently planned approaches and entrances to the Interior Green Belt could be improved, if widened.

The Commission considered the idea of referring the entire proposal to committee for study and calling a special meeting, but after further examination, expressed accord in the plan to acquire at least the initial parcel and to increase the amount of the original request, to provide sufficient funds.

On motion of Commissioner Herz, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2532

Commission Requests Increase in Supplemental Appropriat'n Request of Res.1511 (Mtg.4-22-54) from $27,500.00, to $40,000.00, for Pchse.of Land for Interior Green Belt

Resolution No. 2532

WHEREAS, on April 22, 1954, the Recreation and Park Commission had before it the recommendation of the Department of City Planning that a parcel of land consisting of 3.65 acres in the Clarendon Heights-Sutro Forest area be acquired for park and Interior Green Belt purposes, and the Commission having investigated the property and found its acquisition desirable for such public use, did on that date by Resolution No. 1511 request the Mayor, the Board of Supervisors and the Controller to approve a Supplemental Appropriation in the amount of $27,500 for the acquisition of said property; and

WHEREAS, the improvements and developments of the adjacent properties during the past three years has increased the market value of the 3.65 acres which this Commission wishes to acquire now, therefore, be it

RESOLVED, that this Commission does hereby amend its original request for the Supplemental Appropriation under Resolution No. 1511, increasing the amount of $27,500 to $40,000, to provide sufficient funds for the purchase of said 3.65 acres; and the Mayor, the Board of Supervisors and the Controller be and are hereby requested to approve the amended Supplemental Appropriation request in the amount of $40,000 from the Unappropriated Balance in the Real Property Account (Appropriation 4990) to Appropriation 312.600.09 (Land, Clarendon Heights-Sutro Forest Area), for the purchase of said parcel for park and Interior Green Belt purposes.

2 - Protest Against Further Expansion of Maritime Museum in Aquatic Park

Mrs. A. G. Boggs' Protest Against Further Expansion of Maritime Museum Answered

Mrs. Angus Gordon Boggs appeared before the Commission to voice her protests against the Maritime Museum's plans for the development of the eastern portion of Aquatic Park.

Commissioner Parr then refuted Mrs.Boggs' contention that the dramatic historic outdoor exhibit would in any way deprive the public of the use of the property. Mrs. Boggs was informed that the Director of City Planning was preparing a report on

UNFINISHED BUSINESS

1 - Commission Gives Preliminary Approval to Crosstown Freeway Plans As Modified by Traffic Engineers

Mr. Harman, Supervising Engineer, presented a preliminary drawing of the proposed Crosstown Freeway in the vicinity of the Glen Park Canyon.

Mr. Funke reported that as directed by the Commission, he had met with the Traffic Engineers and had reached a tentative agreement on the re-routing of the freeway so that it would not interfere with the Glen Park Playground and the Day Camp. Mr. Harman indicated to the Commission the changes and realignment which corrected some of the encroachment on park land.

On motion of Commissioner Parr, seconded by Commissioner Moore, the following resolution was adopted:

UNFINISHED BUSINESS (cont'd)

Res. No.2539

Commission Appvs. Prelim.Drawings for Re-routing of Crosstown Freeway Near O'Shaughnessy Blvd. and Glen Park Playground and Day Camp.

Resolution No. 2539

WHEREAS, this Commission at its meeting of November 26, 1956, expressed its opposition to plans of the Traffic Engineers for the routing of the Crosstown Freeway through recreation areas in Glen Park Canyon, refusing to approve such plans, and referred the matter to committee for investigation and negotiation; and

WHEREAS, a new proposal has been prepared and submitted by the Traffic Engineers which re-routes the freeway in the vicinity of Glen Park Canyon in a manner which materially reduces the encroachment on Glen Park Playground and the Day Camp property to the degree that the General Manager recommends approval; now, therefore, be it

RESOLVED, that this Commission does hereby approve the Preliminary Plans for the Crosstown Freeway in the vicinity of O'Shaughnessy Boulevard and Glen Park Canyon as modified by the Traffic Engineers and submitted in sketches presented this date and filed with the department Engineer.

2 - Failure of Zoo Exchange Negotiations (2 Elephant Howdahs for 2 Orangoutangs) With Louis Goebel of Thousand Oaks, California

Mr. Funke reported, with regret, that the negotiations which the Commission had approved for the exchange of two (2)elephant howdahs for 2 orangoutangs had collapsed, because Mr. Goebel, animal trader, had withdrawn his offer after inspecting the howdahs.

On motion of Commissioner Moore, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2540

Commission Rescinds Its Action Under Res. 2520 Which Authorized Exchange with Mr.Louis Goebel

Resolution No. 2540

RESOLVED, that this Commission, due to failure of negotiations, does hereby rescind its authorization under earlier Resolution No. 2520, and orders that the elephant howdahs be retained on City inventory until otherwise directed.

Commissioner Gallagher submitted his report and recommendations on Mayor Christopher's request for a study of the suggestion by Mr. J. C. Jensen that Fort Winfield Scott be preserved as a national monument or state park.

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2542

Commission Concurs With Proposal That Old Ft.Scott Be Preserved as National or State Monument

Resolution No. 2542

RESOLVED, that this Commission does hereby record its full concurrence in the proposal that the old fort at the south headland of the Golden Gate, located in Fort Winfield Scott, be preserved as a national monument or as an historic state park; and, be it

FURTHER RESOLVED, that the City Planning Commission be requested to further develop the recommendations set forth in its report of April 1954 at page 40, wherein the Department of City Planning suggests that "Old Fort Point under the Golden Gate Bridge could appropriately become an historical museum," and the City Planning Commission is further requested to determine whether the preservation of the old fort is in conformity with the Master Plan, and to establish the priority of this proposal in relation to other park projects so that the Board of Supervisors and the Mayor may take official action in making recommendations to the State and Federal Governments.

(5) From Dion R. Holm, City Attorney, transmitting his requested Opinion No. 1136, concerning the use of the Helene Strybing Trust in connection with the improvement of the Strybing Arboretum collection.

Commissioner Moore having reviewed in committee the proposal that the Arboretum curator or some other qualified expert be sent to European botanical centers to gain information and procure plant varities to improve the Arboretum, reported that the proposal had merit. She concurred in the City Attorney's suggestion that the Probate Court be petitioned to rule on the legality and propriety of using Strybing funds for the purpose.

Miss Elizabeth McClintock, President of the Strybing Arboretum Society, addressed the Commission, supporting the proposal and outlining Mr. Walther's qualifications and the benefits which the Arboretum would derive from his special abilities if he were to visit European and continental botanical gardens.

Commissioners discussed the questions raised by Commissioners Coffman and Gallagher as to what assurance the Commission could have of receiving continued benefits for the Arboretum through such a projected trip. All agreed that the Court should be asked for a ruling on the use of Strybing funds.

On motion of Commissioner Herz, seconded by Commissioner Coffman,

UNFINISHED BUSINESS

(1) Commission Gratefully Accepts Grant of Permission from Public Utilities Commission to Use and Occupy the Crocker-Amazon Tract

The Secretary referred to the Commission's postponed consideration at the last meeting of the Public Utilities Commission's permit providing for the recreational use of the Crocker-Amazon Tract.

Commissioners having received a memorandum prepared by the Secretary and having studied the conditions of the permit to their satisfaction, on motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2554

Commission Accepts and Agrees to Abide by Terms Set Forth in Res.16919 of PUB.UTIL.COMMISSION for Use of Crocker Amazon Tract for Recreational Purposes.

Resolution No. 2554

RESOLVED, that this Commission, in accordance with its earlier actions under Resolutions Nos. 2522 and 2522-A, does hereby gratefully accept the Grant of Permission by the Public Utilities Commission to use and occupy the Crocker-Amazon Tract for recreational purposes; and does hereby agree to accept and abide by the terms and conditions of the permit, as set forth in the following Public Utilities Commission Resolution No. 16919:

Public Utilities Commission
Resolution No. 16919

"WHEREAS, this Commission had under its jurisdiction that certain parcel of property, in area, approximately 50 acres,

"WHEREAS, for a number of years, under permits issued by this Commission, this tract has been utilized by the Recreation and Park Commission as a playground area; and

"WHEREAS, said tract is surplus to the needs of the Public Utilities Commission; and

"WHEREAS, it has been suggested that the tract be sold in view of the fact that it is adjacent to the large McLaren Park Area; and

"WHEREAS, his Honor Mayor George Christopher has visited the area and given much thought to determine a course of action that will best suit the needs of San Francisco, not only at the present time, but in the foreseeable future; and

"WHEREAS, this Commission desires to co-operate with the Mayor in the development of the property for the enjoyment and recreation of all of the people of San Francisco:

"THEREFORE, BE IT RESOLVED, That this Commission hereby confers upon the Recreation and Park Commission, the right to occupy, use and improve for recreational purposes, all of the said tract, subject to the following conditions:

"That the Recreation and Park Commission shall not in whole or in any part, sell, or trade, or assign, or lease said tract, except that the Recreation and Park Commission shall have the right to grant concessions in the manner and for the purposes permitted by law, incidental to the use and patronage of the public, on said tract.

"That the Recreation and Park Commission will acknowledge by policy resolution, that if and when a major league baseball franchise is sought in San Francisco, or the tract is required for other beneficial uses superior to the activities of the Recreation and Park Commission, that said tract will be returned to the jurisdiction of the Public Utilities Commission if and when so required.

"In the event of a dispute as to superior uses, the final arbiter shall be the Mayor.

"In the event of abandonment of the tract by the Recreation and Park Commission, the property shall be returned and restored as mutually agreed upon between the respective Commissions."

(2) Interior Green Belt

Mr. Funke reported that the Finance Committee of the Board of Supervisors had given further consideration to the proposed acquisition and development of the Interior Green Belt. The Finance Committee was of the opinion that the parcels should not be acquired piecemeal, but should be acquired as a unit. It was estimated that three parcels which the Finance Committee members looked upon with favor, would cost approximately $175,000.00. Commissioners examined the maps of the area and saw no objection to the acquisition of any of the three parcels, but noted that the Commission had no funds with which to purchase the property.

On motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2555

Commission Adopts Policy to Approve and Support City's Acquisition of Parcels A,B, and C for Interior Green Belt Purposes

Resolution No. 2555

RESOLVED, that this Commission does hereby adopt, and it shall be its policy to approve and support the City's acquisition of the following land parcels as part of the Interior Green Belt development, provided funds for such acquisition can be obtained from sources other than this Commission's Land Reserve Fund:

(a) Parcel "A" - 3.65 Acres
At Clarendon Avenue, north of Palo Alto Avenue.

(b) Parcel "B" - 1.9 Acres
A long narrow strip paralleling the east side of Clarendon Avenue, between Parcel "A" and the Sutro Reservoir.

(c) Parcel "C" - 2.75 Acres
On the southeast section of Twin Peaks Boulevard which offers a panoramic view of the city, and is described as the "Horseshoe Bend" parcel.

AND, BE IT FURTHER RESOLVED, that this Commission requests the Finance Committee of the Board of Supervisors to consider and examine the feasibility of the suggestion offered to this Commission that the above parcels of land could conceivably be acquired under a lease purchase contract with the owners.

Action Delayed on Grace Perego's Letter, Offering for Sale the 12.5 Acre Property of Mr. Montgomery as Part of the Interior Green Belt

A letter from Miss Grace Perego, Realtor, which was delivered by hand while the meeting was in session, asked the Commission whether it has any intention of purchasing the 12.5 Acre Montgomery property as part of the Green Belt.

For purposes of discussion, this property has been designated as Parcel "E".

As the matter is under consideration with the Finance Committee, the Commission delayed action on the Grace Perego letter.

SPECIAL ORDER OF BUSINESS

The Secretary read the letter from the Finance Committee of the Board of Supervisors under date of February 7, in which they asked the Commission and the General Manager to be present at the February 13 meeting, to explain the Commission's position concerning the source of funds necessary for the purchase of three parcels from Standard Building Company required for the development of the proposed Interior Green Belt. At the last meeting under Resolution No. 2555, the Commission had supported the city's acquisition of the land, provided funds could be obtained from sources other than the Commission's Land Reserve.

Mr. Sutter reported that he and Mr. Funke had met with the City Controller, Mr. Harry D. Ross, who assured them that the Land Reserve Fund supplemented by 1947 Bond Fund surpluses could be used to purchase the three parcels for the Interior Green Belt. Mr. Ross explained that the Commission's commitment to the Board of Education for West Sunset land could be paid for from the 1947 Bond Fund, rather than from Land Reserve funds.

Following discussion and further explanation, the Commission reversed its earlier position and agreed to the use of its funds for the purchase of the property.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2561

Request for A Supplemental Appropriation in the Amount of $175,000 Needed to Acquire 3 Parcels of Land Needed for Interior Green Belt

Resolution No. 2561

RESOLVED, that this Commission does hereby request the Mayor, the Board of Supervisors, and the Controller to approve a Supplemental Appropriation in the amount of $148,450.32 from the Unappropriated Balance of the Real Property Fund, and $26,549.68 from the Unappropriated Balance of the 1947 Recreation Bond Fund, a total of $175,000.00, to Appropriation 6.657,603.000 (Interior Green Belt), for the acquisition of three (3) parcels of land required for the Interior Green Belt as follows:

COMMUNICATIONS

mission ers Letters om the Various terested Groups ad, But Decides t to Purchase mnasium Building resently in Use Crocker-Amazon ract,

1 - The Secretary read the following letters relating to the San Francisco Housing Authority's plans to remove the temporary housing from the Crocker-Amazon Tract and to vacate the premises so that they could be restored to public recreation use:

(a) From Charles J. Jung, Chairman of the Housing Authority, advising that they expect to vacate the premises by October 1, 1957.

(b) From Mayor Christopher, requesting that the necessary procedures be followed for the early termination of occupancy and restoration of the area to public recreation use.

(c) From John Beard, Director, San Francisco Housing Authority, advising that the building used as a gymnasium in the Crocker-Amazon Tract has considerable salvage value, and that it is his intention to sell it for salvage.

(d) From W. A. Angeloni, President of the Crocker-Amazon Park Improvement Association, 1356 Geneva Avenue, asking that the gymnasium building, if possible, be retained and rehabilitated for recreation purposes.

Commissioners received the staff recommendation of Messrs. Funke, Harman, and Kimbell, that the gymnasium structure would be too costly to rehabilitate and operate, that it was inconveniently located within the tract, and would not be an advantageous purchase from the Housing Authority, even at an estimated salvage price of $5,000.

The Commission directed that a reply be sent to Mr. John Beard to the effect that the department is not interested in purchasing the old gymnasium structure.

4 - Proposal of Charles Harney, Contractor - Reclamation Work in the Vicinity of Bay View Park

Bay View Park Plans Referred to General Manager for Report at Mayor's Cabinet Meeting, Friday, Feb.15, 1957

The Secretary read the letter of Mayor Christopher, dated January 23, 1957, relative to the proposal of Charles Harney, Contractor, for certain reclamation work in the vicinity of Bay View Park.

Mr. Funke reported that he and President Sutter had met with Mr. Paul Oppermann, Director of Planning, and Mr. Duckel, Director of Public Works, and thoroughly examined the many factors involved in the future development and reclamation of the Bay View lands and the submerged tidelands.

Bay View Park Lagoon to Be Posted and Filled In.

Mr. Sutter reported that in a conference held with Mr. Glynn, Attorney for Charles Harney, Mr. Glynn agreed that the department was not interfering with the Harney firm's work. President Sutter recommended that the water-filled lagoon which had been formed on department property through the Harney firm's operation and which Mayor Christopher had considered a danger and hazard to youngsters, be immediately posted and filled in.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the Commission directed the immediate posting of the Bay View lagoon with "DANGER" warning signs, and directed the General Manager to request the Department of Public Works to fill in the lagoon with the estimated required 40,000 cubic yards of fill material, as soon as possible.

Commissioner Parr cautioned the Commission to move slowly on the idea that Bay View Park be leveled, for the reason that the red rock material would be in heavy demand at a later date for the construction of the Bayshore cut-off highway.

Mr. Funke presented maps showing the Harney plans for industrial development, the plans for re-development of the Bay tidelands, and tentative plans for housing or residential area development.

In answer to Commissioner Moore's question, Mr. Funke reported that there had been an informal City Attorney's opinion that the top of Bay View Park could be removed without a vote of the people, if it would result in a recreation improvement.

Inasmuch as Mr. Oppermann and Mr. Funke are scheduled to report to Mayor Christopher at the Mayor's Cabinet Meeting on Friday, February 15, on the entire Bay View situation, the Commission referred their views to Mr. Funke for transmittal to the Mayor's Cabinet.

Staff Presently Investigating and Determining Costs of Fencing In Special Junior Spectator Section at Kezar Stadium. To Be Reported On Further.

Commissioner William Coffman gave a progress report regarding the suggestion of Supervisor McAteer that measures be taken to improve the control of crowds at Kezar Stadium. He reported that Mr. Whittemore, Kezar Manager, had offered a good and fairly simple solution for controlling the youngsters. With a little additional fencing, the young people's section can be relocated where sanitary facilities will be available, thus making it possible to contain the young spectators entirely within their special enclosed section.

Commissioner Coffman reported that the staff is investigating and determining the construction costs involved, following which the matter will be discussed with the Forty Niners and reported on further to the Commission.

A Very Successful Program Celebrates 20 Years of Service to Youth in S.F. Miss J.D.Randall to Introduce Program to UNESCO and Various European Countries.

Commissioner Parr offered his compliments for the very fine program held in observance of the twentieth year of the Junior Museum, and honoring Miss Josephine D. Randall, which was held in the Junior Museum Building on Wednesday, February 13, 1957. The Museum's Auxiliary and Staff were congratulated by Commission members for the arrangements and excellent attendance at the program, where Mayor Christopher and President Sutter officiated.

In response to a letter from Mr. Donovan Bess of Chronicle KRON-TV, the Commission directed the Secretary to prepare a letter of introduction for Miss Randall to present to UNESCO officials in Europe, so that they might be acquainted and fully informed on San Francisco's Junior Museum's activities, suggesting that the junior museum program might be started in European countries.

Move to Acquire Land for Expansion of Helen Wills P/G Temporarily at Standstill

Mr. Funke reported that the department's plans under the 1955 Bond Fund for the proposed expansion of the Helen Wills Playground had hit a temporary snag. An attorney, Mr. Allan S. Sapiro, had appeared before the Parks and Recreation Committee of the Board of Supervisors on Wednesday, February 13, to protest the expansion of the playground. He said he was acting in the interests of property owners in the neighborhood, and filed a written objection to the Commission's request for the appropriation of funds to acquire additional lands. Mr. Sapiro was referred to this Commission by the Supervisors' committee.

10 - Schedule of Fees for Use of Photography Facilities in New Central Activities Adopted.

The Secretary read the letter from Mayor Christopher, in which he noted that in the Commission's request for $30,000 to provide equipment for the Recreational Arts Building, $13,417 had been ear-marked for equipment of the Photography Section. Mayor Christopher asked for a schedule of fees which the Commission intends to charge those persons using facilities in the Photography Section of the building, so that he can consider them when acting on the request for funds.

Mr. Funke presented the recommended schedule of fees, which he estimated would bring a revenue of approximately $11,000 annually.

On motion of Commissioner Moore, seconded by Commissioner Kerr, the following resolution was adopted:

Res. No.2584

Commission Adopts Schedule of Fees to Be Charged Persons Using Photography Facilities in New Recreational Arts Building.

Resolution No. 2584

RESOLVED, that this Commission does hereby establish and adopt the following schedule of fees to be charged persons using the Photography Facilities of the Recreational Art Building; said charges to go into effect when the Photography Section is placed in operation, viz:

(2) From R. Stanley Dollar, Jr., President of the San Francisco Maritime Museum, explaining the need for additional storage areas because of the Museum's increased activities, and requesting the Commission to include in its lease a small unused room which adjoins their present basement storage area.

Commissioner Coffman reported that he had investigated the request and recommended that the small unused room be included in the Maritime Museum's lease.

On motion of Commissioner Coffman, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.2587

Maritime Museum Lease Modification to Include Add'l Space (25'x37'Room)

Resolution No. 2587

RESOLVED, that this Commission hereby approves an amendment to the lease with the Maritime Museum Association dated February 14, 1950, and it is hereby modified as follows:

Request of Mr.W.Harold Wolf on Behalf of Coastside Boys' Club, to Use Sharp Park Lands for Club Activities - Referred to Commr. Zimmerman for Investigation, Report & Recommendation.

(3) From Mr. W. Harold Wolf, Director, Coastside Boys' Club, Sharp Park, requesting the use through lease agreement of a portion of department property along the north boundary of Sharp Park for the construction and operation of a boys' club.

Mr. Bart Rolph, Superintendent of Structural and Mechanical Repair, reported that the property could lend itself to development of a building site, if the Commission's policy were favorable to such construction. Members raised numerous questions as to the advisability, propriety and urgency of providing Sharp Park land for the use requested.

On motion of Commissioner Parr, seconded by Commissioner Herz, the request and all related data were referred to Commissioner Zimmerman's committee for investigation, report and recommendation.

Although the Secretary had sent a written notice, Mr. Wolf was not present at the meeting.

Master Plan for the Beautification of Washington Sq. Presented as Gift to City by Miss Rose Fanucchi. Referred to Commissioner Gallagher's Committee for Further Study, Investigation and Report.

(4) From Leo Bianco, Chairman of the Committee for the Beautification of Washington Square, presenting as a gift to the city a Master Plan prepared by Mr. Lawrence Halprin for the reconstruction of Washington Square.

Miss Rose Fanucchi, a Library Commissioner, and spokesman for nine civic and neighborhood organizations of North Beach comprising the Committee, presented the plan and stated that funds for the complete redevelopment of the plaza could be obtained by supplemental appropriation or private gift.

Mr. Lawrence Halprin, Architect, estimated that the proposed development plan for the beautification of Washington Square would cost approximately $100,000. He explained that the grading, landscaping, and construction of a comfort station would require the expenditure of the full $50,000 set aside in the 1955 Bond Issue. The remainder of the work would consist of the plaza band-stand, play area, and incidental improvements referred to in the report as stages 4 through 7.

Commissioner Gallagher reported that he had reviewed the plan that morning, and that his knowledge of the subject was cursory and hastily acquired, and that more study would be necessary before any recommendations could be made.

Commissioner Parr complimented Superintendent Girod for his skill and talents in park development, and asked that the Commission, committee and staff give preferred consideration to Mr. Girod's knowledge and experience in studies of this type.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the Master Plan for the Beautification of Washington Square as presented by the citizens' committee, was referred to Father Gallagher's committee on park lands, for further study, investigation and report.

REPRESENTATIVES AND DELEGATES

Mr. J. D. Tustin, representing Mr. J. Francis Ward, Architect, appeared before the Commission to present the Master Plan for Storyland.

Commissioner Moore reported that she had reviewed the plan with the staff and considered it an excellent one. While the plan embodies the over-all development of approximately 7 acres, funds are not available to complete the entire project. The next plan is to prepare working drawings for the first phase, for which $165,000 is presently available.

Commissioner Parr suggested that in the landscaping of Storyland excess plant material in Golden Gate Park might be utilized, and he suggested that Park Superintendent Girod's extensive experience in this work, along with Mr. Hudson's, should be utilized.

On motion of Commissioner Moore, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 2588

Commission Accepts & Appvs. Master Plan of Storyland as Prepared by Arch. J. Francis Ward.

Resolution No. 2588

RESOLVED, that this Commission does hereby approve the Master Plan of Storyland as prepared and submitted by J. Francis Ward, Architect, which drawing is dated February 25, 1957, Job 5701, subject to approval by the Art Commission.

UNFINISHED BUSINESS

(1) Report on Projected Trip to Europe by Director of Arboretum - Financed by Strybing Funds

The Secretary reported that on Friday, February 15, Judge T. I. Fitzpatrick approved the Commission's petition to spend up to $5500 of the Strybing Funds for the services of an expert botanist or horticulturist in a European trip to locate sources and procure plant material for the Arboretum.

UNFINISHED BUSINESS (cont'd)

Mr. Eric Walther, Director of the Strybing Arboretum and an employee of the department for many, many years, appeared before the Commission to outline the purposes, itinerary, and estimates of expenses of his projected trip to Europe, subject to the Commission's approval.

Commissioners discussed with Mr. Walther the many details relating to his plans to visit botanical gardens and to seek and select sources of plant material to complete the Arboretum. While recognizing the value of the extensive trip, the Commission believed that the city's best interests would be served if the itinerary be shortened from six to four months, with the consequent reduction in travel expenses.

With Mr. Walther's full accord, on motion of Commissioner Parr, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2595

Commission Seeks Approval by Ordinance the Sum of $2500 for Projected European Trip of Eric Walther to Collect Specimens for Strybing Arboretum.

Resolution No. 2595

RESOLVED, that this Commission hereby approves the proposed revised itinerary of Mr. Eric Walther, Director of the Strybing Arboretum, covering his projected European trip to locate sources and procure plant material for the Arboretum; and, be it

FURTHER RESOLVED, that in accordance with Charter Sections 219 and 222, the Controller, the Board of Supervisors and the Mayor be requested to approve by ordinance an expenditure of money from the Strybing Fund to meet Mr. Walther's travel and per diem expenses in an amount not to exceed $2,500.00.

(2) Adult Rate for 1957 Camp Mather Season Raised from $5.50 to $6.00

Commissioner Gallagher reported that he had reviewed statements prepared by the Business Manager on the revenues of Camp Mather. He stated that based on the camp records available, it would be difficult to recommend a $1.00 increase for adults for the coming season, because there is no valid basis for the increase when the exact costs of camp operation are not known.

In discussing the Commission's policy of providing a camp for San Francisco families and not engaged in competition with other commercial resorts, Commissioners agreed that a fifty-cent increase would be more equitable. Therefore, on motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2596

Adult Rates for 1957 Camp Season Raised to $6.00. Business Manager Directed to Maintain A Complete Cost Accounting of Camp Operations.

Resolution No. 2596

RESOLVED, that this Commission does hereby approve and direct that the daily rate for adults at Camp Mather during the 1957 season, be increased from $5.50 to $6.00; and, be it

FURTHER RESOLVED, that a complete study of camp operation costs be made during the coming camp season; and the Business Manager be and hereby is directed to maintain a complete cost accounting record of camp operation, so that the necessary information for the establishment of camp charges will be available when this subject is under consideration next season.

(3) James E. Kenny Granted Permit for Trial Operation of Sightseeing Vehicle at San Francisco Zoo.

Commissioner Moore reported that she had reviewed the proposal of Mr. James E. Kenny for the operation of sightseeing vehicles at the San Francisco Zoo. Mrs. Moore considered the addition of the service as an improvement to the zoo, stated that it had the approval of Mr. Baldwin, Zoo Director, and therefore recommended that Mr. Kenny be given permission to operate his service on a

UNFINISHED BUSINESS (cont'd)

trial basis for a 60-day period, following which a longer-term period may be granted.

Commission Grants 60-Day Trial Operation Period to James E. Kenny For Sightseeing Vehicles at the San Francisco Zoo.

Mr. Kenny appeared before the Commission and outlined in detail the type of services, proposed charges, and payment to the city. Mr. Hoyt reported that similar sightseeing operations were successfully conducted at zoos in many large cities.

On motion of Commissioner Herz, seconded by Commissioner Moore, the Commission approved the issuance of a permit to Mr. Kenny covering his operation of the sightseeing vehicle service at the San Francisco Zoo for a 60-day period, with the understanding that if the service proves satisfactory, a long-term contract will be negotiated.

Business Manager Directed to Prepare and Submit 60-day Trial Period Permit at Next Reg. Mtg.

The Business Manager was directed to prepare and submit for Commission approval the 60-day trial-period permit at the next regular meeting.

(4) Commission Considers Superior Court's Judgment of December 12, 1956 Relative to Removal of Showboat FORT SUTTER By March 1,1957

The Commission next considered the Superior Court's judgment of December 12, 1956, in which it was ordered that if Barney Gould has not removed the FORT SUTTER from Aquatic Park by March 1,1957, the City shall be entitled forthwith to burn, destroy, raze or dismantle the boat, or in any other way satisfactory to it to cause its removal.

Mr. Barney Gould, owner of the FORT SUTTER, introduced Mr.Russell, who pleaded with the Commission to save the Fort Sutter for its historical value, and a Mr. Warner, who reported to the Commission that he had been working on the repairing of the Ft.Sutter's hull since January 9 and in his opinion had completed 30% of the repair work. He believed that 90 days would be needed to get the vessel ready for removal.

Mr. Gould launched a narrative account of the Fort Sutter travail during the past four years, which the Commission accepted sympathetically. A 3-page typewritten letter from Mr. Gould was filed with the Secretary, who was directed by President Sutter to send copies to all Commissioners.

Business Manager Directed to Receive Estimates of Cost for Removal of Riverboat FORT SUTTER.

Following the Secretary's reading of the actual Court Order, on motion of Commissioner Coffman, seconded by Commissioner Herz, the Business Manager was directed to obtain estimates of cost for the removal or destruction of the FORT SUTTER.

(2) From Harlan B. Watkins, Chief, Real Estate Division, S.F.District U.S.Corps of Army Engineers, requesting 5-year renewals to June 30, 1962 of Leases Nos. SFRE-339 and SFRE-394, covering the Army's rental of city land adjacent to Fort Mason.

The General Manager recommended approval of the requested 5-year renewal, with the provision that a termination clause be added to the agreement which will give to the city the right to terminate the lease at any time by giving thirty days' notice in writing to the lessee. The present agreement provides that the United States Government may terminate the lease on a thirty-day notice, and Mr. Funke reasoned that because of the city's possible need for the land within the next five years, the termination clause should apply to both parties.

On motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2603

Resolution No. 2603

Commission Appvs. Renewal of Leases SFRE-339 & SFRE-394 to Government Provided City Also has Right to Cancel on 30-day Notice

RESOLVED, that this Commission, on recommendation of the General Manager, does approve the extension for a five-year period to June 30, 1962 of lease agreements Nos. SFRE-339 and SFRE-394, covering the Army's rental of land adjacent to Fort Mason, provided the United States Government, as lessee, will agree and

(3) Request from the United States Navy District Public Works Office permission to install overhead power lines to service their military installations in Sutro Heights Park.

Mr. Funke suggested disapproval of the overhead line because of its unattractive appearance in a park area, but recommended that the Navy be permitted to replace approximately 120 feet of underground cable which has become defective.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2604

12th Naval Dist. Pub.Works Office Granted Permis.to Replace Underground Electrical Cable. Overhead Installs. Denied.

Resolution No. 2604

RESOLVED, that the request of the Twelfth Naval District Public Works Office to replace and install approximately 120 feet of electric cable at Sutro Heights Park is hereby approved, provided the installation is underground and that no overhead electrical lines are installed because of their unattractive and unsightly effect on the park area.

Mayor Christopher's Suggestion re. Use of Department Bldgs. During Morning Hrs. Referred to Comm. Zimmerman's Committee & Gen.Manager & Staff Directed to Make Thoro Investigation and Report to Commission.

(4) From Mayor George Christopher, requesting the Commission to investigate and report to him on the possibility of providing quarters for co-operative nursery schools in buildings on city playgrounds. He requested a list of properties which might be available, determination of reasonable rates to cover the costs involved, and a report on such other problems as might be pertinent to a policy decision on this matter.

Mr. James Lang, Assistant Recreation Superintendent, gave a brief report on the department's present use of recreation buildings during the morning hours, explaining that approximately 75% of the usable buildings are already engaged in the department's Tiny Tot Program, which is similar in nature to the co-operative nursery school program.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the matter was referred to Commissioner Zimmerman's committee on recreation programs and facilities, and the Commission directed the General Manager and staff to make a thorough investigation of the proposal and to bring to the Commission a complete report on the suggestion and its possible effects and any factors which might be pertinent to a policy decision on the matter.

. . . . . .

(5) From Sherman P. Duckel, Director, Department of Public Works, replying to the Commission's proposal and request under Resolution No. 2523 that portions of Jefferson and Larkin Streets, at Aquatic Park, be vacated. Mr. Duckel enclosed a map of the area showing that the streets in question are heavily congested with utility installations. He proposed that the request be revised so that only the easterly 50 feet of Larkin Street would be vacated and the remainder of the street areas be occupied through a revocable permit obtained from the Board of Supervisors.

Mr. David Nelson, of the Maritime Museum Association, and Mr. Coffman concurred in Mr. Duckel's recommendation, and on motion of Commissioner Hertz, seconded by Commissioner Zimmerman, the following resolution was adopted:

REPRESENTATIVES AND DELEGATES

(1) Mr. Harman, Supervising Engineer, presented for approval the final plans and specifications for the landscape development for the eastern portion of Aquatic Park, as prepared by Lawrence Halprin, landscape architect. This area is the section proposed for development by the Maritime Museum Association as an outdoor transportation exhibit.

Mr. David Nelson, assistant to the president of the Maritime Museum Association, appeared before the Commission to report on the Museum's building plans for the area. He stated that the estimated construction cost will be in the neighborhood of $100,000 and that at the present time the association is far short of the necessary funds to undertake construction. He requested that the Commission approve the plans, but delay its call for bids for the landscape development for a period of at least 60 days. Mr. Nelson assured the Commission that any landscape development not provided for under the park's specifications as prepared by Mr. Halprin would be provided for and be the assumed responsibility of the Maritime Museum Association.

On motion of Commissioner Parr, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2606

Commission Appvs. Final Plans & Specs. for Landscape Developm't of Eastern Portion of Aquatic Park. Call for Bids to Be Defer'd 60 Days.

Resolution No. 2606

RESOLVED, that this Commission does hereby accept and approve the Final Plans and Specifications for the Landscape Development of the Eastern Portion of Aquatic Park as prepared by Lawrence Halprin, landscape architect, said development having an estimated cost of $41,000.00; and, be it

FURTHER RESOLVED, that in compliance with the request of the Maritime Museum Association, the Secretary is instructed to defer the Commission's call for bids on such landscape development for a period of at least 60 days, pending report from the Maritime Museum Association on its progress in obtaining funds for the construction of its transportation museum building.

UNFINISHED BUSINESS

(1) Request of Coastside Boys' Club for Use of Sharp Park Land Denied

Commissioner Zimmerman submitted her report on the request of Mr. W. Harold Wolf, Director of the Coastside Boys' Club at Sharp Park, California, that a parcel of the city's Sharp Park holdings be leased to his organization as the site for the construction of a boys' club and community recreation area.

Commissioner Zimmerman stated that the parcel desired is located just within the boundaries of city-owned land and that it is important to keep it clear so that it may serve as an effective buffer strip between adjoining property owners. The leasing of public recreation properties for the exclusive use of outside agencies is generally disapproved as a matter of policy by public recreation agencies, and Commissioner Zimmerman reported on her investigation and discussions with other county and municipal recreation administrators.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2613

Request for Portion of Sharp Park for Site of Coastside Boys' Club Denied

Resolution No. 2613

RESOLVED that this Commission, recognizing it to be to the best interests and proper operation of this department to retain as vacant land the parcel of city-owned Sharp Park Golf Course property, does hereby disapprove the use of said property as requested by the Coastside Boys' Club for the construction and operation of a boys' club building and recreation facility.

(2) Commission Accepts As A Gift A Design of Washington Square, As Presented by A Committee of Nine North Beach Organizations.

Commissioner Gallagher reported that he had reviewed in detail the proposed design for Washington Square which the Beautification of Washington Square Committee had offered as a gift to the City and County of San Francisco at the meeting of February 28. He commended the committee for having evidenced a general community interest and independently financing and directing this unique project.

He stated that the architect who is presently under contract with the Commission for the design of Washington Square has already been directed to prepare a specific plan for a specified amount. The design offered as a gift by the Beautification Committee is at variance with the present plan, having an estimated cost of $100,000, while the Commission with its limited funds has been thinking of an improvement costing not more than $50,000.

Mr. Leo Bianco, spokesman for the Committee, stated that it was not the intention of the Committee that its architect be substituted in place of the architect engaged by the Commission, but

UNFINISHED BUSINESS (cont'd)

the plan was solely the graphic consolidation of all ideas of the nine community organizations. Funds for the development of Washington Square beyond the department funds available are not forthcoming from the Committee, Mr. Bianco declared, but the Committee is permanent and will stand ready to assist the Commission at all times. He suggested that the Committee's architect be permitted to prepare an overlay drawing which would set forth the first stages of the design's development, at an estimated cost of $50,000.

Commissioner Gallagher, in accepting this suggestion, remarked that the two architectural firms concerned had not up to this time conferred with each other on the design of the Square. He then recommended that the Commission accept the gift, as presented, and to authorize the holding of a public hearing by the representatives of the Committee and both architectural firms, so that all ideas can be expressed and as far as desired be incorporated in the Commission's plans to the end that there shall be one composite idea and program for a design worthy of Washington Square.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No.2614

Resolution No. 2614

Commission Accepts Master Plan for Washington Square Presented by Committee for Beautification of Washington Square. Public Hearing to Be Held to End That One Composite Idea and Program Be Reached.

RESOLVED, that this Commission does hereby highly commend the nine North Beach civic and community organizations which joined together as the Committee for the Beautification of Washington Square, and does hereby accept the Master Plan for the Reconstruction of Washington Square as prepared by Mr. Lawrence Halprin at the Committee's direction, it being understood that the city accepts the gift as an expression by the committee of what it considers essential to the best use of the park; but the plan shall be considered, used or implemented only to the degree that in the final judgment of this Commission it is desirable and to the best interests of the city; and, be it

FURTHER RESOLVED, that a public hearing be held with representatives of the Committee for the Beautification of Washington Square, the Commission's committee on public parks, department staff members, the two architectural firms concerned, and any other interested persons, to the end that there shall be one composite idea and program for a design worthy of Washington Square.

(3) S.S. Fort Sutter Removal

General Mgr. Directed to Obtain City Attorney's Guidance & Opinion Relative to Matters Relating to Removal or Destruction of the S.S. FT. SUTTER

The Commission next heard the report of Mr. Hoyt, Business Manager who at the previous meeting had been directed to obtain estimates of cost for the removal or destruction of the S.S. Fort Sutter.

Mr. Hoyt reported that he encountered difficulty in obtaining any reliable estimate. He suggested that funds be requested as a supplemental budget item in the amount of $30,000 to cover the Fort Sutter's removal.

Several questions of concern to the Commission relating to ownership of the vessel, public liability, and the request for the Fire Department's views on the possible burning of the vessel, were discussed.

Commissioner Coffman reported that he had advised Mr. Warner, who has been working on the Fort Sutter with Mr. Gould's permission, that the city would not under any circumstances pay him for such work.

The Commission referred these several questions to the General Manager and directed him to obtain the City Attorney's guidance and opinion in each matter.

REPRESENTATIVES AND DELEGATES

Preliminary Plans & Specs. for Hall of Flowers Accepted & Apprvd.

Mr. Abe Appleton of Appleton & Wolfard, Architects, submitted for Commission approval the completed Preliminary Plans and Specifications for the Hall of Flowers to be constructed adjacent to the Strybing Arboretum in Golden Gate Park.

An attractive scale model of the structure and landscape area surrounding it gave the Commission a clear picture of the project With a total estimated construction cost of $465,000, the building will consist of an auditorium of 4900 square feet; storage and utility space of 2760 square feet; offices, lecture room, meeting room, kitchen and toilet rooms totaling more than 6000 square feet; and a gallery of 9000 square feet. Joining the building's character to the landscaped grounds will be 25,000 square feet of paved terraces and walks, and over 3000 square feet of covered terraces.

Members were pleased with the prepared plans, but asked that provision be made for additional parking areas and that the architects prepare sketches indicating the development of additional parking facilities, as they may be required.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

(1) Commission Approves Master Plan of STORYLAND and Authorizes Architect J. Francis Ward to Proceed with Working Drawings

Commissioner Moore reported that J. Francis Ward, Architect, had completed the Master Plan for "Storyland" and at a meeting held Friday, March 22, several of the staff had reviewed the plan and proposed exhibits, and had given their general approval.

The Master Plan has been drawn so that the scope of the first unit of work has been clearly delineated, setting construction cost estimate for Unit #1 at $192,750, of which $130,970 will be used for the construction of some ninety exhibit structures. Commissioner Moore said that the architects are recommending the use of durable material in building the exhibits in order to keep maintenance costs as low as possible.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2629

Commission Appvs. Master Plan for "STORYLAND" and Directs Architect J.Francis Ward to Proceed With Working Drawings,Etc., Within Cost Estimates for Unit #1.

Resolution No. 2629

RESOLVED, that this Commission does hereby approve the Master Plan for "STORYLAND" as prepared and submitted by J. Francis Ward, Architect, said plan delineating therein the scope of Unit #1 and establishing an estimated construction cost of $192,750 for Unit #1; and J. Francis Ward, Architect, is hereby authorized and directed to proceed with working drawings and specifications for construction contract purposes within the scope of the cost estimates for Unit #1.

(2) Names Committee Report

Commissioner Parr reported that the Names Committee, comprised of Commissioner Moore, Commissioner Gallagher, and himself, held a meeting on March 25 to consider some eleven requests that had been received during the past four years asking that consideration be given to the naming of parks, playgrounds, or other recreation areas, or the placing of a plaque in a playground or park to honor an individual. Of the 11 proposals considered, 3 received committee approval. Of the remaining 8 projects, the committee either deferred action or took no action on new locations, and disapproved the changing of names of established playgrounds or centers.

Commissioner Parr introduced Mr. Fred Egan to speak on behalf of the proposal that the Horsemen's Ring, located on the Main Drive at Sixth Avenue, be named the "Martin Hanley Memorial Ring." Mr. Egan's remarks, elaborated upon by Commissioner Parr, related the outstanding service and heroic acts which Police Officer Hanley had performed while a member of the Mounted Police Patrol of Golden Gate Park and the Ocean Beach from 1907 to 1948.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 2632

Res. No.2632

Horsemen's Riding Enclosure, Main Drive & Sixth Ave., Golden Gate Park, To Bear Name of "Martin Hanley Memorial Ring." Dept. to Install Marker.

RESOLVED, that this Commission, on recommendation of the membership of the San Francisco Police Officers, and in recognition of the outstanding service and heroic acts performed by Mounted Police Officer Martin Hanley during his 41 years of patrolling Golden Gate Park and the Ocean Beach, does hereby designate the Horsemen's Riding Enclosure at Main Drive and Sixth Avenue, Golden Gate Park, to be the "Martin Hanley Memorial Ring"; and it is further directed that a suitable marker designating the name be placed at the enclosure by this department.

(3) Commission to Invest $100,000 of Strybing Funds in Short-term Government Bonds

President Sutter reported that he had discussed the investment of Strybing Funds with the City Treasurer, and it was his recommendation that at least $100,000 of the funds should be invested in short-term Government bonds.

On motion of Commissioner Parr, seconded by Commissioner Moore, the following resolution was adopted:

(4) Civil Service Requested to Postpone Public Hearing re. Type of Examination To Be Held for Arboretum Director

Commission Requests 2-Week Postponement by Civil Service Commission of Its Public Hearing re. Examination To Be Held for Director of Strybing Arboretum.

Mr. Funke reported that Mr. William Henderson, Secretary and Personnel Director of the Civil Service Commission, had asked for an expression from the Commission as to whether it desired the civil service examination for a successor to Eric Walther, Arboretum Director, to be conducted on a promotional or entrance basis.

The Civil Service Commission had received a considerable amount of written material and recommendations from the Strybing Arboretum Society expressing its views on qualifications for the position, with particular emphasis placed on professional botanical skills.

Several employees of the Park Division of the department were present to voice their objections to any examination that would exclude them because they lacked formal educational qualifications in Botany or Horticulture. Among those who effectively stated their opinions that department personnel should be given every opportunity to compete for this promotional position were: Messrs. William Maitland, Frank Foehr, Roy Hudson, Clarence Shaw, Jack Spring, John McKelvey, and Al. Monzies.

Mr. Julius Girod, Park Superintendent, strongly supported the request of his personnel, stating that there are plenty of trained and capable men in the Park Department who should be entitled to compete in the examination.

Mr. John Jeffrey, Business Representative, San Francisco City and County Employees Union, Local 400, AFL, told Commissioners that his union is most anxious to maintain the merit system of civil service, and urged that the examination for the position be placed on a promotional basis so that trained employees could compete.

Miss Elizabeth McClintock, President of the Strybing Arboretum Society, outlined the need for botanical, horticultural and administrative skills in directing an arboretum, and stated that the Strybing Arboretum Society asks only that an examination be held that will produce a qualified successor to Mr. Walther. However, Miss McClintock placed heavy emphasis on her appraisal of an arboretum as a botanical garden.

Commission members fully discussed the personnel problem involved, and on learning that Civil Service had scheduled a public hearing for Wednesday, April 3, suggested that a postponement be sought to allow this Commission sufficient time to thoroughly study the question. In general, and as stated by Commissioner Coffman, it was the sense of the Commission to favor a promotional examination, so that park employees would not be eliminated by special qualifications. The Commissioners were keenly aware that this matter deeply affects the morale of this organization.

On motion of Commissioner Coffman, seconded by Commissioner Parr, the question was referred to the committee of Commissioners Moore and Herz, and the Secretary was directed to request in writing that the Civil Service Commission grant a postponement of at least two weeks of its public hearing scheduled for Wednesday, April 3, 1957.

UNFINISHED BUSINESS (cont'd)

(5) Commissioners referred to the letter of March 25 from George Baglin, Deputy City Attorney, in which he replied to the various questions which Mr. McDevitt had asked him as a result of the Commission's discussion at the last meeting.

City Attorney Advises Commission on Procedures re. Removal of Riverboat "FORT SUTTER."

The City Attorney's letter stated the specific rights in the boat that the City has under the Court Judgment, and answered the questions on liability, boat destruction, liens, and letters of notice to Mr. Gould.

The Secretary read a letter from Walter H. Duane, President of the San Francisco Fire Commission, stating that an inspection would be made of the riverboat after which the Fire Commission would give its views and recommendations.

UNFINISHED BUSINESS

(1) Redevelopment of Washington Square

Commissioner Gallagher reported that his committee had held a most satisfactory public hearing with all persons and organizations interested in the rehabilitation of Washington Square. Taking part in the public hearing were Mr. Lawrence Halprin, the architect who had prepared the Master Plan for the Beautification of Washington Square, and Mr. Francis Joseph McCarthy, the Commission's architect.

Many of the ideas suggested by the Beautification Committee were fully compatible with those of the department's architect. Limited funds preclude the present development of all the ideas. Commissioner Gallagher reported that the architect would prepare plans for development for an expenditure of $42,500, which would provide for paving, excavations, trees and lawn areas, and a convenience station.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

UNFINISHED BUSINESS (cont'd)

Res. No. 2651

Commission Directs Its Architect, Mr. Francis Joseph McCarthy To Proceed With Plans for the Rehabilitation of Washington Square, to Extent of $42,500.00.

Resolution No. 2651

RESOLVED, that this Commission does hereby accept the suggestions offered by the Committee for the Beautification of Washington Square as represented on their master plan, and does hereby instruct this Commission's architect, Mr. Francis Joseph McCarthy, to proceed with the preparation of his plans for the rehabilitation of Washington Square to the extent of an estimated construction cost of $42,500.00; and that in the preparation of such plans, the suggestions of the citizens' committee be given every practical consideration.

(2) Examination for Successor to Eric Walther at Strybing Arboretum

President Sutter Called Special Meeting for Tuesday, April 16, 1957 at 4:00 P.M., Inviting Department Personnel, Members of the Strybing Arboretum Society and Civil Service Representatives To Be Present, Relative To Establishment of Qualifications for Civil Service Exam. for Successor to Eric Walther

Commissioner Moore presented a complete report on the recent developments in connection with the City's selection of a successor to Mr. Eric Walther for the supervision or direction of the Strybing Arboretum. Mrs. Moore gave a clear explanation of Civil Service procedures for examining applicants for positions in the municipal service, and pointed up the decision facing this Commission in determining the qualifications that it will require for the Arboretum position. If personnel within the Recreation and Park Department can meet the qualifications, the Civil Service Commission will conduct a promotional examination within the ranks. If park personnel do not meet the qualifications, Civil Service will conduct an open examination.

Mrs. Moore then reported on the development and type of program conducted at arboreta. Recognized botanical gardens and arboreta conduct balanced programs of education, research, and display. The qualifications set for the director will, in a large measure, determine what the arboretum will be. Mrs. Moore stated that San Francisco has a good start at its botanical garden, and as a city with an ideal climate and a world-wide reputation as a tourist mecca, it should aspire to a top-notch arboretum. The proposed Hall of Flowers will further enhance the arboretum's present character.

Commissioner Herz, who worked with Mrs. Moore in this matter, complimented her on her comprehensive analysis of the arboretum program and standards. Dr. Herz reviewed the Civil Service regulations on promotion and entrance examinations, and expressed his personal wish that an examination could be conducted in which department personnel and others outside the city service could compete. Another restrictive difficulty is that no qualifications of training or experience can be established to serve as the equivalent of a botanist.

Commissioners Sutter, Gallagher, Coffman and Zimmerman all expressed a desire to obtain additional information and to give further study to the important question before them. It was the Commission's consensus that a Special Meeting should be held, and that all persons concerned be given the opportunity to be present.

President Sutter directed that a Special Meeting be scheduled for Tuesday, April 16, at 4:00 P.M., in the Commission Chambers, and that the personnel concerned, the Strybing Arboretum Society members and the Civil Service representatives be notified and invited to attend.

(4) Report of General Manager Funds Requested for Tennis, Bowling and Handball Facilities in Golden Gate Park

Mr. Funke reported that at the February 28 Commission meeting, a 1955 Bond Fund Appropriation was held over for later presentation because of certain questions which Supervisor McAteer had raised regarding tennis, bowling and handball facilities for Golden Gate Park. These questions have now been answered, and the staff has met with representatives of the three sport groups. It is planned to rebuild the tennis clubhouse and handball courts, and to remodel the bowling clubhouse. Mr. Funke said that the majority of the handball people and all of the tennis and bowling groups are in agreement with the department's plans.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2652

Request for Appropriation of $140,000 to Finance Tennis, Bowling & Handball Facilities-Golden Gate Park

Resolution No. 2652

RESOLVED, that this Commission hereby requests the Board of Supervisors to approve an appropriation of $140,000 from the 1955 Recreation and Park Bond Funds, for tennis, bowling, and handball facilities in Golden Gate Park, as indicated below:

(5) Request Funds in Amount of $600 for Windbreak-Fleishhacker Pool

Mr. Funke reported that the staff had reviewed Commissioner Moore's earlier proposal for the installation of a canvas windbreak at Fleishhacker Pool. This suggestion had originated in the August 1956 letter of Mayor Christopher to the Commission.

Mr. Hoyt, Business Manager, had advised that the $600.00 item would require a supplemental appropriation or an approval by the Controller of a transfer of funds.

On motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2653

Request for A Supplemental Approp. or Transfer From Funds Legally Available, $600 to Provide Canvas Windbreak at Fleishhacker Pool

Resolution No. 2653

RESOLVED, that this Commission hereby requests the Board of Supervisors and/or the Controller to approve an appropriation or transfer of funds in the amount of $600, from such funds as may be legally available, for the purchase and installation of a canvas windbreak at Fleishhacker Pool.

Determination of the Type of Examination That the Commission Will Request the Civil Service Commission To Hold To Obtain A Successor for the Position Held by Mr. Eric Walther at the Strybing Arboretum

President Sutter opened the meeting, explaining that he had been advised by Mr. Frank Walsh, President of the Civil Service Commission, that it was up to the Recreation and Park Commission to decide whether it desires an entrance examination or a promotional examination to fill the position of Arboretum Director or Arboretum Supervisor. President Sutter then invited proponents of the promotional examination plan to make statements in support of their position.

John E. Jeffrey, S.F.City & Co. Employees Union Local #400.AFL.

Mr. Frank Moitoza, Exec.Secretary, Federation of Municipal Employees

The two principal speakers were: Mr. John E. Jeffrey, Business Representative, San Francisco City and County Employees Union, Local No.400, AFL (SEIU), and Mr. Frank Moitoza, Executive Secretary of the Federation of Municipal Employees. Both contended that the Commission must decide the policy for the future of the Arboretum, urging that it be developed as in the past for the enjoyment of the people of San Francisco, rather than for study and research, like the botanical gardens at the University of California. They expressed opposition to the entrance examination on the basis that it jeopardizes the civil service system of merit promotion, and urged the Commission to give personnel who have proved their ability through training and experience the opportunity to compete in a promotional examination.

Mr. Jack Spring, Chief Nurseryman

Mr. Jack Spring, Chief Nurseryman, and veteran park employee, acting as spokesman for other Park Division personnel, told the Commission that they considered a thorough knowledge of horticulture to be the prime requirement for the Director of the Strybing Arboretum, rather than possession of a degree in botany. Mr. Spring said that the arboretum is primarily for the visitors to the park and not for research or scientific study. He stated that if the Commission desired to have the people of San Francisco know and understand plants and how to grow them, a horticulturist should be in charge. He referred to his memorandum of March 30 to Commissioner Moore, in which he set fort the purposes and functions of a public arboretum.

Mr. William Maitland Chief Nurseryman

Mr. William Maitland, Chief Nurseryman at the Park Conservatory, related the capabilities of the present park personnel, and objected to statements that there are no people in the department qualified to fill the position. He stated that some of the men have had a formal education and hold Associate of Arts decrees from San Francisco City College. The men who seek to compete in a promotional examination have an average of fifteen years experience and horticultural background. All of them have controlled and maintained large areas of ornamental gardens, and through the nature of their work have abilities in business administration and public relations. Mr. Maitland urged that they be given the opportunity to prove their worth.

Mr. Victor Reiter, Nurseryman

The first spokesman for the faction that contended that a primary requirement should be a college degree in botany was Mr. Victor Reiter, local nurseryman. He asked the Commissioners to decide whether they wanted an arboretum or just another extension of Golden Gate Park. If the Commission wishes the latter, a promotional examination would suffice, but if it desires an arboretum, they need a special individual. Mr.Reiter stated that a botanist learns the how, why, when, and where of plants, and that his most important contribution is his qualifications and abilities to exchange information and material with other botanical gardens. He argued that careful use and study of the arboretum under a botanist's direction would save the city substantial sums in the operation of the entire park system. In comparing a botanist's degree with other educational degrees, Mr. Reiter said that botany is the bargain counter of the university.

Mrs. Ernest Born, Strybing Arboretum Society

Mrs. Ernest Born, member of an independent group known as the Strybing Arboretum Society, asked the Commission to be guided by the terms of the Strybing Will in its selection of personnel to direct the arboretum. She was supported in her statements by Mr. Marshall Madison, Attorney, who read excerpts from the conditions of the will, contending that the employment of a botanist was necessary to carry out the trust.

Mr.Marshall Madison, Attorney at Law

Mrs.Edwin O.Kelsey, Strybing Arboretum Society

Mrs. Edwin O. Kelsey, Secretary of the Strybing Arboretum Society, asked why no representative of the Civil Service Commission was present to answer questions on examination regulations and procedures. Commissioner Moore and Mr. Moitoza explained Civil Service policy in regard to public hearings.

A general discussion relating to the investment of Strybing funds brought out two hitherto not generally recognized points: (1) that according to the terms of the Helene Strybing Bequest, the City and County of San Francisco, through its Recreation and Park Commission, is required to maintain and operate the arboretum and botanical gardens and to provide the necessary funds for such maintenance and operation; and (2) President Sutter stated that the investment of Strybing funds had been delayed for the reason that he had hesitated to develop the arboretum when that section of Golden Gate Park was threatened by freeway construction.

Dr.Paul C.Hutchison, Univ.of California

Dr. Paul C. Hutchison, Senior Botanical Garden Botanist, University of California, gave a general outline of the program conducted in some fifty botanical institutions throughout the nation. He explained to the Commission the importance of obtaining a professional botanist who would be eligible to exchange information and material with other recognized arboreta and botanical gardens. He stated that the arboretum should be staffed with the cream of park personnel working under the direction of a professional botanist selected by entrance examination. He emphasized that the exchange system between botanical gardens eliminates the need for the purchase of plant material.

Comm'r Coffman

In answer to Commissioner Coffman's inquiry as to whether a high-calibered botanist would be attracted to the position at the proposed salary of $750.00 per month, Dr. Hutchison quoted annual salaries to $11,000.00 at other universities, and up to $20,000.00 at independent or public gardens.

There then ensued a series of verbal exchanges between representatives of both factions, in which the problems of residential requirements, differences in the management of arboreta in various jurisdictions, and an evaluation of the arboretum's development under Mr.Walther's direction were the main topics.

Comm'rs Moore and Herz

Both Commissioners Moore and Herz expressed their opinions that a considerable amount of new information had developed at the meeting and that the selection of the arboretum director was of sufficient importance to warrant further study and review before reaching a decision.

Comm'rs Gallagher and Coffman

Commissioners Gallagher and Coffman both requested more time in which to give the matter further study. As Commissioner

4-16-57

Coffman expressed it, "We have been asked to make a sharp line decision. We must be sure that whichever way we move, we are not going to be wrong."

General Manager to Request Civil Service Commission for Indefinite Postponement of Its Public Hearing re. Examination Requirements

President Sutter said he would entertain a motion asking the Civil Service Commission to indefinitely postpone its hearing on the arboretum position, and on motion of Commissioner Coffman, seconded by Commissioner Gallagher, the General Manager was directed to request that the Civil Service hearing be indefinitely postponed pending this Commission's arrival at a final decision on the question of an entrance or promotional type of examination.

UNFINISHED BUSINESS

(1) North Beach Branch Library

Mr. Lawrence Clarke, City Librarian and Mr. Harold N. Wolfard of Appleton & Wolfard, Architects for the Library Commission, submitted two new designs for the construction of the branch public library in the North Beach Playground.

The Commission reviewed these plans, at which time Mr. Harman, Supervising Engineer, introduced a completely new proposal that he and Mr. Wolfard had developed. It involved moving the building to a new location in the same general area of the playground. Mr. McDevitt advised the Commission that any new location would have to be submitted to the Board of Supervisors for approval. Messrs. Wolfard and Harman did not have drawings of their new proposal and were requested then to prepare them.

In answer to Mr. Clarke's request for action, Commissioner Gallagher answered that the delays resulted from the Library Commission's failure to bring in the plans that were agreed upon. Mr. Wolfard promised to complete the drawings within a matter of days.

Therefore, on motion of Commissioner Zimmerman, seconded by Commissioner Gallagher, a Special Meeting of the Recreation and Park

UNFINISHED BUSINESS (cont'd)

Commission to Hold Special Mtg. at Main Library, May 1, to Consider No. Beach Library Drawings

Commission to Hold Commission was scheduled for Wednesday morning, May 1, at 11:00 o'clock, in the Commission Meeting Room of the Main Library Building, McAllister and Larkin Streets. Complete sets of architectural drawings were to be prepared and submitted for consideration at that time.

(2) Commission Approves Preliminary Drawings of Lake Merced Recreation Center

The Commission next considered the preliminary drawings of the Lake Merced Recreation Center Building, as prepared by Weihe, Frick and Kruse, Architects.

Mr. Harman described in detail the arrangements for the building's location in relation to the Lake's recreation activities, accommodations for boating equipment, club rooms, showers, lockers and the facilities for sport followers of fishing, sailing and rowing. The restaurant concession area has been planned to be independent of the rest of the recreation center building.

Messrs. Funke and Kimbell explained that the plans represented the expressed wishes of the representatives of some 27 sports groups, and recommended approval of the design as submitted.

On motion of Commissioner Zimmerman, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2671

Res. No.2671

Commission Appvs. Schematic Plan for Lake Merced Recreation Center

RESOLVED, that this Commission does hereby approve the Schematic Plan of the Lake Merced Recreation Center as submitted by Messrs. Weihe, Frick and Kruse, Architects, a project to be financed by the 1955 Bond Fund. This approval is given with the understanding that subsequent and more complete drawings will be presented at a future meeting.

(3) Plans Presented for New Access Road and Approach to Harding Park

General Manager Authorized to Proceed With Plans for New Access Road to Harding Park Golf Course

Mr. Funke presented drawings for a new access road and approach to the Harding Park Golf Course from the south terminus of Sunset Boulevard. This new plan would replace the foot-bridge destroyed by the March 22 earthquake and would also eliminate and serve as a replacement for the access roadway which connects Harding Park with the Skyline Boulevard. The Commission had previously approved and placed in the department's 1957-1958 Supplemental Budget Request an item of $75,000 to meet the construction costs for the new plan. Mr. Funke requested authority to proceed with the plans and to confer with the Department of Public Works for their advice and information on the best type and location of approaches, and the best source for fill material.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the General Manager was authorized to proceed with the plans.

(4) Final Plans and Specifications for Rehabilitation of Jackson Playground Approved.

Next considered were the Final Plans and Specifications as submitted by Schubart and Friedman, Architects, for the rehabilitation of Jackson Playground, to be financed from the 1955 Bond Fund program.

Mr. Harman explained that these final drawings carry out the intents and objectives of the preliminary drawings on the same subject and approved previously by the Commission. The sole item excluded from the original planning is the night lighting of the playground.

UNFINISHED BUSINESS (cont'd)

On motion of Commissioner Herz, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 2672

Res. No. 2672

Commission Accepts Final Plans & Specs. for Rehabilitation of Jackson Playground

RESOLVED that this Commission does hereby accept and approve the Final Plans and Specifications for the Rehabilitation of Jackson Playground as prepared by Schubart and Friedman, Architects, said construction having an estimated cost of $80,500. for rehabilitation of the grounds and $37,500. to move and refurbish the building.

NEW BUSINESS

(1) Award of Contract: PAINTING OF INTERIORS OF LION HOUSE and PACHYDERM HOUSE, S. F. ZOO - to D.E.BURGESS CO. - $5,102.00

The Commission next considered the following bids received and opened by the Secretary on Tuesday, April 16, 1957 for the above captioned work:

		Amount Bid
LOW BIDDER G. E. YOUNG	3737-17th Street, San Francisco 22	$4,333.33
Other Bidders		
D. E. BURGESS CO.	2198 Oakdale Ave., S.F.24	5,102.00
RUSSELL HINTON CO.	1213-15 Fell St., S.F.17	6,373.00
DEEMER & DEEMER	60 Hazelwood Ave., S.F.12	6,626.00
ROBERT A.THOMPSON	165 Landers St., S.F.14	6,640.00
W.G.THOMPSON	3170-23rd St., S.F.10	7,389.00

FULTON PAINTING CO.	338 Fulton St., S.F.2	9,555.00
MANOR PAINTERS	2 Edgehill Way, S.F.27	11,317.00

The Secretary reported that he had received a letter from the low bidder, G. E. Young, stating that he had failed to take into consideration the addendum to the specifications, resulting in a major and honest mistake in his bid proposal. Mr. Harman further reported that the low bidder had not filed the non-collusion affidavit in his bid proposal. On these two counts the Commission rejected the low bidder's proposal, and on motion of Commissioner Herz, seconded by Commissioner Zimmerman, award of the contract to the second lowest bidder was made under the following resolution:

Resolution No. 2673

Res. No.2673

Commission Awards Contract for Painting of Lion Hse. & Pachyderm House at S.F.Zoo - to D.E.BURGESS CO. - for $5,102.00

RESOLVED that this Commission, on recommendation of the General Manager, does hereby award the contract for Painting of Interiors of Lion House and Pachyderm House, San Francisco Zoo, to D. E. BURGESS CO., 2198 Oakdale Avenue, San Francisco, they being the second low regular and responsible bidder therefor in the amount of $5,102, all other bids having been rejected; and, be it

(2) Award of Contract: BALBOA SOCCER STADIUM BLEACHERS - to C. J. COLLINS CO. - WELLNITZ & DeNARDE, JOINT VENTURERS - $224,608.00

The Secretary next read the bids received and opened by him on April 16, 1957 for the above mentioned work:

	Amount Bid.	Alt.#1	Alt.#2
LOW BIDDER C.J.COLLINS CO.-WELLNITZ & DeNARDE, JOINT VENTURERS 2166 Market Street, S.F.14	$235.668	$224,608	$214,331
Other Bidders			
Robert L. Wilson	$241,400	$226,030	$211,135
Martinelli Construction Co.	$246,410	$ 13,080	$ 34,600

Mr. Funke recommended that the Commission accept the low bid of $224,608, which covers all of the original program with the exception of the television deck which was planned to be placed on top of the Press stand. He stated that if television is desired in later years, the structure will be capable of receiving the additional weight, and the addition could be easily constructed.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 2674

Res. No.2674

(6) Southern Pacific Railroad Donates Steam Locomotive to Department for Use on A Playground.

Commissioner Moore reported on her review of the offer of the Southern Pacific Railroad Company to donate an outdated steam locomotive for use as an attractive amusement for children on a city playground.

Through the interest and sponsorship of the San Francisco News, an offer has been made by the Sheedy Drayage Company to move the locomotive to a location at Fleishhacker Playfield, without cost to the city.

Mr. Funke then reported that he had received a letter from Mr. Gilbert H. Kneiss, Assistant to the President of the Western Pacific Railroad Company, that his company had arranged with the late Herbert Fleishhacker to also donate a locomotive to the city's playgrounds.

On motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 2678

Res. No.2678

EXPLANATORY NOTE: At the regular meeting of December 27, 1956, under Resolution No. 2521 the Commission granted permission to the Library Commission to erect and maintain a Branch Public Library in the western section of the North Beach Playground, consisting of an area of 45' x 100'. The drawings were identified as Scheme #1, Job 928, dated July 11, 1956. On January 28, 1957, the Board of Supervisors approved by Ordinance , File No. 14,942-1 the construction of a Branch Library in the North Beach Playground in accordance with the Recreation and Park Commission's Resolution No. 2521.

It was suggested at the Board of Supervisors that both Commissions cooperate in the design of the branch library building so that there would be the fullest utilization of the area occupied, and it was proposed that the lower level of the building might be made to provide a suitable covered recreational facility.

* * * *

Representatives of the Library Commission present at the meeting were Commission President Mr. Bert Simon, Commissioners J. Max Moore, Miss Rose Fanucchi, City Librarian, Mr. Lawrence Clarke, and Commission Secretary, Mr. Frank Clarvoe, Jr.

President Sutter opened the meeting by asking Mr. Harold N. Wolfard of Appleton & Wolfard, Architects designing the building for the Library Commission, to present the drawings which he had prepared following the Commission meeting of Thursday, April 25, 1957. Mr. Wolfard showed the original scheme which had first been approved in December 1956, and he then introduced the alternate drawings.

Mr. Harman, department Supervising Engineer, explained that the new alternate plan could provide easy access to the mothers' section, and while eliminating the lower level play space, could provide additional storeroom and lavatory facilities located to serve the playground.

Commissioner Gallagher recalled that at an informal meeting of the Commission members and staff, it was the staff's recommendation that play space be provided under the building, with a head clearance of 14 feet.

Asked for reasons for the change in the staff's recommendations, Mr. Kimbell and Mr. Harman stated that costs of cantilever construction were excessive; use of supporting columns made the basement place space impractical.

Commissioner Gallagher expressed dissatisfaction in not having been advised of the staff's change from the Commission's original policy, and Commissioner Parr also voiced objection to the seemingly hasty proposal to change the plans without having had the original drawings submitted for Commission consideration.

5-1-57

Commissioner Parr asked that the engineers prepare a report of their recommendations and the reasons therefor. He said he knew that the Commissioners wishes to cooperate with the Library Commission, but that the best action must be based on sound reasons. He advised against hasty action, pointing out that an additional month would not jeopardize the library services in light of the 14 years that the Library Commission has already spent searching for a location. Following these remarks, Commissioner Parr was excused from the meeting to fulfill a previous appointment at the Mayor's office.

There then ensued a period of interrogation in which Library Commissioner Max Moore asked Library Architect, Mr. Wolfard, specific questions on his preparation of the drawings and his submitting them for approval and acceptance to both Commissions and the staffs, and on which there was some disagreement. Commissioner Moore stated that if the Recreation and Park Commissioners wanted 14-foot clearance under their library building that it would be provided.

Mr. Funke stated that engineering difficulties made the 14-foot clearance space impractical; that the suggestion to relocate the building would require resubmission to the Board of Supervisors, and the staff therefore recommended that a compromise be made in which the Recreation and Park Commission would accept storage space and public sanitary facilities, in lieu of the other two schemes.

In answer to Commissioner Gallagher's inquiry, Mr. Kimbell expressed a preference for the storage space and sanitary facilities proposed in the alternate plan, rather than the 14-foot head clearance choice of the lower level play space.

President Sutter asked for Commission suggestions.

Commissioner Gallagher stated that the Commission must rely and depend upon the staff for recommendations. He believed that all Commissioners recognized their responsibility to the people of the North Beach district. He commented that there were only four Commissioners present to vote on the recommendations of the staff.

Commissioner Zimmerman expressed her personal opposition to the lower-level type of play area.

Commissioner Gallagher asked for further clarification of the staff recommendation, and Mr. Funke answered that the department is confronted by two demands: the Library Commission's demand for speedy action, and his own Commission's demand that a 14-foot head clearance be provided in the lower level. In view of the engineer's report that a 14-foot ceiling with clear area under the building is impractical and excessive in cost, and that moving the building to a new location would bring about delay in the Board of Supervisors, the staff recommends that the Commission accept the plan that will provide public restrooms and storage space. Commissioner Gallagher asked if the staff would accept responsibility for its recommendation for the change in the building plan which eliminates the lower-level recreation space. Messrs. Harman, Kimbell and Funke were in full agreement for accepting responsibility for the recommendations.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Resolution No. 2679

Res. No.2679

Commission Appvs. Alternate Plan As Prepared by Library Commission's Architects, Appleton & Wolfard

RESOLVED that this Commission, on the full and unqualified recommendation of the Supervising Engineer, Recreation Superintendent, and the General Manager, does hereby approve the alternate plan for construction of the Branch Library in the North Beach Playground, said plan prepared by Appleton & Wolfard, the Library Commission's architects, and identified as Scheme No. 7, Sheets Nos. 1, 2 and 3, Job 928, dated April 30, 1957; it being understood and agreed to by the Library Commission that the

Res. No.2679 (continued)

Library Commission shall finance and provide for construction in the building of two public rest-rooms with direct access to the playground area, storerooms for janitorial and caretaker supplies, rearrangement of the floodlighting system, and repaving for the tennis and volleyball courts, and the construction and landscaping of the triangular section at the south end of the building that will servo as a jointly used approach area between the library building and the mothers' and children's play section, all in accordance with the aforesaid architectural drawings.

SPECIAL ORDER OF BUSINESS

Public Hearing on Proposed Acquisition of Property for Expansion of Helen Wills Playground

President Sutter introduced the special order of business by relating that the public hearing was being held at the suggestion of the Finance Committee of the Board of Supervisors as a means of determining the public's opinion on the proposed acquisition of property for the expansion of the Helen Wills Playground. President Sutter read the following description from the Agenda:

> The property adjoining the playground is situated at the northwest corner of Larkin and Pacific Streets, with a frontage of 127.6 feet on Larkin Street and 206.25 feet on Pacific Avenue, comprising Lots 2 through 8, in Assessor's Block 573. (Notice of this public hearing was published April 18, 1957 as official advertising in the San Francisco Examiner, and a copy of the published notice has been posted at the Helen Wills Playground and mailed to property owners and interested organizations).

He added that the session would be confined to a public hearing and that any action of the Commission would be deferred to a later meeting.

Mr. Allan L. Sapiro, Attorney at Law, 329 West Portal Avenue, representing persons protesting the expansion, addressed the Commission. His main contention was that in the Recreation Bond Issue of 1947 funds were appropriated and approved by the voters for the construction of a gymnasium and recreation center at the Helen Wills Playground, and that the expansion of the open-air aspect of the playground was not contemplated at that time. He objected to the departure from the original plan as altered in the 1955 Bond Issue, which contemplated the expansion of the playground. Mr. Sapiro spoke at some length of the delays and difficulties he had encountered in endeavoring to present his objections to the proper city officials.

Others speaking in opposition to the expansion were, Mr. Howard Taylor, Mr. and Mrs. Frank Williams, Mrs. Bianchi, and Mr.David Lee.

A delegation of mothers from the immediate neighborhood of the Helen Wills Playground addressed the Commission, requesting that the playground be enlarged. Among these were, Mrs. Joseph Fazzio, Mrs. William Chong and Mrs. Logan. Mrs. John M. Douglas,

SPECIAL ORDER OF BUSINESS (cont'd)

Chairman, Group Work and Recreation Council, Community Chest, emphasized to the Commission the important need for more recreation facilities.

Commissioner Parr asked if the proposed cross-town freeway would in any way affect the playground location. No definite information was available, except that Mr. Frank Williams reported by hearsay that the President of the City Planning Commission had said that the freeway route would be between Polk and Larkin Streets.

Mr. Philip L. Rezos, City Director of Property, told the Commission that a condemnation suit had been filed many months ago and advised that a decision should be reached as early as possible, so that the owners of the property under condemnation could clear the presently clouded title.

To further complaints by Mr. Sapiro that he had been denied access to departmental information and files on the Helen Wills matter, Mr. Funke objected strenuously and denied that any public records had been withheld from Mr. Sapiro's inspection.

Mr. Harman and Mr. Kimbell reported to the Commission that there was no expansion plan available, but that there is a program for such expansion.

Commissioner Parr asked for more detailed information on the expansion program and stated that he wished to visit the property and inspect the Chinese Recreation Center as well, because several references were made to the Chinese Recreation Center as an efficient recreation facility.

Further Consideration of H.Wills P/G Expansion Set for May 23, 1957.

Commissioners agreed to take the matter under study, and in order to limit further delay, set further consideration of the matter for the next regular meeting on Thursday, May 23.

Consideration of Bay View Quarrying Operation Matter Again Postponed (2)

In the matter of the proposed quarrying operation on approximately 50 acres adjoining the southern boundary of Bay View Park, the Secretary reported that Commissioner Gallagher, due to his absence, had requested a 2-week postponement on consideration.

Commissioner Parr expressed his interest in the entire Bay View area development and advocated that all aspects be thoroughly studied before any action is taken. He requested that prior to any formal action he be given the opportunity to review the entire file on the Bay View matter. He expressed the opinion that the commercial, industrial and highway development would result in a substantially increased valuation of Bay View properties.

President Sutter appointed Commissioner Parr to serve on the Bay View committee with Commissioner Gallagher.

Mr. Funke informed the Commission that the City Planning Department had suggested in a subsequent letter that the City Planning Department's study of Bay View would be completed shortly and would be available to assist the Commission in its decisions on the development of the area.

COMMUNICATIONS

(1) From O. B. Hempstead, County Assessor, San Mateo County, advising that his office has revalued all golf courses in San Mateo County, and that the assessed value of the Sharp Park Course for the fiscal year is $93,950. This reassessment will result in a tax increase from $1180 to $8000.

The Secretary read the copy of a letter from the Board of Supervisors to the City Attorney and the Assessor, stating that Supervisor J. Eugene McAteer had called attention to the apparent inequitable situation whereby excessive taxes are levied upon lands located in San Mateo County and owned by the City and County of San Francisco, specifically, Sharp Park Golf Course and the Crystal Springs Golf Course.

Members of the Commission felt that when a neighboring county builds, operates and maintains a public golf course in San Mateo County and makes these facilities available for the recreation of all persons on an equal basis, including those who are residents of San Mateo County, the placement of a tax burden on this public recreation service is hardly equitable or fair.

Mr. Funke, General Manager, recommended that the Commission go on record to the San Francisco Board of Supervisors opposing the increased taxation and protest in writing to the San Mateo County Board of Supervisors.

On motion of Commissioner Parr, seconded by Commissioner Moore, the following resolution was adopted:

COMMUNICATIONS (cont'd)

Res. No.2698

Commission Records Its Objection to Proposed Increased Taxation of Sharp Park Public Golf Course and Pledges to S.F.Bd.of Supv. Its Support to Elim. Inequitable Taxation of City Holdings in S.M.Co.

Resolution No. 2698

RESOLVED, that this Commission does hereby unanimously record its objection to the proposed increased taxation of the Sharp Park Public Golf Course as proposed by the San Mateo County Assessor, and pledges to the San Francisco Board of Supervisors whatever assistance it may offer in support of the action to eliminate the inequitable taxation of the Sharp Park Golf Course, a public recreation facility operated and maintained by San Francisco for the enjoyment of the general public..

(2) From Calvin B. Tilden, operator of the boat rental and refreshment concession at Stow Lake, Golden Gate Park, requesting a renewal of the existing lease for an additional 3-year period.

Commissioners reviewed a financial statement of Mr. Tilden's operations as prepared by the Business department. Mr. Hoyt suggested a reduction of the renewal from a 3-year period to a 2½-year period.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2699

Commission Appvs. Renewal of Agreement for Boat Rental & Refreshment Booth Operations to Calvin V. Tilden for Per. June 15, 1957 thru Dec. 31, 1959

Resolution No. 2699

RESOLVED, that this Commission does hereby approve and award to Calvin V. Tilden, d.b.a. Stow Lake Company, a renewal of the agreement covering the boat rental and refreshment booth operation, for a period of two and one-half (2½) years, commencing June 15, 1957 and ending December 31, 1959, both days inclusive; the terms and conditions of said agreement to incorporate therein the modifications adopted by the Commission under Resolution No. 1067 and approved by the Board of Supervisors at its meeting of June 22, 1953, File No. 10570.

(6) From Eugene J. Riordan, Director of the Redevelopment Agency, City and County of San Francisco, requesting permission to use portions of Hamilton Playground for street widening purposes in connection with the Western Addition redevelopment area and the schedule for the widening of Geary Street.

The Secretary informed the Commissioners that Mr. Riordan had withdrawn the foregoing request when his attention had been directed to City Attorney's Opinion No. 604, August 29, 1952, outlining procedures to be followed in connection with the exchange of a strip of Hamilton Square for a larger area owned by the Redevelopment Agency. The Redevelopment Agency will resubmit its request at a later date in accordance with the recommended procedure.

Matter of Supplemental Approp. of $950 (Allowance for Use of Employees' Cars in City Bus.) Referred to Comm'r Zimmerman to Confer With Mayor's Office

(7) From George Grubb, Administrative Assistant to the Mayor, advising that a supplemental appropriation in the amount of $950 for Allowance for Use of Employees' Cars, has been disapproved.

Mr. Hoyt explained that this money was needed mainly to reimburse employees in the Recreation Division for the use of their private cars for City business. He stated that it was possible to transfer funds from other accounts to this appropriation, if such transfer could obtain the Mayor's approval.

As this matter has a critical effect on the recreation activities and service, on motion of Commissioner Parr, seconded by Commissioner Moore, the suggested transfer of funds was referred to Commissioner Zimmerman's committee, with the understanding that she would confer with the Mayor's Office.

UNFINISHED BUSINESS

(1) Further Consideration on the Expansion of Helen Wills Playground

Further Consideration On Expansion of Helen Wills P/G Postponed to Mtg. of June 13, 1957.

President Sutter next called for further consideration of the proposed expansion of the Helen Wills Playground, the Commission having held a public hearing on the matter at the May 9 meeting in accordance with a request from the Finance Committee of the Board of Supervisors.

Commissioner Gallagher asked for the staff recommendations on the proposed expansion and the reasons therefor.

Mr. Kimbell reported that the present playground was too small

UNFINISHED BUSINESS (cont'd)

and needed enlargement, and that the district had a high juvenile delinquency rate.

Commissioner Moore asked for reasons for changing from the original idea of constructing a large recreation center.

Mr. Kimbell stated that the Galileo High School gymnasium served the neighborhood and that the young child needs more open space. Mr. Kimbell pointed out that even with the large open space there would be limitations on its use, and that the proposed softball diamond would be crowded.

Commissioner Gallagher requested information on the census tracts of the neighborhood and for a statement of facts supporting a decision that an expansion of the playground is necessary. He stated the Commission must have facts if the staff recommendation is to be supported.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, consideration was again postponed to the meeting of June 13, pending submission of the staff's completed report.

(3) Forty Niners Professional Football Schedule for 1957 Approved

Mr. Coffman next presented the schedule of football contests and Kezar Stadium rental of the San Francisco Forty Niners professional football team for the 1957 season, with a recommendation for adoption.

On motion of Commissioner Coffman, seconded by Commissioner Herz the following resolution was adopted:

UNFINISHED BUSINESS (cont'd)

Res. No.2709

Commission Appvs. Per Rental of Kezar Stadium & Schedule of Professional Football Games for 1957 Season

Resolution No. 2709

RESOLVED that this Commission, on recommendation of the General Manager, does hereby approve a contract with the San Francisco Forty Niners for the rental of Kezar Stadium for ten (10) Sunday afternoon contests, in consideration of payment to the City of ten (10%) per cent of the gross receipts and a $2500 minimum guaranty, the scheduled dates being as follows: August 18 and 25; September 1, 22 and 29; October 6 and 27; November 3; December 8 and 15; and, be it

FURTHER RESOLVED, that the Recreation and Park Commission does hereby waive those broadcasting and picture rights referred to in paragraph 5 (b) of the Forty Niners contract, and waives its right to prior approval of televised programs arranged by opponents of the San Francisco Forty Niners as set forth in Paragraph 7, provided that the management of the San Francisco Forty Niners agrees to notify the Manager of Kezar Stadium not less than forty-eight (48) hours in advance of any game which will be televised by an opponent of the San Francisco Forty Niners."

(4) Commissioner Zimmerman's Report on Suggestion That Certain Recreation and Park Facilities Be Used By Cooperative Nursery Schools

Commissioner Zimmerman next reported on her committee's investigation of the proposal that certain Recreation and Park facilities be made available for use by cooperative nursery schools. Mayor Christopher had by letter transmitted the suggestion to the Commission with a request for a report on the matter.

Commissioner Zimmerman submitted a staff report for the Commission's review, recommending that the department's facilities be retained for the specific use for which they were built, namely, recreation; and that the granting of exclusive use of a public recreation building to any group prevents the general public from the free use of its facilities.

Commissioner Zimmerman further reported on City Attorney Opinion No. 1166, dated May 10, 1957, in which he advised the Secretary that the Commission cannot allow recreation and playground buildings and facilities to be used for cooperative nursery schools.

Dr.A.J.Azevedo Dir. Adult Program S.F.Public Schools

Dr. Alfred J. Azevedo, Director, Adult Program, San Francisco Schools, gave a general outline of the cooperative nursery school structure and program in San Francisco. He stated that there were eleven cooperative nursery schools in the city and the Board of Education furnishes the educational leadership to the parent groups. He said that these parent groups were separate and distinct from the Adult Education Program and that the teachers were paid by the parent groups. Dr. Azevedo called attention to Senate Bill No.999 currently before the Legislature, which is a permissive bill that would grant municipalities the right to allow the use of their school buildings or recreation centers by private groups.

Commissioner Parr

Commissioner Parr concurred with Commissioner Zimmerman that Senate Bill No. 999 should be studied before any report or recommendation is submitted to Mayor Christopher.

Action on Use of Dept.Properties by Nursery Schools Postponed to Future Meeting.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the matter was postponed to a future meeting with the request that an outline of the material be transmitted to each Commissioner in advance.

Mrs. J. J. Connell, 2531-15th Street, President, San Francisco Council of Cooperative Nursery Schools was present and requested that the Secretary send her a copy of City Attorney's Opinion No. 1166.

UNFINISHED BUSINESS (cont'd)

(5) Commissioner Moore's Committee Report On Further Development of Strybing Arboretum and the Selection of Personnel

Commissioner Moore reported that after much study and following meetings with representatives of the Civil Service Commission, the City Attorney, and with the Controller, it was her committee's recommendation that a qualified consultant be employed under contract for the laying out, arranging, establishment and completion of the Arboretum, this expert to be paid from the Strybing Fund. From this expert's report, the Commission could then proceed further in establishing an administration policy and a total plan for staffing the Arboretum.

Commissioner Moore further recommended that the Civil Service Commission be notified to postpone indefinitely any examination for the position of Director, Strybing Arboretum, and that her committee be authorized to meet with park personnel for the purpose of explaining and clarifying the Commission's present course of action.

Commissioner Coffman

Commissioner Coffman commented that the review and study of this problem over a period of several weeks had been enlightening and educational to the Commission, the staff, and the public, and that it was now readily apparent that the Commission had definite responsibilities in carrying out the terms and conditions of the Strybing Bequest. He lamented that twenty years have passed with only an approximate one-third of the Arboretum developed.

Commissioner Herz

Commissioner Herz complimented Commissioner Moore's report as a fine analysis of the situation and urged adoption of the recommendations.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.2710

Resolution No. 2710

Civil Service Commission To Be Requested to Postpone Until Further Notice Any Examination for the Position of Director of the Arboretum. Commission to Contract for Services of Consultant.

WHEREAS, during recent weeks the Recreation and Park Commission has had occasion to study in detail the provisions of the Helene Strybing Bequest, wherein a large sum of money was bequeathed to the City for purposes of establishing and completing an Arboretum and Botanical Garden in Golden Gate Park; and, whereas much work remains to be done in the development of the Arboretum; now, therefore, be it

RESOLVED, that this Commission does hereby determine as Trustees of the Strybing Fund that, it is to the City's best intests to finance with Strybing Funds a contract for the services of a qualified expert in the laying out, arranging, establishment and completion of the Arboretum; the Commission to receive further from this Consultant recommendations for staffing the Arboretum, including the qualification requirements for the successor to the position being vacated by the retirement of Eric Walther, the present Director of the Arboretum; and, be it

FURTHER RESOLVED, that pending the execution of said contract, this Commission requests that the Civil Service Commission postpone, until further notice, the examination for the Director, Strybing Arboretum.

(2) General Approval Given Pre-Preliminary Report and Review of Russian Hill Park Plans Presented by Lawrence Halprin

Commission Gives General Approval to Pre-Preliminary Rep. & Sketches Presented by Landscape Architect Lawrence Halprin for Development of Russian Hill Park.Mr.Halprin Directed to Go Ahead with Preliminary Drawings.

Mr. Funke reported that Lawrence Halprin, Landscape Architect, had prepared his first sketches for the development of Russian Hill Park, and suggested that the Commission might wish to review them at this early stage so that policy could be definitely established on the type of improvements to be made.

Mr. Halprin presented his sketches, reporting that he was confident that the proposed plan could be developed within the budget figure of $57,500.

Commissioners expressed satisfaction with the plan and following considerable discussion, accepted the recommendation of Mr.Halprin that because of the park's walk-through character, affording a panoramic view rather than recreational areas, no provision be made for the costly installation of a comfort station.

The Commission gave general approval of the plan and authorized Mr. Halprin to proceed with the preliminary drawings.

(4) Acceptance of $1000 Gift From Four Teamsters' Unions to Finance Cost of Preparing Locomotive for Children's Use at Fleishhacker Playfield

Mr. Funke submitted a written report recommending that the Commission formally accept the gift of $1000 from four teamsters'unions,

NEW BUSINESS (cont'd)

donated by them to the Commission for work that will be necessary to prepare a locomotive at Fleishhacker Playfield for the use of children of San Francisco. He reported that the check had been deposited with the City Treasurer, pending acceptance by the Commission and the Board of Supervisors.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 2713

Res. No.2713

Commission Accepts & Requests Board of Supv. to Formally Accept Gifts to City of (1) Steam Locomotive from S.P.Company (2) Sheedy Drayage Co's Offer to Move Engine to Site at Fleishhacker Playfield, and (3) $1000 Gift From 4 Teamsters' Unions to Provide Safety Measures for Locomotive

WHEREAS, the Southern Pacific Railway Company has offered an old-time steam locomotive to the City of San Francisco to be used for the children's recreation and enjoyment; and

WHEREAS, the Sheedy Drayage Company has offered to donate its services in delivering and placing the locomotive at the selected site at Fleishhacker Playfield; and

WHEREAS, four teamsters' unions have offered a gift of $1000 to finance the preparation of the locomotive as safe children's play apparatus; and

WHEREAS, the San Francisco News and Mr. Joseph Sheridan, staff writer, have been largely responsible for the promotion of this worthwhile civic project; now, therefore, be it

RESOLVED, that this Commission does hereby gratefully accept the steam locomotive offered by the Southern Pacific Company, the Sheedy Drayage Company's offer to deliver the locomotive, and the $1000 gift donation equally participated in by the following four teamsters' unions:

Building Material and Construction Teamsters
Local Union No. 216

Automobile Drivers and Demonstrators
Local 960, I.B. of T.C.S. and H.of America

Garage and Service Station Employees' Union

(5) Boundary Fence - Sharp Park Golf Course

Commissioner Parr inquired about recent articles in the San Francisco News reporting with some criticism on the erection of a boundary fence on the perimeter of the Sharp Park Golf Course.

Mr. Hoyt reported that the fence had been erected to eliminate trespassers and unauthorized players from the golf course and to regulate the schedule of play by preventing delay by golfers patronizing a refreshment stand and coffee shop adjacent to the sixth fairway. Mr. Hoyt reported that the department's reasons for erecting the fence have been related to Mr. George Murphy, News staff writer.

(1) Renewal of Golf Professional Contracts

The Commission next considered the renewal of the Golf Course Professional contracts, this matter having been postponed from the meeting of May 23 pending a committee review and more detailed report by the staff.

Following Commissioner Gallagher's report, on his motion, and on the second of Commissioner Coffman, the following resolutions were adopted:

Res. No.2726

Commission Appvs. Renewal of Golf Professional Lease Agreement to Ray deHaven at Lincoln Park for 1-1/2 Yr. Period Commencing July 1, 1957.

Resolution No. 2726

RESOLVED that this Commission, subject to approval by the Board of Supervisors, does hereby approve the renewal of a lease agreement covering the professional golf services of Ray de Haven at Lincoln Park, for a 1-1/2 year period commencing July 1, 1957, with no option for renewal. The terms shall be a monthly rental of 6% of the gross receipts to $50,000 per annum, and 8% of the gross receipts exceeding $50,000 per annum, with a minimum monthly rental of $100.00 per month; the expiration date to be December 31, 1958.

(2) Investment of Bequest Monies Approved by the Commission

The Commission next considered a memorandum report prepared by the Commission Secretary, giving the terms and conditions of the various bequests held in trust and having cash balances on deposit with the Treasurer.

President Sutter recommended acceptance of the report and the investment of $94,000 of cash balances from various bequest funds. He recommended the purchase of United States Treasury Certificates bearing interest at 3-1/2% and maturing April 15, 1958.

The Commission accepted the Secretary's memorandum report and, on motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2729

Commission Directs President Sutter & Commission Secretary to Arrange With City Treasurer For Purchase & Deposit of $94,000. of U.S.Gov't Treas. Certificates

Resolution No. 2729

RESOLVED, that this Commission does hereby authorize and direct the President and the Secretary to arrange with the City Treasurer for the purchase of United States Government Treasury Certificates bearing interest at 3-1/2% and maturing April 15, 1958, said purchases to be made from the cash balances of the bequest funds and to be deposited and apportioned as follows:

Morris Herzstein Bequest	$ 3,000

(3) Proposed Use of Dep't Facilities by Cooperative Nursery Schools

Commissioner Zimmerman reported that persons interested in the possible use of playground properties by cooperative nursery schools were present, and she suggested that they be granted the privilege of the floor.

Mrs. J.J.Connell, President of the San Francisco Council of Cooperative Nursery Schools, read a prepared statement outlining the purposes, function and operation of the cooperative nursery schools, and introduced Mrs. Keith Eickman, Delegate at Large, Council of Cooperative Nursery Schools.

Mr. Rubin Tepper, Attorney, and a parent member of the cooperative nursery schools, reported on the legal aspects and authority of the cooperative nursery school operation, citing Section 24402(c) of the Governmental Code to demonstrate that cooperative nursery schools qualify under the definition of recreation. He suggested that Senate Bill No. 999 which has passed both House and Senate and awaits the Governor's signature, would clearly permit the use of public recreation properties by cooperative nursery groups. At the request of Commissioner Parr, Mr. Tepper agreed to submit to the Secretary a written statement covering his remarks.

A representative of the Miraloma Nursery School explained that they were being forced to vacate their present quarters in a neighboring church building and were seeking quarters on public recreation property.

Mr. Kimball stated that he hesitated to recommend turning over recreation space when it is presently being used by the department.

President Sutter directed that Mr. Kimball prepare a list of properties not being used and that could be considered for

possible use by cooperative nursery schools, and to report particularly on Glen Park and John P. Murphy Playgrounds at the next meeting.

Secretary Directed to Request From City Atty. New Opin. re. Legality of Commission Granting Use of Its Properties for Co-op. Nursery Schools

On motion of Commissioner Zimmerman, seconded by Commissioner Coffman, the Secretary was directed to request a further opinion from the City Attorney as to whether or not the provisions of Senate Bill No. 999, if enacted into law, will make it possible for the Commission to legally grant the use of recreation space to a cooperative nursery school.

(4) Protective Chain Link Fence - Sharp Park Golf Course-No. Boundary

The Commission again considered the public controversy which had arisen in recent weeks regarding the erection of a protective chain link fence at the north boundary of the Sharp Park Golf Course. The Secretary read the letter of Mayor George Christopher under date of May 27, requesting that the Commission investigate the matter and report its findings.

Mr. George W. Hippeli, Attorney at Law, 400 Montgomery Street, addressed the Commission in the interest of Mr. and Mrs. Floyd Guffin, operators of a food and refreshment establishment located across the road from the golf course protective fence. He presented a petition containing 577 signatures of golf course patrons, requesting that the Commission permit the installation of a gate in the fence.

Commissioners Sutter, Coffman, Parr and Herz reported on their personal investigation of the golf course operation and discussed fully the many factors involved in the regulation of the course and erection of the protective fence.

Commissioner Gallagher stressed the importance of obtaining the formal opinion of the City Attorney in connection with any action which the Commission might consider, so that there would be full assurance as to the legality of the Commission's position.

Secretary Directed to Request Opinion of City Attorney re. Installation of Gate, Liability Involved & Problems of Its Regulation

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the Secretary was directed to request the opinion of the City Attorney with respect to the question of the installation of a gate in the protective fence, the liability involved, and the problems of its regulation.

(5) Commission Accepts Report of Director of Property re. Status of Land Acquisition - McLaren Park

In accordance with the instructions from the previous meeting, the Secretary read the following report from Mr. Philip L. Rezos, Director of Property, on the land acquisition program for McLaren Park:

"The land remaining to be acquired consists of 19.6 acres, which comprises 6.4% of the total park area. These are held in 48 separate ownerships. Of these 48 ownerships, 10 are substantial improved properties, 5 homes and 5 nurseries, including living quarters. Of the balance, only 3 are substantial unimproved holdings. The balance are small holdings of one or two vacant lots of relatively little value.

"We intend to concentrate on this project and within 60 days we hope that we will have it substantially completed, or with regard to some parcels, turned over to the City Attorney for action. Our present estimate is that approximately $500,000 will be required to acquire the remaining property."

(6) Expansion of Helen Wills Playground

President Sutter reported that he had received a letter from Allan L. Sapiro, Attorney for petitioners who oppose the proposed expansion of the Helen Wills Playground, requesting a postponement to the June 27 meeting, as he would be in eastern cities and unable to attend the meeting of June 13.

Several persons were present who wished to speak on the proposed expansion, and President Sutter stated that no formal action would be taken today in view of Mr. Sapiro's request, but that persons who wished would be permitted to speak on the subject.

Mrs. John M. Douglas, presently Chairman of the Group Work and Recreation Council of the United Community Fund of San Francisco, and formerly chairman for the Recreation and Park Bond Issue of November 1955, explained to the Commission her knowledge of the particular needs of the Helen Wills Playground district. Mrs. Douglas quoted from printed matter used in the Recreation Bond Issue of 1955 to demonstrate that the proposed expansion was contemplated and a definite part of the Bond Issue planning. She cited the limited recreation facilities of the general area, and hazards created by the Broadway tunnel as a further reason for providing the safety of a playground. Mrs. Douglas quoted the statistics of 3,346 children residing in the district and urged expansion of the playground.

Proposed Helen Wills P/G Expansion Held On Calendar for June 27 Meeting

Also speaking in support of the proposed expansion were Mrs. George Curry, representative of the Second District PTA and Mrs.A.Boyd Puccinelli, Chairman, Executive Committee of the San Francisco Youth Council, and the Council of Parents and Teachers. Three speakers who identified themselves as parents living in the district, spoke in favor of the enlarged playground.

The proposed Helen Wills Playground expansion was ordered held on the calendar for the June 27 meeting.

NEW BUSINESS

(1) Rehabilitation of Washington Square

Commission Gives General Approval to Prelim.Drawings & Cost Estimates for Impvt. of Washington Square. Secretary to Notify North Beach Citizens' Committee That Plans Are Open To Their Inspection Prior to June 27 Mtg.

Mr. Francis J. McCarthy, Consulting Architect, submitted the preliminary drawings and preliminary cost estimates for the improvement of Washington Square. He described in detail the work contemplated to be done within the budget. This consisted of demolition, re-grading, construction of a new convenience station, installation of plaza and walks, and landscaping, planting of trees and shrubs, at an estimated cost of $43,000. Mr. McCarthy also submitted estimates for the entire work which could be accomplished at a later time.

Members gave general approval to the plans, but were of the opinion that the North Beach Citizens' Committee for the Beautification of Washington Square should be notified that the preliminary plans are completed and an opportunity should be offered to the Committee to inspect the plans before their acceptance by the Commission.

On motion of Commissioner Gallagher, seconded by Commissioner Herz, the Secretary was directed to send written notice to the North Beach Citizens' Committee and to arrange for an inspection of the plans prior to the meeting of June 27.

REPRESENTATIVES AND DELEGATES

(1) McLaren Park Planning

Request of Various Interested Organizations to Participate in Planning the Development of McLaren Park Referred to the Gen.Mgr. Meetings To Be Held and the Various Organizations To Be Notified.

Mrs. C. N. Kiser, Chairman of the Visitacion Valley Youth Council, Florence P. Friedman, Director, Visitacion Valley Community Center, and Mrs. John M. Douglas, Chairman, Group Work and Recreation Council, United Community Fund, appeared before the Commission to request that an opportunity be given to their organizations to study the preliminary plans for the development of McLaren Park. Each speaker told of the active interest and stake which their organizations had in the future of McLaren Park, and offered to work with the Commission in developing the best plan for its use.

The Secretary read letters from each organization, supporting these statements and stressing the importance of allowing interested organizations to study and participate in the planning.

On motion of Commissioner Parr, seconded by Commissioner Herz, the requests were referred to Mr. Funke, who assured the representatives that the committee meetings on the planning of McLaren Park would be held and invitations sent to each representative.

(2) Land Acquisition - Helen Wills Playground

The Commission continued its consideration from previous meetings of the proposed land acquisition for Helen Wills Playgroud.

Mr. Allan L. Sapiro, Attorney, representing certain property owners in the immediate neighborhood of the playground, addressed the Commission and thanked them for postponing action at the last meeting because of his absence. He argued against the expansion of the playground, alleging that it was not proposed in the 1955 Bond Issue and contended that the original plan of 1947 called for a community center, with expansion on Broadway rather than on Larkin Street. He claimed there was no justification for expansion when the youth population of the district had declined.

Both Mrs. John Douglas and Mrs. A. Boyd Puccinelli answered Mr. Sapiro, stating that the 1955 Bond Issue definitely called for land acquisition for the further development of the Helen Wills Playground, and that the proposal had the official support of the Board of Directors of the Community Chest. Mrs. Curry, representing the Second District Parent-Teacher Association, told the Commission that she was authorized to give that organization's endorsement to the proposed expansion of the playground.

Commissioner Gallagher remarked that the series of hearings had brought forth sufficient facts and statistics in support of expansion.

On motion of Commissioner Herz, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.2739

Resolution No. 2739

Necessity for Expansion of Helen Wills Playground Having been Reaffirmed, the Director of Property Requested to Proceed with Eminent Domain Proceedings Under Superior Ct, Condemnation Action No. 451348.

RESOLVED that this Commission, having thoroughly re-examined its plans for the expansion of the Helen Wills Playground, and having heard evidence demonstrating that the densely populated Helen Wills recreation district lacks adequate recreation facilities, had increased automobile traffic hazards, has a youth population of 3,346 children as set forth in census tract statistics, and having heard the endorsements for expansion by the United Community Fund, the Parent-Teacher Association and the San Francisco Youth Council, does hereby find and determine that the acquisition of additional property for the expansion of the Helen Wills Playground is a required public necessity; and, be it

REPRESENTATIVES AND DELEGATES (cont'd)

Res. No.2739 (continued)

FURTHER RESOLVED, that the Secretary is hereby directed to inform the Education, Parks and Recreation Committee of the Board of Supervisors that the public hearings have been held as requested, that the proposal for expansion has been fully considered, and the Commission recommends that, pursuant to its earlier Resolution No.2282 and Board of Supervisors' Resolution No. 16909, the Director of Property be instructed to proceed with the acquisition of the required Helen Wills Playground property by eminent domain under Superior Court Condemnation Action No. 463348.

(3) Perimeter Fence - Sharp Park Golf Course

Commissioners had before them City Attorney's Opinion No. 1172, dated June 26, 1957, advising that "The Commission may, upon an investigation of all the facts, conclude that a gate should be installed in the fence at Sharp Park near the sixth tee, and that such determination, if the funds are made available, could not be effectively questioned by anyone and the Commission's action would be final."

Commissioner Coffman stated that in view of the petitions presented by golfers requesting that a gate be installed in the perimeter fence as an accommodation, the Commission should consent to the request.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2740

Res. No.2740

Commission Directs Gen.Mgr. To Have Gate Installed In Sharp Park Perimeter Fence at Sixth Tee.

RESOLVED that this Commission, having investigated all the facts does hereby conclude that a gate should be installed in the perimeter fence at Sharp Park Golf Course in the vicinity of the sixth tee, and does hereby direct the General Manager to arrange for the installation of said gate at city expense and without further delay; the gate to be operated and controlled solely by the department.

Commission Thanked by Mr. Guffin, Owner,Sixth Tee Inn

Mr. Floyd Guffin and his attorney, Mr. Hippeli, thanked the Commission for its prompt action in granting the petition

(4) Commission Again Considers Request for Portion of Sharp Park for Coastside Boys' Club.

Secretary Directed to Request City Attorney's Opinion re, Legality of Leasing Sharp Park Property for Construction & Operation of Boys' Club By Branch of Boys' Club of America

Mr. Funke reported that he had received a letter from Mayor Christopher requesting that the Commission re-survey the proposal of Mr. Albert Spore and Mr. W.H.Wolf of Sharp Park, in which they asked that part of the city-owned property at Sharp Park be leased for the purpose of constructing a boys' club.

Commissioner Zimmerman reviewed the Commission's earlier action on the proposal, stating it had been disapproved for the reason the property desired by the boys' club serves as a protective boundary strip for city property.

Mr. Spore and Mr. Wolf addressed the Commission, renewing their request and citing the need for supervised recreation in their rapidly-growing community. Mr. Spore, President of the Coastside Boys' Club, said that his organization is seeking to incorporate as a branch of the Boys' Clubs of America and they are only asking for the use of the land itself, without interfering with the golf course. He stated the building would be erected to conform with the Commission's specifications and approval, and would be operated in accordance with the Commission's regulations. He mentioned several California cities which have leased their properties to boys' clubs on a long-term basis. Mr. Blankford, editor of the Coastside Newspaper, also spoke on behalf of the Boys' Club request. Commissioners suggested that San Mateo County might be requested to provide the required land.

Following discussion, President Sutter directed the Secretary to request an opinion from the City Attorney whether it would be legal and proper for the Commission to provide for the leasing of the property for construction and operation of a boys' club by a branch of the Boys' Club of America.

UNFINISHED BUSINESS (cont'd)

(2) Disapproval-Department of Public Works' Plan to Channelize Traffic On Great Highway

This matter having been continued from the previous meeting to permit a personal inspection of the section of the Great Highway proposed for traffic channelization, Commissioner Herz reported that he had made a personal visit with President Sutter to inspect the location. The section of the Great Highway is located directly in front of Playland-at-the-Beach and is essentially a recreation area where cars are parked and many pedestrians cross the highway to visit the beach. Channelization would tend to speed the traffic and would not accommodate the pedestrians. Dr. Herz and Mr. Sutter both opposed the traffic plan.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 2749

Res. No.2749

Commission Disapproves Channelization on Great Highway from Pt.Lobos to Main Drive.

RESOLVED that this Commission, having investigated the proposed parking layout and channelization of the Great Highway from Pt. Lobos Avenue to Main Drive, as submitted by the Department of Public Works in Drawing No. STR-2356, does hereby disapprove the said traffic plan for the reason that it would tend to increase the speed of traffic in a public recreation area, and would interfere with the presently enforced reduced auto speeds and the pedestrians' present easy access to the beach.

(3) Approval of Department of Public Works' Plan for Closing of Hampshire Street

This matter having been continued from the previous meeting to permit the Commissioners' personal inspection of the site, Commissioner Herz reported he and President Sutter had visited Franklin Square and saw no objection to the proposed closing of Hampshire Street, provided the International Association of Machinists erect a fence to the city's satisfaction.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2750

Res. No.2750

Commission Appvs. Plan of DPW for Closing Hampshire Street Adjoining Franklin Square

RESOLVED that this Commission, having reviewed the vacation of Hampshire Street between 16th and 17th Streets as reported by the Director of the Department of Public Works, does hereby find and declare that it has no objection to the vacation of Hampshire Street as described in Department of Public Works' map entitled "Proposed Vacation of Hampshire Street between 16th & 17th Streets" (File No. SUR-27).

(4) Approval of Preliminary Plans for the Improvement of Washington Square.

President Sutter reported that the North Beach Citizens' Committee for the Beautification of Washington Square had accepted the invitation to inspect the plans and that the meeting had been held for that purpose on June 25. He reported the committee representatives had expressed satisfaction with the plan as prepared by Architect Francis J. McCarthy.

On motion of Commissioner Herz, seconded by Commissioner Zimmerman, the following resolution was adopted:

UNFINISHED BUSINESS (cont'd)

Resolution No. 2751

Res. No. 2751

Commission Appvs. Prelim. Plans & Authorizes Architect McCarthy to Prepare Final Dwgs. for Stage #1, Impvts. to Washington Sq.

RESOLVED, that this Commission does hereby approve the Preliminary Plans for the Improvement of Washington Square as submitted by Mr. Francis J. McCarthy, Architect, and does hereby authorize him to proceed with the preparation of Final Drawings covering Stage No. 1, which has an estimated construction cost of $43,000.

(5) Approval of Preliminary Plans - Russian Hill Park

The Commission next considered the plans for Russian Hill Park as prepared by Lawrence Halprin. Members were in agreement that because of the "walk-through" character of this scenic park, it was not necessary to provide a comfort or convenience station and this item was removed from the planning.

On motion of Commissioner Zimmerman, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 2752

Res. No.2752

Comm.Appvs.Prelim. Plans-Russian Hill Park. Architect L.Halprin to Prepare Final Drawings.

RESOLVED, that this Commission does hereby approve the Preliminary Plans for Russian Hill Park as submitted by Mr. Lawrence Halprin, Architect, and does hereby authorize him to proceed with the preparation of Final Drawings at an estimated cost of $57,500.

(6) Request of Cooperative Nursery Schools to Use Department Facilities Continued to August 8 Meeting.

Consideration of Request of Cooperative Nursery Schls. for Use of Dept. Properties Contin'd to August 8 Mtg.

Representatives interested in the cooperative nursery school proposal that certain playground properties be made available for their use, were present.

Mrs. J. J. Connell requested prompt action, asking the Commission to make facilities at Miraloma Playground or the John P. Murphy Playground available for the sessions starting in September.

Commissioner Zimmerman reported that the City Attorney had not as yet rendered his second opinion relating to cooperative nursery schools and the effect which the passage of Senate Bill 999 would have on his earlier Opinion No. 1166.

The Commission considered it inadvisable to take any action prior to receiving the advice of the City Attorney, and consideration was continued to the August 8 meeting.

(2) Enabling Resolution for Short-Term Contract-Arboretum Consultant

Commissioner Herz reported that Commissioner Moore believed there may be an excellent opportunity to obtain expert consultant services for the Arboretum during the short period that leading botanists will be in the Bay Area attending a Stanford conference, during the month of August.

On motion of Commissioner Herz, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 2754

Res. No.2754

Commission Outlines Procedures To Be Followed In Connection With Hiring Consultant Services On Short-Term Basis for Strybing Arboretum, Amount Not to Exceed $500.00

WHEREAS, the Institute of Biological Sciences convening at Stanford University in August 1957, will have many outstanding authorities of both horticultural and botanical sciences participating in the Institute; and

WHEREAS, the presence of these horticultural and botanical experts in the San Francisco area will afford an unusual opportunity for this Commission to obtain expert analysis and advice on the establishment and further development of the Strybing Arboretum, ow, therefore, be it

RESOLVED, that this Commission does hereby approve and authorize the following procedures for securing the consulting services of a qualified horticultural or botanical expert during the short-term period of availability in the San Francisco area:

(a) Commissioner Moore's Arboretum Committee shall interview and screen the applicants and candidates for selection as short-term consultant.

(b) The City Attorney shall be requested to prepare a short-term contract covering the consultant services of the expert in making an analysis of the Arboretum and a report and recommendations on its planning, establishment and staffing.

(c) The Controller shall be requested to approve an expenditure not to exceed $500 of Strybing funds for purposes of payment of said contract; and

(d) Pursuant to the foregoing procedures, the General Manager and the Secretary be and are hereby authorized to execute the aforementioned contract for consulting services.

Commission Refers Request of Bird Guardians League to Police Department for Enforcement.

Mr. Dahlen stated that several Police officers with whom he had talked were unaware of this provision.

The Commission listened sympathetically to Mr. Dahlen, but decided that, rather than post all properties with the provisions of the above quoted section, this matter would be more expediently dealt with if it were brought immediately to the attention of the Police Department. The General Manager was so instructed.

Commission Gives Further Consideration to Closing of Hampshire Street, Referring It to the General Manager for Study & Recommendation on Union's Proposals.

(2) Proposed Vacation of Hampshire Street Between Sixteenth and Seventeenth Streets.

In connection with the Commission's approval for the vacation of Hampshire Street between 16th and 17th Streets (which approval had been given at the meeting of June 27 in Resolution 2750), Mr. Andrew J. Gallagher, representing the Southern Promotion Association, appeared to request that the Commission indicate its willingness to sell the westerly 40 feet of the street, which will revert to this department on the closing of the street.

Mr. Anthony Ballerini, Business Agent, and Mr. Matthew M. Fishgold, Attorney, representing the Production and Aeronautical Lodge No. 1327, International Association of Machinists Union, which owns the property that would be increased by reversion of the easterly 40 feet when closed, reported the Union's interest in this matter. They stated the Union's willingness to buy the westerly 40 feet of the street which will revert to this department at a fair market price to be determined by the Real Estate Department, and also stated their willingness to submit for the department's prior approval, plans for the improvement of their property.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, it was decided to refer the foregoing request to the General Manager for study and recommendation. At the same time the Commission reaffirmed its approval of vacation, which action was taken on recommendation of the General Manager and was predicated on the requirement that the owner of the easterly 40 feet of the street would submit for this department's prior approval any plans developed for the improvement of that property, including the erection of fences and/or structures.

(3) Board of Education's Request for Pro Rata of Department's Use of Sunset Community Center Land in Amount of $120,033.76.

Consideration was given to the communication from Dr. Harold Spears, Superintendent of Schools, informing the Commission it owes the Board of Education $120,033,76 as its pro-rata share of the land area at Sunset Community Center, which matter had been referred to President Sutter's Committee on Finance at the meeting of June 27.

President Sutter explained that after consultation with the General Manager and Mr. Robert Hoyt, Business Manager, he recommended that the required funds be derived from the following sources:

Unappropriated Balance, 1947 Recreation Bond Fund-	$ 97,798.03
Corona Heights - Construction Appropriation	22,235.73
Total	$120,033.76

By following this method of finance, he suggested the Commission would retain the greatest possible freedom for exercising its discretion in expending the funds remaining in the 1947 Recreation Bond Fund. Based on the assumption that the

(4) Disapproval - Use of Sharp Park Land by Coastside Boys' Club

At the request of His Honor Mayor George Christopher, the Commission had given careful consideration to this matter at its meeting of June 27. At that time the Commission directed that the advice of the City Attorney be obtained in connection with the legality of the Coastside Boys' Club's proposal. The Commission was now informed by Dion R. Holm, City Attorney, in his Opinion No. 1184, that it is not legally possible to grant the request.

On motion of Commissioner Zimmerman, seconded by Commissioner Herz, the following resolution was unanimously adopted:

Resolution No. 2779

Res. No.2779

Req.of Coastside Boys' Club To Use Portion of Sharp Park For Erection of Clubhouse Denied

RESOLVED, that on the advice of the City Attorney in his Opinion No. 1184 that the Commission may not legally allow the use of a portion of city-owned property at Sharp Park for the purpose of constructing and operating a Boy's Club as a branch of the Boys'Clubs of America, the request of the Coastside Boys' Club is hereby denied.

Req. of S.F. Council,Cooperative Nursery Schls. To Be Further Investigated by Supt.of Recreation

(5) Request of S.F.Council of Cooperative Nursery Schools for Use of Department Facilities

The Commission next considered the request of the San Francisco Council of Cooperative Nursery Schools for use of departmental properties.

8-8-57

UNFINISHED BUSINESS (cont'd)

In compliance with the request of Mayor Christopher for a report on the suggestion that certain playground buildings might be used to provide quarters for cooperative nursery schools, the Commission had directed that a staff investigation be made concerning the availability of certain playground buildings, and that the advice of the City Attorney be obtained as to whether or not the provisions of Senate Bill No. 999 make it possible to legally grant the use of space in playground buildings to cooperative nursery schools and, if so, to what degree such use may be permitted.

City Attorney Opinion No. 1183, presented to the Commission at today's meeting was, that the Commission may legally rent,lease, or grant the use of space to cooperative nursery schools on a non-exclusive basis, subject to such rules and regulations as the Commission may adopt.

During a thorough discussion of this matter in which representatives of the San Francisco Council of Cooperative Nursery Schools participated, it became apparent that certain properties sought for this purpose were not available, due to regularly programmed use for departmental activities. The particular properties in question were those located at Glen Park,Miraloma, and the J. P. Murphy Playgrounds.

It was decided with representatives of the San Francisco Council of Cooperative Nursery Schools that a review of the scheduled use of other properties would be undertaken by the Superintendent of Recreation. The Commission indicated it would have no objection to the use of facilities for the requested purpose, provided such use would not conflict nor interfere with regular departmental activities.

NEW BUSINESS

(1) Assistant Recreation Superintendent's Report on Tennis Nets.

Report by Ass't Superintendent Lang on Tennis Courts & Tennis Nets

Mr. James P. Lang, Assistant Superintendent of Recreation, reported that, as the result of a recent newspaper article citing the lack of tennis nets at Julius Kahn Playground, an immediate investigation disclosed that an order was in transit for the nets at this playground and that the nets were installed on the tennis courts the same day that the newspaper article appeared.

Mr. Lang reported that a city-wide survey of tennis courts revealed that 12 grounds were without nets, or a total of 29 nets were missing. Of this number, 11 nets will not be replaced at Mission Dolores Park and Richmond Courts, due to repeated vandalism and due to lack of interest in tennis; 8 nets will be replaced at Rossi, Portola and Jackson Playgrounds upon completion of construction at these three facilities, and the remaining 10 nets have been replaced.

(2) From Fredrik S. Waiss, Attorney at Law, requesting that the Commission join with Vincent H. O'Donnell and the Wells Fargo Bank and Union Trust Company, Trustees of the Mary Taylor Beardslee Bequest, in an accounting and petition to the Superior Court for instructions as to the disposition of the remaining funds ($2446.71)

Mr. Max G. Funke, General Manager, reported that he had checked with the City Attorney's office and had been advised that the procedure suggested by Mr. Waiss was proper, and he recommended that the Commission join with the other trustees in the requested action.

Commissioner Gallagher suggested that possibly the remaining funds might be used for maintenance purposes in connection with the several memorial gateways already constructed in Golden Gate Park with funds from the Beardslee Bequest.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Resolution No. 2790

Res. No.2790

Commission to Join With Other Trustees in Petition to Court re. Disposition of $2,446.71 Remaining in Beardslee Bequest.

WHEREAS the Recreation and Park Commission, trustee in the Mary Taylor Beardslee Bequest, has been asked to join with the other two trustees, Vincent H. O'Donnell and the Wells Fargo Bank and Union Trust Company, in an accounting and petition to the Superior Court for instructions as to the disposition of the sum of $2,446.71 remaining in the Trust Fund; now, therefore, be it

RESOLVED, that the Recreation and Park Commission, on recommendation of the General Manager, agrees to join with the other two trustees in such a petition; and, be it

FURTHER RESOLVED, that the City Attorney be and is hereby requested to represent the Commission in this matter.

(2) Commission Rejects Request to Reopen Case of Carrico & Gautier vs. City and County of San Francisco

Mr. William F. Bourne, Deputy City Attorney, was present to inform the Commission that a request had been received from the attorney representing the firm of Carrico and Gautier, Contractors, to reopen the case of Carrico and Gautier vs. the City and County of San Francisco.

Mr. Bourne explained the litigation had involved a suit by the contractor against the Recreation and Park Commission for alleged expensive delays occasioned by city action and inaction in construction of Sunset, St. Mary's, Potrero and Ocean View Fieldhouses. The City had filed a cross-complaint, alleging breach of contract in certain respects by the contractors.

The City had been awarded a judgment of approximately $18,000, while claims by the contractors had been approved by the Court in the amount of $4,800. Mr. Bourne explained that, to his knowledge, this is the first case where the City has recovered money from a contractor for improper work. He recommended against granting the request to reopen the matter.

The Commission expressed appreciation for the able and successful representation it had received from Mr. Bourne, and on motion of Commissioner Gallagher, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2792

Res. No.2792

Commission Rejects Reopening of Case, Carrico & Gautier vs.City & Co. of San Francisco

RESOLVED that this Commission does hereby reject the request to reopen the case of Carrico & Gautier vs. City and County of San Francisco.

(3) Commission Approves Installation of Telephone Booth at Beach and Hyde Streets - Aquatic Park-Property Used By Muni. Railway

Approval of the request of the Pacific Telephone and Telegraph Company for permission to install a phone booth at Aquatic Park, corner of Hyde and Beach Streets, was recommended by Commissioner Coffman, to whom this matter had been referred. He pointed out that the location in question is on property which the Commission had granted use of to the Public Utilities Commission for a cable car turntable, the action having been taken by a revocable permit approved in Resolution No. 2004, meeting of September 8, 1955).

In view of the occupancy of the subject area by the Public Utilities Commission and in view of a request from Mr. T. N. Bland, Manager of Utilities, for the installation of a telephone booth, Mr. Coffman recommended that, procedurally, permission for the installation of the phone booth be granted to the Public Utilities Commission.

On motion of Commissioner Coffman, seconded by Commissioner Hera, the following resolution was adopted:

Resolution No. 2802

Res. No.2802

Commission Grants Request of Public Utilities Manager For Installation of Public Telephone Booth at Hyde and Beach Streets At Cable Car Turntable

WHEREAS, the Public Utilities Commission in Resolution No.2004, meeting of September 8, 1955, was granted a revocable permit to erect and maintain at no expense to this Commission, a cable car turntable on a plot of land 80' x 125' in area at the northwest corner of Hyde and Beach Streets (extending 125' west on Beach Street and 80' north on Hyde Street), in Block 9, being a portion of Aquatic Park; and

WHEREAS, the Public Utilities Commission has requested permission to install a telephone booth on the property to provide telephone service for patrons of the Municipal Railway and also to provide a means of communication for inspectors and cable car operators; now, therefore, be it

RESOLVED, that the Public Utilities Commission be and hereby is granted permission to install a telephone booth at the corner of Hyde and Beach Streets, in the Aquatic Park area; and, be it

FURTHER RESOLVED, that the telephone booth will be included in a waiting-room facility, if and when such facility is ultimately built in conformance with the overall plan for the development of Block 9 for recreational purposes.

COMMUNICATIONS

Request of Mayor Christopher for An Engineering Study of Palace of Fine Arts Referred to General Manager. Mayor To Be Requested to Approve An Appropriation of $25,000 To Make Study.

(1) From Mayor George Christopher, requesting the Commission to proceed with the development of preliminary plans and cost estimates for the rehabilitation and ultimate use of the Palace of Fine Arts building, and asking for preliminary plans and cost estimates by December 1, 1957.

Members were of the opinion that a proper engineering study of the Palace of Fine Arts would be the only practical way in which to obtain cost estimates to serve as a basis for a possible bond issue at the Primary Election of June 1958. No such report has been made to date, and earlier architects' reports are out-dated due to increased market prices and new concepts for the future use of the Palace of Fine Arts Building and grounds. Further, the Mayor's Committee on Park Projects had recommended that such an engineering study be made.

On motion of Commissioner Parr, seconded by Commissioner Herz, the General Manager was instructed to ask Mayor Christopher if he desires such a detailed engineering study and if he would approve an appropriation of approximately $25,000 to meet the costs.

Action Re. Mayor's Statement of Procedures re. Ferry Park Deferred Until After His Cabinet Mtg. on Sept. 20.

(2) From Mayor George Christopher, transmitting a statement of procedure in connection with the City's policy on the Ferry Park Project and asking that when acted upon by the Board of Supervisors, the Commission immediately undertake whatever work is required by it in the program.

As several park projects, including the Ferry Park, are to be the subject of the Mayor's Cabinet meeting of September 20, action on the above communication was deferred to a later date.

(3) From J. H. Turner, General Manager, San Francisco Water Department, requesting that after September 22, 1957, no further motorboat races be permitted in the Lake Merced Reservoir, since he believes it involves the spilling of petroleum products into the water and stirring up the mud so as to pollute the water.

Mr. Funke reported to the Commission that, if it is to be the practice of the San Francisco Water Department to exercise strict prohibitions on the use of the lake as a means of maintaining the water at a high degree of potability, it would be advisable to re-examine the recreation program at Lake Merced,

including the proposed Aquatic Center, the fishing and concessions. Mr. Funke warned that severe restrictions of the Lake's use would defeat the purposes of much of the recreation program. Commissioners agreed with the report and took the matter under consideration.

With respect to Mr. Turner's request, President Sutter directed that following September 22, no further races be held until the problem had been discussed and reviewed with proper officials.

(4) From W. L. Greer, Public Relations Chairman, United Bay Area Crusade, requesting permission to erect displays in Union Square in connection with the annual campaign to raise funds.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 2808

Commission Grants Privilege of Erecting Displays in Union Square to United Bay Area Crusade, But Denies Request for Floral Plaque in Conservatory Dell, G.G.Park

Resolution No. 2808

RESOLVED, that this Commission hereby grants permission to the United Bay Area Crusade to erect displays in Union Square in connection with the annual campaign, but regretfully denies the request for the installation of a floral plaque in Conservatory Dell, as such use would be in conflict with the established policy which limits the floral plaques to conventions, holidays and anniversaries.

(6) From Dr. T. L. Schulte, Chairman, Field and Stable Committee, S. F. Polo and Racing Club, requesting consideration of matters relating to the Polo Stadium.

Following discussion, on motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 2810

Commission Refers Proposals of S.F. Polo & Racing Club to Gen.Mgr. and Staff for Report and Recommendation, Including Estimates of Cost.

Resolution No. 2810

RESOLVED that this Commission, having reviewed the following proposals of the San Francisco Polo and Racing Club as set forth in the September 10th letter of Dr. T. L. Schulte:

(1) Proposed installation of a permanent public address system at the Polo Stadium,

(2) Proposed erection of a hay storage shed,

(3) Proposed contracting for the use of the Polo Stadium on a continuing basis;

this Commission refers each proposal to the General Manager and staff for report and recommendation, including the estimates of cost involved so that, if approved, funds in the correct amount may be requested in the budget for the coming fiscal year.

UNFINISHED BUSINESS

(1) Twin Peaks Area-Suggested Playground Site

The Commission next considered the suggested playground site in the Midtown Terrace subdivision, which Standard Building Company has offered to the city for the sum of $40,000. Action on this matter had been postponed from the previous meeting so that a staff recommendation could be obtained.

Mr. Lang, Assist. Superintendent of Recreation, reported the property was not suitably located for public playground development, being situated where it would serve a very small percentage of the residents and was difficult of access.

On motion of Commissioner Coffman, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2820

Commission Rejects Offer of Purchase for $40,000, the Suggested Property for P/G Purposes in Midtown Terrace

Resolution No. 2820

RESOLVED, that this Commission does hereby decline the offer of the Standard Building Company of a parcel of land in the Midtown Terrace Tract, said parcel being unsuitably located for public playground development; and, be it

FURTHER RESOLVED, that the Director of Property be notified of this Commission's rejection of the offer by requesting the Director of Property to furnish information regarding any other properties in the Twin Peaks Midtown Terrace area that may be well suited for playground development.

NEW BUSINESS (5) Award of Contract: CONSTRUCTION OF LARSEN PARK SWIMMING POOL - to Engstrum & Nourse - $350,880.00

The Secretary next read the sealed bids received and opened by him for the above captioned work, on Tuesday, August 27, as follows:

(a) ENGSTRUM & NOURSE 923 Folsom Street, S.F,7	$350,880.00
(b) CAHILL CONSTRUCTION CO., INC. 350 Sansome Street, S.F.4	$353,353.00
(c) M & K CORPORATION 519 California Street, S.F, 4	$359,250.00
(d) MARTINELLI CONSTRUCTION CO., INC. 1580 Folsom Street, S.F. 3	$363,975.00

Mr. Funke reported that the low bid of $350,880.00 was $42,474. higher than funds appropriated for this project. Mr. Funke had been advised by Controller Harry D. Ross to request a Supplemental appropriation in that amount from the Unappropriated 1955 Bond Fund.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2822

Award of Contract to ENGSTRUM & NOURSE for Construc.Larsen Park Swimming Pool - $350,880.00. 60-day Extension in Award Requested.

Resolution No. 2822

(7) Approval of One-day Test of Rental Back-rests for Kezar Stadium

Commissioner Coffman reported that a type of portable back-rest which could be rented by spectators at football games, had been shown to him by parties interested in obtaining a rental concession of the item. Mr. Coffman was told that these back-rests will be available at Stanford and California stadiums. He suggested that the applicants be allowed to issue, free of charge, several hundred back-rests at one of the Forty Niner games, probably Sunday, September 22, for the purpose of obtaining the public's reaction to the item.

On motion of Commissioner Parr, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2824

Commission Appvs. 1-day Test of Portable Back-rests at Kezar Stadium

Resolution No. 2824

RESOLVED, that this Commission does hereby approve and authorize a one-day test of portable back-rests at Kezar Stadium; the applicants to distribute several hundred to patrons, free of charge, in order to permit the public to express its opinion of the item, it being understood and agreed that the applicant assumes all responsibility in connection with the test and holds the City and County of San Francisco and this Commission free and harmless of any claim or injury resulting from his use of the stadium.

I - Commission Endorses the Use of a Portion of Bay View Park as Site of Major League Baseball Stadium

Mr. Funke, General Manager, reported that Mayor Christopher had called a meeting of all departments concerned with the construction of a Major League Baseball Stadium, for the purpose of expediting the project; the meeting being scheduled for Wednesday, September 18, at 2:00 p.m., in the Mayor's Office.

President Sutter had called this Special Meeting so that the Commission could review the situation and formally establish its position regarding the use of portions of Bay View Park as the location of the contemplated stadium.

Commissioners inspected a site map clearly defining the proposed use of Bay View Park, and arrangements for the use of part of Gilman Playground in exchange for the reclamation of some of the tideland which adjoins that playground.

Following a lengthy discussion and examination of the proposal, on motion of Commissioner Gallagher, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 2826

Resolution No. 2826

Commission Endorses Use of A Portion of Bay View Park As Site of Major League Baseball Stadium

WHEREAS, this Commission wholeheartedly supports San Francisco's endeavors to successfully bring Major League Baseball to the Pacific Coast and to obtain a Major League Team for this city, and

WHEREAS, City Officials are agreed that the most suitable location for the construction of a Major League Baseball Stadium within the limits of this city is on properties located within Bay View Park and extending to adjacent areas; now, therefore, be it

RESOLVED, that this Commission unanimously endorses the proposal to use a portion of Bay View Park as the site of the Major League Baseball Stadium, and subject to the execution of legal agreements between the City and County of San Francisco and the baseball, financing and construction corporations, this Commission approves and authorizes the alteration and occupancy of the eastern portion of the Bay View hill, including Parcel 1, Block 5010A, together with the tideland property adjoining Gilman Playground, located in Blocks Nos. 4345 and 4363, situated between Fitch and Griffith Streets, with the understanding that proper rights of way and areas for access roads to Bay View Park be provided to assure in the future that the portion of Bay View Park not used for the Baseball Stadium development, will remain available for proper public use.

Application for Quarry Permit By Sanitary Fill & Cover Co. and Access Road at Bay View Park To Be Matters of Separate Negotiation

In connection with the foregoing, Mr. Funke reported that the City Attorney had reviewed the application of the Sanitary Fill and Cover Company for a quarry along the south slope of the Bay View Park hill.

Mr. Lawrence Mana, Deputy City Attorney, had advised it was his opinion that any stipulation in the permit requiring the Company to provide access roads, could not be enforced as a condition for granting the quarry use, but that such stipulation was a matter for separate negotiation.

In view of the City Attorney's opinion, on motion of Commissioner Parr, seconded by Commissioner Gallagher, the General Manager was authorized to reply to the City Planning Commission to the effect that the Commission approve the suggested draft of the quarry permit, with the understanding that the provision of an access road would be a matter of separate negotiation.

II - Commission Recommends to Board of Supervisors Adoption of Resolution Urging State Park Commission to Approve In Principle The Allocation of $2,000,000 of Tideland Moneys for Development of Project X, the Aquatic Park Maritime and Transportation Museum

The Commissioners next considered the resolution which Supervisor Francis McCarty had introduced to the Board of Supervisors, urging the State Park Commission to allocate tideland oil funds for development of Project X, the Aquatic Park Maritime and Transportation Museum.

Mr. Funke reported that Supervisor McCarty had advised him that he would make amendments to the resolution, asking the State Park Commission to approve, in principle, the allocation of tideland funds for the development of Project X, and to meet with proper agencies of the City and County of San Francisco for further discussion of details.

After a discussion of the proposed development and operation of the eastern portion of Aquatic Park as a State Park historic project, on motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2827

Resolution No. 2827

Commission Asks Bd.of Supervisors To Adopt Resolution Urging State Park Commission To Appv.in Prin. Allocation of $2,000,000 of Tideland Oil Money For Development of Project X At Aquatic Park

RESOLVED, that the San Francisco Recreation and Park Commission does hereby record its approval in principle of the development of Project X, the Maritime and Transportation Museum at Aquatic Park, through the allocation of $2,000,000 of State tideland oil moneys, and recommends to the Honorable Board of Supervisors of the City and County of San Francisco the adoption of the resolution introduced by Supervisor Francis McCarty, as amended, and quoted below:

"WHEREAS, The State Park Commission has been reported through reliable sources to stand ready to allot approximately $2,000,000 of moneys derived from tideland oil resources for the development of a State Park Project in San Francisco; and

"WHEREAS, It is further reliably reported that the so-called Project X, the proposed historical center at Aquatic Park, where historic ships would be assembled and rail and cable car museums maintained is acceptable for the expenditure of such State funds, and thus is constituted a suitable objective of local support which can become an exciting and profitable segment of the community; now, therefore, be it

"RESOLVED, That the Board of Supervisors of the City and County of San Francisco hereby go on record as requesting and urging the State Park Commission to APPROVE IN PRINCIPLE THE ALLOCATION OF the $2,000,000 representing San Francisco's share of tideland oil moneys for the development of Project X, the Aquatic Park Maritime and Transportation Museum, AND TO MEET WITH THE PROPER

I - Award of Contract - CONSTRUCTION OF McLAREN PARK SWIMMING POOL - to ENGSTROM & NOURSE - $352,900.00

The Secretary read the following sealed bids received and opened by him on Tuesday, September 17, 1957, for the above captioned work:

(a) ENGSTROM & NOURSE - 923 Folsom Street, S.F.7	$352,900.00
(b) MARTINELLI CONSTRUCTION CO., INC. 1580 Folsom Street, S.F.3	$356,789.00
(c) ARNTZ BROS, - 1745 Filbert Street, S.F.23	$370,700.00

Mr. Funke reported that the low bid of $352,900.00 was $46,151.73 higher than funds appropriated for this project. Mr. Funke had been advised by Controller Harry D. Ross to request a Supplemental Appropriation in that amount from the Unappropriated Balance of the 1955 Bond Fund.

On motion of Commissioner Zimmerman, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 2828 — Resolution No. 2828

Award of Contract to ENGSTROM & NOURSE for CONSTRUCTION OF McLAREN PARK SWIMMING POOL - $352,900.00.

RESOLVED that this Commission, on recommendation of the General Manager, does hereby award a contract for Construction of the McLaren Park Swimming Pool to ENGSTROM & NOURSE, 923 Folsom St., San Francisco, they being the lowest regular and responsible bidders therefor in the amount of $352,900.00, subject to the approval of a request to the Board of Supervisors for an extension of 60 days' time limitation for awarding said contract, to December 6, 1957, this extension being required to allow sufficient time for the appropriation of additional funds required to award the contract; all other bids having been rejected, and, be it

FURTHER RESOLVED, that the General Manager and the Commission Secretary are empowered to execute this contract on behalf of the Recreation and Park Commission; and, be it

FURTHER RESOLVED, that the Secretary shall file notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

II - Request for A Supplemental Appropriation of $46,151.73 to Award Contract for Construction of McLAREN PARK SWIMMING POOL

On motion of Commissioner Zimmerman, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2828A

Req. for A Supplemental Approp. of $46,151.73 to Award Contract to Engstrum & Nourse for Construction of McLAREN PARK SWIMMING POOL

Resolution No. 2828A

RESOLVED, that this Commission does hereby request the Mayor, the Board of Supervisors and the Controller for a Supplemental Appropriation in the amount of $46,151.73 from the Unappropriated Balance of the 1955 Bond Fund, to the credit of Appropriation 817.000.010 - McLaren Park Swimming Pool - to permit the award of the contract to the lowest responsible bidder in response to the formal call for bids, the firm of Engstrum & Nourse, whose proposal was $352,900.00.

III- Declaring the Commission's Policy Regarding the Approval of Terms and Conditions For Leasing the Proposed Bay View Park Stadium

The resolution prepared by the City Attorney's office, referred to the Commission's earlier Resolution No. 2826 endorsing the use of a portion of Bay View Park as the site of a Major League Stadium and recited the eleven points of Mayor Christopher's letter of intent by which the City would be willing to participate in bringing the Giants Baseball Team to San Francisco.

The Secretary then read a statement and resolution by Commissioner Parr, which approved the proposed resolution but declared that the Commission did not have responsibility for working out contracts for financing or constructing the stadium.

Mr. Jerry Cohen, Deputy City Attorney, was requested to outline the presently contemplated arrangements for the financing and construction of the stadium and the Commission's relationship to those plans. Mr. Cohen informed the Commission that the jurisdictional responsibility for the stadium will rest with the Recreation and Park Commission, and the final approval and responsibility for the contracts will be by action of the Board of Supervisors. He outlined the financial structure, pointing out that the City would be obligated only to the extent of the $5,000,000 Bond Issue approved by the voters in Proposition "B" in the 1954 election. Other funds will be furnished by financing and construction corporations whose bonds will be paid off by the revenues derived from the stadium operation. He cited the estimated revenues computed by the Controller to be a minimum of $125,000 per year for rental, and $270,000 annually from parking, with other revenues from advertising. In reference to item 9(a) of the resolution, it was Mr. Cohen's opinion that the arrangements regarding the possible use of Seals' Stadium would be entirely discretionary with the Commission. In the matter of the stadium's maintenance, it was his understanding that the Giants would meet all housekeeping expenses during the periods of their occupancy.

Commissioners discussed the possibility that some rentals from Kezar Stadium may be diverted to the new stadium and the revenues from such rentals would no longer be credited to the general fund but would go to pay off the financial obligations of the baseball stadium.

Commissioners accepted the foregoing explanation, and on motion of Commissioner Gallagher, seconded by Commissioner Parr, the proposed resolution was adopted, without amendment, as follows:

Res. No.2829

Declaring Commission's Policy Re.Approval of Terms & Conditions for Leasing the Proposed Bay View Park Stadium

Resolution No. 2829

WHEREAS, this Commission by its Resolution No. 2826 has endorsed the use of a portion of Bay View Park as the site of a major league baseball stadium; and

WHEREAS, the City and County of San Francisco does not presently have title to all the land in said area necessary for such Stadium and it will be necessary to purchase additional land; and

WHEREAS, competent engineering studies have estimated the cost of acquisition of land and the construction of said Stadium will

Res. No.2829
(continued)

greatly exceed the sum of $5,000,000 provided for in the 1954 Recreation Center bond issue; and

WHEREAS, public-spirited citizens have offered to form a non-profit corporation to grant financial aid and assistance to the City in the acquisition of additional lands for and the construction of a multi-purpose sports Stadium; and

WHEREAS, it is contemplated that financing of said project will be similar to that employed in the construction of the Fifth and Mission Public Parking Facility and that title to all the land and structure will vest immediately in the City and County of San Francisco; and

WHEREAS, the National Exhibition Co., owners and operators of the baseball team commonly known as the NEW YORK GIANTS of the National League, has evinced its willingness and desire to bring its team to San Francisco and use the proposed Stadium at Bay View Park, and has obtained permission from the National League to transfer its franchise from New York City; and

WHEREAS, in a letter by His Honor Mayor Christopher to Mr. Horace Stoneham, President of the National Exhibition Co., stating the basis upon which the City and County of San Francisco would be willing to participate in bringing the Giants baseball team to San Francisco, the following terms and conditions were proposed:

1. The City is to provide a new Stadium to be constructed with a seating capacity of 40,000 to 45,000. The Stadium will be so constructed as to permit future expansion if necessary.

2. The City is to establish and operate a parking area having a capacity of from 10,000 to 12,000 cars. The City will retain the revenues from the operation of the parking area for the amortization of its investment, but there shall be provided for the benefit of the baseball club, in an area of its choice, sufficient space to park 100 cars at no cost to the baseball club.

3. All revenues from concessions will go to the baseball club during its exclusive occupancy of the stadium.

(a) There shall be provided in this connection sufficient area for a club and restaurant.

4. There shall be exclusive occupancy each year commencing ten days prior to the official baseball season, running through the end of the official season, plus any playoffs or World Series, provided, however, with the consent of the baseball club, the City may rent the stadium for special events when the baseball club is away from San Francisco, and provided further that the grounds be restored to a satisfactory condition.

5. The rental for the baseball stadium shall be 5% of the gross receipts after first deducting taxes, visiting club's share, and the league's share. The baseball club guarantees a rental of $125,000 per year against the 5% rental.

(a) There shall be no rent paid in the event of World Series, all-star games, or exhibition games for charity.

6. The City shall equip the stadium for a going operation for baseball, including but not limited to lights for night games, all of the customary fixtures, equipment and appointments, seats with backs, suitable dressing rooms, dugouts and necessary grading and dressing of the property for the playing field ready to play ball.

7. In the construction of the stadium there shall be provided adequate and suitable office space,

8. The baseball club shall operate the stadium during the period of its occupancy each year and bear all costs of cleaning and service. The City shall at all times maintain the physical property.

9. The term of the lease shall be for twenty-five (25) years.

9-23-57

Res. No. 2829
(continued)

(a) In the event that the stadium, for any reason, cannot be ready in time for the 1958 season, the City is to contract with Mr. Paul Fagan, owner of Seals Stadium, for the lease of Seals Stadium. The baseball club will then lease this property from the City under the same terms and conditions as are referred to for the new stadium.

10. The final plans of the stadium shall be subject to the approval of the baseball club, and the site now under consideration, namely, Bay View Park, approximately 80 acres, is acceptable.

11. The club will have exclusive advertising privileges on the stadium fences, and the City will have exclusive privileges beneath the stands.

AND, WHEREAS, said terms and conditions appear to be fair and reasonable, NOW, THEREFORE, BE IT

RESOLVED, that this Commission does hereby approve the aforesaid terms and conditions subject to their being embodied, together with all other necessary terms and conditions, in a proper, fair and just lease for the use and occupancy of said stadium.

COMMUNICATIONS

(1) From Paul Oberman, Director of Planning, inquiring whether the Recreation and Park Commission is interested in acquiring a parcel of land consisting of the entire assessor's Block No. 1804. Property is in the vicinity of the Great Highway and Lincoln Way - building application is on file with City Planning for the erection of an apartment house

Sale of property near Ocean Beach and Lincoln Way, to be reported at next meeting

The Secretary read letters from Mrs. Thomas F. Best, Legislation Chairman of the Great Highway Group, and from Ruth Gumz, Secretary of the Central Council of Civic Clubs opposing the proposed erection of a motel apartment house on the property, and suggesting that the land be purchased by the City and developed for park or parking purposes. Mrs. Best was present at the meeting and made an urgent plea for the City to acquire the property, and for the City Planning Commission to postpone action on the application pending an investigation of the property's useability and market value. The City Planning Commission, contacted by telephone, agreed to a postponement on the application to its meeting of Thursday, October 10.

It was moved by Commissioner Parr, seconded by Commissioner Moore, and carried unanimously that action on the matter be postponed to the next regular meeting, October 10th, during which time the General Manager is to make complete investigation and report the facts to the Commission.

(4) From Phillip L. Rezos, Director of Property, replying to the Secretary's letter of September 13 and advising that the northwest corner of Ocean Avenue and San Jose Avenu, has been declared surplus by the Board of Fire Commissioners. To acquire this abandoned fire station property, which adjoins Balboa Park, the Commission must request the Mayor to arrange for a transfer of jurisdiction. According to Mr. Rezos, such transfer would not require any compensation to be paid by the Recreation and Park Commission.

On motion of Commissioner Moore, seconded by Commission Gallagher, the following resolution was adopted:

Res. No. 2831

Request for Jurisdiction of Property Adjoining Balboa Park:

Resolution No. 2831

RESOLVED, that this Commission does hereby find and declare that it is to the best interest of the Recreation and Park Department to acquire the parcel of surplus Fire Department property which adjoins Balboa Park at the northwest intersection of Ocean Avenue and San Jose Avenue; and, be it

FURTHER RESOLVED, that his Honor, the Mayor, be and is hereby requested to arrange for a transfer of jurisdiction of said property to this Commission, under the provision of the Municipal Code as set forth in Ordinance No. 7919.

UNFINISHED BUSINESS (Cont'd)

Palace of Fine Arts

The Secretary read in full Assembly Bill No. 1400, now Chapter 2386 of the Statute of 1957. This bill sets forth the terms and conditions under which the State would appropriate $2,000,000, as matching money to restore the Palace of Fine Arts. Commissioners discussed and debated the requirement that title to the land shall be transferred to the State. Members agreed that present cost estimates were matters of conjecture and that no reliable figure on the ultimate cost is available at this time.

The General Manager was instructed to prepare a report on the cost estimates and to keep the Commission advised of any changes in the situation. The Secretary was instructed to obtain further information on the legal aspect of the terms and conditions of Bill No. 1400, including Commissioner Parr's inquiry as to whether there could be a condition under which title could return to the City after a stipulated long term period.

Ferry Park Project

(2) Ferry Park Project

In connection with the Ferry Park Project, Mr. Funke reported that at the Cabinet meeting of Mayor Christopher on September 20, plans were discussed for the development of a city park on the west side of the Ferry building. At the meeting Mr. Opperman, City Planning Director, and Mr. Funke submitted a $600,000 preliminary cost estimate for park development west of Ferry building. Land acquisition cost for the contemplated improvement approximates $1,900,000.00.

Civic Center Plaza Design

The Secretary read a letter from Mr. Sherman P. Duckel, Director of Public Works, in which he requested the Commission's present opinion regarding preparation of a new design for the Civic Center Plaza. Mr. Duckel stated that the earlier combined efforts of the Planning, Art, and Recreation and Park Commissions along with his own efforts had been unsuccessful in obtaining the requested $4,000 for preparation of a preliminary re-design of the surface of Civic Center Plaza.

On motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 2841

Req.for Approp. $4000 for re-design of Civic Center Plaza surface

Resolution No. 2841

RESOLVED, that this Commission, as previously recorded under its resolution No. 2545, does hereby reaffirm its position supporting the proposal that funds be appropriated for a re-design study of the Civic Center Plaza surface: a study which the Mayor and several City Commissions have already advocated and for which an appropriation request in the amount of $4,000 is being submitted by the Director of the Department of Public Works to the Board of Supervisors for approval.

Major League Baseball Stadium

Commissioner Parr's Report on Major League Baseball Stadium

Commissioner Fred D. Parr, gave an up-to-the minute progress report on developments in connection with the memorandum of New York Giants Baseball Team to San Francisco. His verbal report was supported by the following memorandum which is made a part of the record as follows:

MEMORANDUM September 26, 1957

"To the
RECREATION AND PARK COMMISSION

"President Sutter attended the meeting in the Mayor's office yesterday afternoon with a large group interested in securing the GIANTS for San Francisco.

"I attended the meeting of the Finance Committee presided over by Supervisor Dobbs. Mr. Funke and Mr. McDevitt spent most of the time at the Finance Committee, but also attended the meeting in the Mayor's office.

9-26-57

NEW BUSINESS (Cont'd)

"As Chairman of your committee in connection with the plans to secure the GIANTS for San Francisco I was very much pleased with the cautious, constructive and forward-looking attitude taken by Supervisor Dobbs and the members of the Finance Committee.

"Mr. Harry Ross stated that he would furnish this commission with a complete report as soon as the whole program had reached a point where it could be reduced to writing.

"This is merely a progress report so that you will know that I am following through in connection with the assignment, but I want to repeat that I believe the matter is being thoroughly analyzed and that a sensible plan will be worked out, and a report submitted by the Board of Supervisors which will be satisfactory to the members of this commission, as they are taking their responsibilities seriously and have the tools with which to make the necessary investigations.

Small Boat Harbor Plans

Commissioner Parr's Report on Small Boat Harbor Plans

Commissioner Parr reported that he had recommended to the Mayor the appointment of a Citizens Committee to study and make recommendations for the establishment of an official city policy regarding small boat harbor developments. Mayor Christopher has extended written invitations to the suggested committee members and a meeting will be called by Mr Parr, as Chairman, in the very near future. Commissioner Parr asked President Sutter to serve as an ex officio member of the committee.

In connection with the above, Commissioner Parr reported that he attended a dinner meeting of the California Marine Parks and Harbors Association on the evening of September 25 at the St. Francis Yacht Club. Commissioner Parr was impressed with the organization's aims and efforts to improve boating facilities and he expects the California Marine Parks and Harbors Association to provide valuable assistance and support to San Francisco's small boat harbor development.

Kezar Press Box to Be Named In Honor Of Commissioner Coffman

Kezar Press Box to Be Named in Honor of Commissioner William M. Coffman

At this juncture Commissioner Parr asked that Commissioner Coffman be temporarily excused from the deliberations of the meeting. Commissioner Parr then reviewed the long years of outstanding civic service which Commissioner William Coffman had contributed to his city in many capacities, but especially as an active member and many times president of the Recreation and Park Commissions. He proposed that the new and ideally constructed Press Box at Kezar Stadium be named in honor of Commissioner Coffman and that a suitable plaque be placed in the Press Box. Commissioners recounted the fact that it was thru the efforts of Commissioner Coffman that a substantial donation was made to the City so that the Press Box could be completed.

Commissioner Parr submitted the following suggested wording for the plaque and inscription with the understanding that it was subject to review and amendment:

Public Utilities Commission Wishes Agreement On Recreational Use of Lake Merced

(3) From T. N. Bland, Manager of Utilities, Public Utilities Commission, forwarding a report on "Minimum Standards to Maintain Water Quality in Lake Merced Reservoir", and asking the Commission for its comments, so that an agreement covering the use of Lake Merced may be drawn in accordance with the Public Utilities Commission's permit allowing recreational use of the lake. Copies of the report were mailed to each Commissioner by the Secretary in advance of the meeting.

Mr. Funke reiterated that heavy restriction of the recreational use of Lake Merced could jeopardize its value to the public as a recreation area, and plans for the erection and development of an aquatic sport center at Lake Merced should be revaluated in the light of the Public Utilities Commission's report. It was apparent that this was a matter which would require negotiation and President Sutter referred the problem to Committees of Commissioner Zimmerman and Commissioner Gallagher. The first meeting with the sportsmen group concerning this matter being scheduled Monday, October 14, 1957.

(5) From Dr. Francis B. Quinn, President, Marina Civic Improvement and Property Owners Association, requesting that the Gondola given to San Francisco by the citizens of Venice be considered for placement in the Lagoon at the Palace of Fine Arts, and expressing confidence that this would be the most beautiful and most suitable setting for the gift. Mr. Funke reported that the gondola has not yet been officially received by the City. He believes that the Maritime Museum Association would use it as an exhibit temporarily and that ultimately it could be placed in the Lagoon of the Palace of Fine Arts.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the General Manager's recommendation was approved and the matter referred to him with full power to act.

UNFINISHED BUSINESS

Improvements to Bay View Park

(1) President Sutter reported that a meeting of all parties concerned was held in Mayor Christopher's Office on Wednesday, October 2, 1957, at which time preliminary arrangements were made for proceeding with the development and improvement of Bay View Park, in the vicinity of the proposed Major League Baseball Stadium.

Mr. Elmore E. Hutchison, Consulting Engineer, submitted his drawings describing the proposed improvements based on the agreements reached in the Mayor's Office.

Deputy City Attorney Jerome Cohen, presented a draft of a resolution and in recommending its adoption by the commission, he stated that the contemplated improvements, requiring removal of approximately 800,000 cubic yards as estimated by Mr. Hutchison, would be an improvement and benefit to Bay View Park, completely independent of the future of the proposed stadium.

On motion of Commissioner Gallagher, seconded by Commissioner Herz, a resolution was adopted:

Res. No. 2856

Resolution No. 2856

Improvement of Easterly End of Bay View Park for Recreational Purposes

WHEREAS, there has been submitted to this Commission a plan to improve the easterly end of Bay View Park to provide a 2.9 acres level area for recreational purposes, and

WHEREAS, it is the opinion of this Commission that said improvement will render said park more useful for recreational purposes, now, be it

FURTHER RESOLVED, that this Commission approves the improvement of the easterly end of Bay View Park for recreational purposes in accordance with Plan entitled, "Plan for Improving the Easterly End of Bay View Park," prepared by E. Elmore Hutchison, Consulting Engineer, October 10, 1957, a copy of which has been filed with the Secretary of this Commission, provided, however, that access to Bay View Park by way of Casey Drive shall not be interrupted unless and until satisfactory access to the Park is provided by way of Kay Avenue at the westerly end of said Park; and the General Manager is authorized and directed to proceed with the preparation of final plans and specifications to be submitted to this Commission for approval.

(3) Rejection of Private Property, Great Highway and Lincoln Way

The Commission next considered the earlier request of the City Planning Commission for an opinion of whether this Commission would be interested in acquiring Assessor's Block 1804 in the vicinity of the Great Highway and Lincoln Way for development as a park area.

Res. No 2856 (Continued)

This matter had been discussed at the last meeting and action deferred pending examination of the property. Mr. Funke reported that he and the staff did not consider it advisable or desirable to acquire the parcel.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following Resolution was adopted:

Resolution 2857

Res. No. 2857

Rejection of Private Property, Great Highway and Lincoln Way

RESOLVED, that this Commission, having investigated Assessor's Block 1804 does hereby find and determine that this narrow, irregularly shaped land parcel in the vicinity of the Great Highway and the Western extremity of Golden Gate Park, is undesirable and unusable for public park purposes and development, and the Secretary is instructed to so advise the City Planning Commission.

Crocker Amazon Restoration

Crocker Amazon Restoration

(5) Mr. Funke reported that Mr. Beard, Director of the San Francisco Housing Authority had advised him that they anticipated the complete removal of tenants within the next 30 or 60 days at Crocker Amazon Tract. The manner in which the properties are to be restored before return to the City is one which will require negotiation with the Housing Authority.

President Sutter referred this matter to Commissioners Gallagher and Coffman for action and report.

COMMUNICATIONS

(1) From Harold F. Haener, Vice President, Macy's California, offering to present to the City as an outright gift, a genuine gondola from Venice, valued at $12000.00, and requesting that it be used by the City as an exhibit at a location to be determined by City Officials.

Mr. Funke reported that the gondola has been accepted by Acting Mayor Henry E. Wolph, and is presently on temporary exhibit at the Maritime Museum.

The request of the Marina Residents that the gondola be placed in the lagoon of the Palace of Fine Arts could not be acted upon at the present time but might ultimately prove to be the best permanent location if the Palace of Fine Arts is restored.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution as adopted:

Res. No. 2863

Acceptance of a gondola as a gift from the citizens of Venice, Italy.

Resolution No. 2863

WHEREAS, the citizens of Venice, Italy, have generously offered to present as a gift to the City of San Francisco, a genuine Venetian gondola which was part of the International Fair Display at Macy's and which is now on temporary exhibit at San Francisco Maritime Museum; and

WHEREAS, the Mayor and City Officials have requested the Recreation and Park Commission to accept this genuine Venetian gondola for permanent display and exhibit at some suitable location within the City's park system; now

THEREFORE BE IT RESOLVED, that the Board of Supervisors be and hereby requested to accept on behalf of the City and County of San Francisco, this genuine Venetian gondola to be placed in the care and custody of this Commission for the enjoyment and pleasure of the public.

(5) From John McGrath, Clerk of the Board of Supervisors, notifying the Commission that the Education, Parks and Recreation Committee of the Board of Supervisors would recommend to the full Board on Monday, October 28th as follows:

a) That condemnation proceedings for the acquisition of additional property to expand Helen Wills Playground be withdrawn.

Helen Wills P/G Expansion

b) That the ordinance appropriating $330,000 from the 1955 Bond Fund for acquisition of land and improvements to Helen Wills Playground be repealed.

Mr. Funke explained the results of many hearings which have been held on this matter pointing out that the Supervisors' Committee has been particularly concerned about the possible routing of the cross-town freeway near the Helen Wills Playground. He expressed concern over the sudden adverse recommendation of the Supervisors Committee, but offered two alternatives:

(1) Find another site, or
(2) Use the money for a building on a presently owned City property.

He stated that, with the Commission approval, the staff would support its original recommendation before the Board on Monday, October 28th. The Commissioners were concerned that the Supervisors Committee have acted so summarily and instructed the Secretary to ask Supervisor McMahon, Committee Chairman, for the reason why the Committee had recommended against the land acquisition.

(1) Improvements to Bay View Park

Mr. Duke reported on progress to date on the various phases of the master plan of Bay View Park, and advised that in accordance with the Commission's direction, plans have been prepared for an informal contract providing for the excavation and removal of approximately 30,000 cubic yards of material from Bay View Park. It was ordered that plans and specifications be submitted to the Commission's next regular meeting for consideration and action thereon, and the following resolution was adopted:

Res. No. 2873

Improvement to Bay View Park

Resolution No. 2873

RESOLVED, that this Commission does hereby approve the plans and specifications for the proposed improvement of Bay View Park, consisting of approximately 30,000 cubic yards of material from Bay View Park, and the excavation and removal thereof, in accordance with the plans and specifications therefor, on file in the office of the Commission, and authorizes the General Manager to call for bids for the furnishing of labor and materials required for the proposed improvement;

(2) The Secretary then read a letter from Charles L. Harney, Inc., contracting and engineering firm, under date of October 18, 1957. Mr. Harney referred to Assessor's Block No.4963 in the Bay View Park, Gilman Playground area and expressed his desire to work out some arrangement or trade whereby he can fill in the city-owned property and bring it up to ground level in connection with the development of the parking area for the baseball stadium.

The Commissioners discussed the property in question and the estimated amounts of fill material that would be required to bring the property up to ground level. As there were several undetermined factors in this matter, on motion of Commissioner Zimmerman, seconded by Commissioner Moore, Mr. Harney's letter was referred to Commissioner Coffman for his consideration and attention as part of the Major League Baseball Stadium Project. Commissioner Coffman said he would report the matter at the next business meeting.

NEW BUSINESS

(1) McLaren Park Development

Mr. Harman presented preliminary plans for the development of McLaren Park which described a proposed realignment of roads and the establishment of temporary detour routes necessary during the first stages of park improvement. The plan proposed the relocation of Gilligan Drive over a new route from Persia Avenue on the west, to Mansell Street on the east. It also provided a new route from Mansell on the north to the intersection of Visitacion and Hahn Streets at the southerly part of the park. The proposed new routings made possible the designation of a 9-hole golf course layout in the park.

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No. 2874

McLaren Park Development

Resolution No. 2874

RESOLVED, that this Commission does hereby approve in principle the realignment of roadways in McLaren Park as prepared and submitted by the Supervising Engineer of the descriptive preliminary sketch No. 3095 (part 1 of 2) and the General Manager and Staff are hereby authorized to proceed with the development of plans and specifications in accordance with said realignment of roadways in McLaren Park.

* * * * * * * * *

The Commission next reviewed the preliminary sketches for the construction of the 9-hole golf course in McLaren Park. The sketch showed proposed location of freeways, putting greens and practice driving range. Mr. Harman estimates 150,000 to 200,000 cubic yds. of dirt would be removed by cut and fill to establish the proper grades.

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No.2874-A

Development of a 9-hole golf course

Resolution No. 2874-A

RESOLVED, that this Commission does hereby approve sketch No.3 as prepared by the Supervising Engineer for the development of a full length Nine-Hole golf course in McLaren Park and the General Manager and Staff are hereby authorized and directed to proceed with the preparation of plans and specifications for Commission approval, for construction of the golf course in accordance with the approved preliminary plans.

NEW BUSINESS (Cont'd)

(6) Ninth Annual Convention of California Association of Harbormasters and Port Captains, San Mateo, California

The Secretary read letter from Ralph H. Shaw, Park and Recreation Superintendent, San Mateo County, inviting attendance and representation at the California Association of Harbormasters and Port Captains Ninth Annual Convention to be held in San Mateo on November 8 and 9, 1957, and stressing the important questions that will be discussed regarding Small Craft Harbors and increased boat activities throughout California and noting that members of the California State Small Craft Harbor Commission will be present to take part in the overall conference.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2879

Authorizes Commission Secretary to Attend 9th Annual Convention-Cal. Assn. Harbormaster & Port Captains, San Mateo

Resolution No. 2879

RESOLVED, that this Commission on recommendation of the General Manager does hereby authorize the Commission Secretary to attend the meeting of the California Association of Harbormasters and Port Captains in San Mateo on November 8 and 9, 1957; registration fees and other expenses related to this attendance to be borne by the department.

(7) Stryking Arboretum

Commissioner Moore reported that a professional advisory committee comprising of leading educators from Stanford University and the University of California, and experienced botanists had held a meeting at her home on Monday, October 14 and had thoroughly explored the Stryking Arboretum planning, program, and leadership standards. Minutes of the meeting are being prepared and will be sent to each Commissioner.

Commissioner Moore stated that Mr. Walther had submitted a full written report covering his European tour of botanical gardens and that a further report would be made regarding findings and recommendations.

It was Commissioner Moore's suggestion that the Commission give formal recognition to the fine services which Mr. Walther had rendered to the City during his many years as Supervisor and Director of the Arboretum.

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

Res. No. 2880

Res. of Commendation to be transmitted by Secty. to Mr. Eric E. Walther, Arboretum and Botanical Superv. upon his retirement on 8-31-57.

Resolution No. 2880

RESOLVED, that this Commission does hereby express to Mr. Eric E. Walther, Park Superintendent, Arboretum and Botanical Research, its appreciation of the faithful and valuable services which he has rendered to the people of San Francisco while employed by the Recreation and Park Department; and the Secretary is hereby directed to express and transmit by means of a resolution of commendation to him, this Commission's appreciation of work well performed.

(8) Sharon Building

Mr. Livermore, who had presented a proposal at the October 10 meeting that the Commission submit the San Francisco Museum of Theatrical Arts to occupy Sharon Building, again appeared before the Commission to further explain his proposal. He submitted plans for the improvement of the Sharon Building to accommodate with the Museum operation, stating that the expenses of some planning and all construction costs would be borne by the Museum Association.

11-20-57

NEW BUSINESS (Cont'd)

Mr. Kimbell, Superintendent of Recreation, advised the Commission that the tennis players who use the Golden Gate Park tennis courts adjacent to the Sharon Building had been assured that the Sharon Building would be made available to them on a limited basis when the new tennis clubhouse is completed. This assurance had been given because the new tennis clubhouse, to be constructed with 1955 Bond Funds, will be smaller than was originally planned due to the increased construction costs. Mr. Kimbell was concerned that any major expenditure for the improvement of the Sharon Building by the Museum Association might tend to deprive the tennis players of use of the Sharon Building.

Two-year lease agreement for use of Sharon Building by The San Francisco Museum of Theatrical Arts granted

In answer to Mr. Funke's questions, Mr. Livermore assured the Commission that the Museum had no long range plans beyond the proposed two-year lease period, stating that only a two-year use was contemplated. If the Museum program proved successful, another location would be rented or a building constructed elsewhere.

Mr. Funke suggested that the lease agreement contain a clause permitting the departmental use of the Sharon Building when such use would not be in conflict with the operation or interests of the museum. Mr. Livermore agreed, adding that there could be a stipulation that the newly constructed gallery could be securely closed off from the public when the building was used for tennis meetings or other purposes.

On motion of Commissioner Zimmerman, seconded by Commissioner Moore, the Commission approved in principle the proposed two-year lease of the Sharon Building to the San Francisco Museum of Theatrical Arts as herein above outlined and with the further understanding that any proposed improvements would be subject to Commission approval, as well as the Art Commission and of the City departments concerned. The General Manager and Staff were authorized to prepare a formal lease agreement for Commission approval.

Proposed Restaurant Operation in Vicinity of Margaret S. Hayward Playground--No Action Taken

(6) From Robert J. Cort, Attorney, Cort and Finley, outlining the plans of his client, Mrs. June Sturgis, to establish a French Restaurant at the southwest corner of Golden Gate Avenue and Laguna Streets, across the street from Margaret S. Hayward Playground.

Mr. Cort was present and requested to address the Commission in connection with his client's application to the Board of Alcoholic Beverage Control for a beer and wine license at the proposed restaurant. He explained the type of operation and stated that he did not expect the Commission to take any official action on approval or disapproval at this time. His main purpose was to inform the Commission of the type of restaurant operation proposed so that when his client's application for a beer and wine license is filed with the Board of Alcoholic Beverage Control this Commission would be fully informed if any judgment is to be made in the matter. Members stated that the decision of issuance of licenses rests solely with the Alcoholic Beverage Control Board and no action would be taken on the matter at this time.

(7) From Commissioner Fred D. Parr, thanking all members of the Commission for their remembrances and good wishes for his recovery while in Stanford Hospital and advising that he expects to return to the Board in sixty days.

Members were most gratified to learn of Mr. Parr's safe recovery from a serious heart illness.

REPRESENTATIVES AND DELEGATES

Approval of Plans for Library Annex-California Academy of Sciences

(1) Mr. Decker G. McAllister, Chairman of the Board of Trustees, California Academy of Sciences, and Brooks Walker, Chairman of the Academy Building Committee and Mr. Milton Pfleuger, Architect, appeared before the Commission in the interests of their proposal for the addition of a Library Annex to the group of buildings comprising the California Academy of Sciences in the Band Concourse of the Golden Gate Park.

Mr. Pfleuger submitted a full set of preliminary drawings of the proposed library annex including a plot plan showing the proposed location of the building which will be located to the rear of the Morrison Planetarium.

Mr. McAllister explained that the new construction will cost approximately $600,000.00 and that substantial funds are now available, including a bequest from J. W. Maillard of approximately $350,000 00. It is intended that the library will be a memorial to the late Alice Eastwood.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 2883

Resolution No. 2883

RESOLVED, that this Commission, having reviewed preliminary drawings for the proposed library addition to the building group of the California Academy of Sciences does hereby approve preliminary plans for the library annex's construction as prepared by Milton T. Pfleuger, Architect, and shown on blueprints A-1, A-2, and A-3, under date of June 25, 1957, and filed with this Commission and

FURTHER, this Commission authorizes the California Academy of Sciences to further proceed with its plans for the erection of the Library Annex. subject to the approval of the Art and Planning Commissions and other city departments concerned.

UNFINISHED BUSINESS

(1) President Sutter reported that he , Commissioner Coffman and Commissioner Gallagher, accompanied by Messrs. Funke, McDevitt, Harman and Lang, made a personal inspection of the Crocker-Amazon Tract since the area had been vacated by the San Francisco Housing Authority. Due to the many changes that have been made on the property during its occupancy by various governmental agencies during the last seventeen years, it is readily apparent that the best way in which to restore the premises is to have the San Francisco Housing Authority complete the rehabilitation and restoration before returning the tract to the city.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher the following resolution was adopted:

Res. No. 2892

Restoration of Crocker-Amazon Tract for Recreational Use

Resolution No. 2892

WHEREAS Mayor Christopher and the Public Utilities Commission have approved the request that the Crocker-Amazon Tract be made available and returned to this Commission, and

WHEREAS upon the urging of the Mayor, the Public Utilities Commission and this Commission, the San Francisco Housing Authority has now terminated its occupancy of the Crocker-Amazon Tract, and

WHEREAS having vacated the premises the San Francisco Housing Authority has an obligation to the Public Utilities Commission and to this Commission to restore and rehabilitate the entire Crocker-Amazon area to its original condition as a recreational facility, all in accordance with the terms of the original agreement with the federal government when upon moving into the Crocker-Amazon Tract in May 1946, the San Francisco Housing Authority assumed all liabilities and responsibilities for the complete rehabilitation of the area; now therefore, be it

RESOLVED that this Commission with the approval of the Public Utilities Commission does hereby place before the

Assembly Bill 1400
Palace of Fine Arts

The Secretary reported that the Commission's request for an opinion from the City Attorney on the legality of a proposed transfer of title of the Palace of Fine Arts property to the State of California as called for in Assembly Bill 1400, is presently being prepared by the City Attorney. Several questions relating to title have delayed the City Attorney in reaching his conclusions. It is expected that the opinion will be issued within the next thirty-day period.

(3) Commissioner Herz reported that Mr. Bert Walker, Curator of the J.D. Randall Jr. Museum, had submitted a list of materials and supplies that would be most helpful to the museum's operation. The main items were related to a public address installation, motion picture projectors and intercommunication set. He recommended that the Commission recommend the expenditure from the Louella Lewis Bequest Fund to acquire the equipment, there being sufficient funds available in the accumulated dividends and interest from the Louella Lewis Bequest stockholdings.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 2893

Lewis Bequest
Fund for Supplies
for Junior Museum

Resolution No. 2893

RESOLVED, that for the best interests and proper operation of the J. D. Randall Jr. Museum, this Commission does hereby request the Controller to approve an expenditure of $1,012.27 from the Louella Lewis Bequest Fund to meet the purchase cost for equipment requested under requisitions of Bert Walker, Museum Curator, under date of October 10, 1957.

NEW BUSINESS

Request for Equestrian Center in Golden Gate Park

The Secretary reported that Supervisor Clarissa McMahon had introduced to the Board of Supervisors a proposed resolution urging this Commission to recognize the necessity for an equestrian center in Golden Gate Park and to report ways and means for its provision.

This resolution was prompted by the general report that the St. Francis Riding Academy, 701-7th Avenue, would soon go out of business and there would be no public stable accommodations to serve Golden Gate Park.

A draft of the resolution which is presently in the Education, Recreation and Parks Committee of the Board of Supervisors was read in full. Pending final action by the Board of Supervisors President Sutter referred the entire matter to Commissioner Parr, Chairman of Equestrian Matters.

(5) Movable Cages at Zoo

Mr. Harman, Supervising Engineer, submitted a report outlining plans for the first step in the development of the master plan of the San Francisco Zoological Gardens as outlined in Commissioner Moore's report and adopted by the Commission. Funds for the work are included in the current budget. First step consists of providing movable cages for the monkeys and birds, replacing the badly dilapidated structures now in use.

It is proposed that specifications permit receiving bids on twelve cages of three different types and providing alternates in the bidding so that deductions can be made to keep the contract within the funds available.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 2897

Movable Cages for Zoo

Resolution No. 2897

RESOLVED, that this Commission does hereby approve plans for the provision of movable cages at the San Francisco Zoological Gardens in accordance with the report submitted by the Supervising Engineer; and the General Manager and Secretary are hereby authorized to call for bids in accordance with said report, the plans and specifications to be so drawn as to permit an award of contract within the budget funds available in the amount of $24,000.00.

COMMUNICATIONS

(1) From Frank Talcott, Realtor, 704 Market Street, requesting consideration of the possible leasing of a parcel of land in Bayview Park for a radio beam station for a period of ten years.

The Secretary explained that after talking with Mr. Talcott, it was disclosed that the radio station would operate for a commercial use which is in conflict with Commission's policy and Charter provisions. Mr. Funke said that the proposed installation might also interfere with the proposed development of the park. Therefore, on motion of Commissioner Gallagher, seconded by Commissioner Moore, the foregoing request was denied.

* * * * * * * * * *

(2) From L. McKelvey, Land Supervisor, Pacific Gas and Electric Co., requesting permission to install an anchor on department property in the green belt area which will provide power to the Midtown Terrace and Forest Knolls subdivisions.

On recommendation of the Supervising Engineer and on motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the foregoing request was approved; the installation of the anchor to be made in accordance with the Work Order No. [illegible], which accompanied the letter of request. (P.G.& E. Drawing [illegible])

(5) From Philip L. Rezos, Director of Property, submitting for approval and submission to the Board of Supervisors a resolution authorizing acquisition by the City by eminent domain proceedings of certain real property required for the Bayview Stadium for the Major League Baseball. The sum of $40,000.00 is mentioned in the resolution as the preliminary estimated cost of acquisition of private property within the project site exclusive of lands owned by Charles Harney, State and the City.

President Sutter reported that he had approved the resolution and recommended the Commission's formal action for approval. On motion of Commissioner Gallagher, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 2899

Res. No.2899

Resolution authorizing eminent domain to acquire Bay View site for stadium

RESOLVED, that this Commission, having reviewed the requirements, does hereby find and declare that the acquisition of certain real property in the vicinity of Bayview Park is required and necessary in the public interest for the establishment of the proposed Bayview Stadium and necessary appurtenances thereto including a public off-street parking facility and access road to and therefrom; does hereby approve for submission to the Board of Supervisors a resolution prepared by the Director of Property, authorizing acquisition of the required properties; the preliminary estimated cost being $40,000.00.

* * * * * * * * * *

As a companion measure to the foregoing resolution, on motion of Commissioner Gallagher, seconded by Commissioner Herz, the the following resolution was adopted:

Resolution No. 2900

Res. No.2900

Request for Supplemental Appropriation $40,000 for acquisition of real properties for Bayview Stadium.

RESOLVED that this Commission, having found and declared that it is in the public interest to acquire by eminent domain proceedings certain real property for public park purposes as a site of the proposed Bayview Stadium, does hereby request the Mayor, Controller, and Board of Supervisors to approve a supplemental appropriation in the amount of $40,000.00 from such funds as are legally available to the credit of Appropriation 7.657.604.000 to provide funds required for certain real property in connection with the site of the proposed Bayview Stadium, the acquisition of which will provide land for public park purposes including the Bayview Stadium, public off-street facilities and access road to and therefrom.

(4) Restoration of the Palace of Fine Arts, Assembly Bill 1400

Mr. Funke submitted a written report outlining conditions of Assembly Bill 1400, which provides for the transfer of the Palace of Fine Arts properties to the State of California. The report set forth the estimated rehabilitation costs which Architect William G. Merchant had compiled in 1952. These cost estimates, in the present market, increase the rehabilitation total of $4,340,000.00.

It proposed that the Commission recommend a bond issue limited to matching State funds in the amount of two millio dollars. The Commission delayed action on the report pending receipt of the City Attorney's opinion on the legality of transfering title of the Palace of Fine Arts properties to the State; the report to be reconsidered at the December 12th meeting.

(4) Landscape Maintenance Costs - Merced Library

Landscaping and Maintenance at Merced Library

In answer to a further inquiry from Lawrence J. Clarke, City Librarian, Mr. Funke reported that the staff estimates the cost of landscape maintenance for the new Merced Branch Library at approximately $1,560.00 per year. The Commission heard an itemized accounting of cost from Mr. Foehr, Superintendent of Grounds and instructed the Secretary to advise Mr. Clarke of the funds required from his Commission for the Recreation and Park Department to undertake the maintenance work.

(5) New Proposal for Show Boat Fort Sutter

Mr. Barney Gould appeared before the Commission, submitting a letter and an accompanying statement outlining a new proposal for the renovation and operation of the old river-boat, Fort Sutter, which remains in a deteriorated, beached condition at Aquatic Park. Mr. Gould said he had been referred to the Commission by Mayor Christopher. He added

that he had turned over the business and financial management of the boat to Charles E. Johnson, a San Francisco representative of a large Los Angeles construction company reported to be interested in financing the Fort Sutter. President Sutter told Mr. Gould that the Commission would be willing to consider his proposal if he could give substantial evidence of sound financial support and ability to perform.

The letters were filed for the record and the matter held for future consideration.

ADJOURNMENT

(1) In Memoriam - Julius L. Girod

On motion of Commissioner Herz, seconded by Commissioner Moore, the meeting was adjourned out of respect to the passing of Mr. Julius L. Girod, Superintendent of Parks, and the following resolution was adopted:

Res. No. 2911

In Memoriam - Julius L. Girod

Resolution No. 2911

WHEREAS, Julius L. Girod, Superintendent of Parks for the City and County of San Francisco, has been summoned by his Creator and

WHEREAS, Julius Girod's sudden death concludes an honorable career of 43 years as a member of the Park Department during which time he gave unstintingly and unselfishly in the interests of the City he knew and loved so well, and

WHEREAS, Julius L. Girod, because of his proved ability in creative landscaping and horticulture, was selected by the great John McLaren as his first assistant and in succeeding John McLaren, carried out the traditions of the master, so that today in its world-famous Golden Gate Park and its many stately and well-groomed parks and squares, Julius L. Girod has left to his beloved city of San Francisco a legacy of lasting beauty, and

WHEREAS, the untimely death of Julius Girod has saddened the host of friends who knew him and loved him,

NOW THEREFORE BE IT RESOLVED that when the Recreation and Park Commission adjourns this day it does so out of respect to the memory of the late Julius L. Girod, and the Secretary is directed to tender a suitably engrossed copy of this resolution to Mrs. Vivian Girod, widow of the late Julius L. Girod, as an expression of this Commission's heartfelt sympathy.

* * * * * * * * * * *

At the request of President Sutter all in attendance arose and remained standing for a minute of silent respect in memory of Mr. Girod.

COMMUNICATIONS

(1) From Philip L. Rezos, Director of Property, submitting for approval and submission to the Board of Supervisors, a resolution authorizing purchase of lands required for McLaren Park.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 2912

McLaren Land Purchase

Resolution No. 2912

RESOLVED, that this Commission approves for submission to the Board of Supervisors a resolution authorizing purchase of certain properties required for McLaren Park:

From	Lot	Block No.	Amount
Stanley J. Koralewski	3-A	6111	$3,500.00
Dino Fabbri (et ux) (Portions of	7 8	6063	11,200.00
Dino Fabbri (et al)	12	6065

	16	6138	
	3	6142	
	13	6105	6,500.00
		(Total)	$21,200.00

The Secretary stated that the Director of Property reports 29 remaining land ownerships to be settled to complete the purchase of McLaren Park properties. These owners hold approximately 4% of the total park acreage. A detailed report on the estimated cost of the property to be acquired will be submitted by the Director of Property prior to the next meeting.

(2) From Robert A. Roos, Jr., requesting permission to conduct the San Francisco City Golf Championship Tournament under the sponsorship of his firm, to be played on the municipal courses on seven days during the month of February and five days during the month of March 1958. Mr. Funke recommended approval reporting that the arrangements conformed with previous tournaments. On motion of Commissioner Gallagher seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2913

Roos Bros. Golf Tournament

Resolution No. 2913

RESOLVED that this Commission does hereby authorize the firm of Roos Brothers to sponsor and conduct San Francisco City Golf Championship Tournament on municipal courses on the following dates: February 7, 8, 9, 15, 16, 22, 23 and March 1, 2, 8, 9, 15, 1958

Pioneer Park Pole Line

(3) From Leo T. McKelvey, Division Land Supervisor, Pacific Gas & Electric Co., requesting permission to install a pole line in Pioneer Park South of Greenwich Street and west of Montgomery Street, in order to maintain service at two private residences on those streets. Mr. Harman, Supervising Engineer, reported his objections to the proposed installation and on motion of Commissioner Moore, seconded by Commissioner Gallagher the proposal was rejected for the reasons herein stated that the installation would necessitate the removal of trees from the park and that it would detract from the park's appearance. As an alternate measure the electrical service could be installed by use of underground conduit.

No. 1 Baseball Diamond, Funston Playground

(4) From Al Harman, Secretary, Old Timers Baseball Association of San Francisco, proposing that #1 baseball diamond at Funston Playground be named in honor of the late Edward "Spike" Hennessy, a former city recreation director at Funston Playground and recognized baseball coach and instructor of many young men who later became major league baseball players. On motion of Commissioner Coffman, seconded by Commissioner Moore, the foregoing proposal was referred to Commissioner Parr, Chairman of the Special Committee on Monuments and Memorials, for review and reconsideration.

Stained glass windows at Hayes Valley Recreation Center

(5) From Reverend Arne O. Nilsen, Minister, Central Methodist Church, inquiring whether it would be possible to salvage the stained-glass windows at the old recreation center at Hayes and Buchenan Streets which is soon to be demolished. Reverend Nilsen contemplates saving the sentimental and practical value of these windows by using them in the new church and chapel that are soon to be built by his parishioners. The Secretary reported the wrecking contractor could be instructed to salvage the stained glass windows prior to demolition of the building but it would then be necessary to dispose of them in accordance with legal procedures. Under city regulations it is most probable that the windows would be advertised for sale by public auction conducted by the Purchasing Department.

The Commission directed that the windows be salvaged prior to demolition and that Reverend Nilsen be informed and notified of the city regulations regarding disposal of them.

(6) From Robert J. Dolan, Acting Clerk of the Board of Supervisors, advising that the Police Committee of the Board of Supervisors has asked to be informed regarding the availability of any land under the jurisdiction of the Recreation and Park Commission,

COMMUNICATIONS (Cont'd).

Request for Drag Strip

which may be used to establish and operate a Drag Strip for hot-rod activities.

Mr. Funke reported that a diligent review of all park properties disclosed no parcel of park land suitable for use or conversion for the drag strip. The Secretary reported further that Police Chief Frank Ahern, by letter expressed his opposition to the establishment of a drag strip within the city limits.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the Secretary was directed to so inform the Board of Supervisors.

(7) From Mayor George Christopher, referring to the Commission a communication from Mr. Victor P. Morabito - 49ers, in which he submits several proposed amendments to the present rental agreement of Kezar Stadium together with data relating to rental policies at other stadia. Mr. Morabito had requested and was granted permission to appear at the Commission Meeting of December 12, 1957. Subsequently Mr. Morabito requested a postponement of his appearance to the first meeting of January 1958.

Commissioner Coffman reported that the 49ers' proposal has been taken under consideration and is being reviewed along with the stadium practices and policies in other areas.

President Sutter thanked Commissioner Coffman and asked him to continue his consideration of the matter as Chairman of the Kezar Committee.

(2) Palace of Fine Arts

The Commissioners discuased the staff memorandum submitted by Mr. Funke on November 27, 1957. The report gave an up-to-date cost estimate for the rehabilitation of the Palace of Fine Arts buildings of $4,340,000.00 and further recommended that the city carry out its participation under the terms of Assembly Bill 1400 by submitting to the electorate in June 1958 a Bond Issue in the amount of $2,000,000.00 with which to match the State's contribution of $2,000,000.00. The Secretary reported that the City Attorney's opinion regarding the legality of the transfer of title of the Palace of Fine Arts to the State would be forthcoming in a matter of days and that it is not anticipated that there will be any legal technicalities which cannot be overcome.

Mr. Ted Reynolds, Executive Director of the Palace of Fine Arts League, appeared before the Commission and stated his organization's desires to carry out a campaign designed to secure the passage of the proposed Bond Issue for the rehabilitation of the Palace of Fine Arts. Mr. Reynolds said that his group would require a reasonable period of time to develop plans for the ultimate uses of the Palace of Fine Arts, a plan which they consider necessary if the Bond Issue is to meet with success.

In view of the time which Mr. Reynold's group requires to prepare plans it is his belief that the Palace of Fine Arts Bond Issue could best be presented and receive greater support at the general election in November 1958. He intended that his group would seek an audience with the Mayor to further discuss this recommendation.

In order that the Mayor would have a full and up-to-date account of the Palace of Fine Arts matter, on motion of Commissioner Moore, seconded by Commissioner Herz, the Secretary is directed to write to His Honor, the Mayor, submitting a copy of the staff memorandum not as a recommendation, but for the Mayor's information and review together with an account of the Palace of Fine Arts League's intentions.

(4) Approval of Quitclaim Deed

Mr. George Harman, Supervising Engineer, submitted a report on a property line dispute affecting the westerly boundary of Silver Terrace Playground from Silver Avenue southeasterly toward Blanken Street. When this property was acquired by the City in 1950 it developed that an error existed which had existed from the time when the subdivision was first made and by 1954, A survey has been made by Mr. William Wright, a licensed land surveyor, which clearly sets out the property boundaries. As there

is equal claim by the City and Mrs. Mozzetti over the disputed property, a quitclaim deed from each party dividing the property down the center line offers an equitable settlement.

The Secretary read a letter from Mrs.Attilia Mozzetti, agreeing to the exchange of quitclaim deeds which signify that the bulkhead wall on the westerly boundary of Silver Terrace Playground shall become the common property line.

On motion of Commissioner Moore, seconded by Commissioner Herz, the following resolution was adopted:

Approval of Quitclaim Deed to Mrs.A. Mozzetti, owner of property adjoining the westerly boundary of Silver Terrace Playground

Resolution No. 2926

WHEREAS, an error in the laying out of the real estate subdivision in the Silver Terrace District in 1859 resulted in a property line dispute affecting the westerly boundary of the land which the City acquired in 1950 for the Silver Terrace Playground, and

WHEREAS, an independent survey of the property lines of the playground and the adjoining property owner Mrs. Attilia Mozzetti, clearly establishes both parties' property rights.

NOW, THEREFORE, BE IT RESOLVED, that this Commission authorizes the granting of a quitclaim deed to Mrs.Attilia Mozzetti, of all property lying westerly of survey line shown on the map of William J. Wright, land surveyor, Assessor's Block Nos. 5402 and 5396, Job No. 7062, dated November 26, 1957; and directs that a quitclaim deed be accepted from Mrs. Mossetti of all property east of the above mentioned survey line; and that the Director of Property of the City and County of San Francisco be and is hereby authorized to proceed with the filing of said quitclaim deed and the performance of such other procedural actions as may be necessary to legally and officially complete this transaction.

(5) Storyland

Mr. Funke recommended the award of a design contract to Mr. Donald T. Clever, Designer, to construct 21 special exhibits for Storyland in accordance with the sketches furnished by J. Francis Ward, Architect. The construction, painting and decoration work involved in creating these exhibits is of a professional character and extraordinary nature and could not be generally standardized for competitive bidding by construction contractors.

On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 2927

Award of Design Contract for Creation 21 Exhibits for Storyland to Donald T. Clever, for a lump sum fee of $36,977.50

Resolution No. 2927

RESOLVED, that this Commission recognizing the professional character and extraordinary nature of services required in the fabrication, painting, decorating and construction of some 21 exhibits to be placed in Unit 1 of the Storyland area does hereby award to Mr. Donald T. Clever, Professional Designer, 45 Maiden Lane, San Francisco, a contract for professional services in the fabrication, painting, decorating and construction of 21 exhibits for Storyland and in compensation for all services to be rendered under this contract the Commission shall pay to Mr. Donald T. Clever, a lump sum fee of $36,977.50, and

FURTHER RESOLVED, that the General Manager and Secretary be authorized to negotiate said contract for and in behalf of this Commission.
